JMXMA

JAPANESE MOTO CROSS MANUFACTURERS ASSOCIATION
HONDA · KAWASAKI · SUZUKI · YAMAHA

The Japanese Moto Cross Manufacturers Association will in 1981 sponsor the British Moto Cross Championship, the National 250cc Moto Cross Championship and the National 125cc Moto Cross Championship.

Why should the worlds four leading motorcycle manufacturers join together to sponsor these championships when commercially they are in direct competition to each other ?

The answer lies in the common desire to raise the general standards of British Moto Cross to a level more readily acceptable to the general public. In the short term, the JMXMA aim to improve both track facilities and racing standards with a view to attracting more spectators and thereby increase public awareness of Moto Cross as an enjoyable and exciting spectator sport.

In the long term the JMXMA hope that by raising both the level of facilities and public interest, major sponsors will be attracted to British Moto Cross and provide the high level of support and exposure that it truly deserves.

THE JMXMA WISH TO THANK THE AUTO CYCLE UNION AND THE ORGANISING CLUBS OF THE BRITISH CHAMPIONSHIP TITLE ROUNDS FOR THEIR CO-OPERATION AND TO TRIALS AND MOTO CROSS NEWS FOR THEIR SUBSTANTIAL PROMOTIONAL SUPPORT.

ARC

ARC Southern wish every success to Mortimer and District Motor Cycle Club, organisers of the World Championship Side Car Event. At Beenham Park, and at countless other sites up and down the country, ARC has extracted sand and gravel for many local development projects. For foundation materials, for processing into Premix ready mixed concrete and for construction work. But that is only part of the picture. As Britain's largest producer of aggregates ARC has a clear policy on reclamation of worked out pits. They may be filled and returned to agriculture or for building, or, developed for sports and leisure use.

We make more of Britain's natural resources
