## PROUDLY PRESENTS THE 1982 125cc AND 250cc NATIONAL MOTOCROSS CHAMPIONSHIPS

The four major motocross manufacturers have again joined together for 1982 in order to promote a healthier future for motocross sport. We look forward to exciting racing in both the 125cc and 250cc Championships and hope our assistance will enable both clubs and spectators to appreciate the potential of our sport.

The Mortimer M.C.C. on behalf of our sport would like to thank J.M.X.M.A. for their support at this years events.

As this Season reaches its finale today we can look back over an exciting, tough series. Two new circuits, at Knighton and Hawkstone, provided some very different conditions, with a mudbath at Knighton and the tough going at Hawkstone in deep sand. It was at Hawkstone that Doug Fox and John Cooper grabbed their chance to dominate this years championship. Up till then it had been a very close run-in between Fox, Millard, Good and Morris. As the series paused for The World Championship round at Frome, when Doug and John dominated the qualifying times and then went on to win the second race it looked as if nothing could stop them. At Weardale however the Millards raced to two of the largest victories ever seen in a championship event run in ideal conditions. Winning two races by over half a lap from Fox and the Gibson Boys. Since that time it has been Kim Logan and Martin Wiggins that have cleaned up the home events and have even given Fox a good run for his money. We will all know the results from Newbury just a week ago and can surely look forward to an exciting days Motocross in both the main championship events and also the support sidecar series as several crews fight it out to join the top 25. A special mention here must go to Barry Williams who in his first season as a driver should by now be crowned Support Champion only one year after being British Champion Passenger.

The Best of Luck to all todays competitors and lets hope we will all be back again next year.  
DAVE ALLEN

#### WARNING

**MOTOR SPORT IS DANGEROUS AND PERSONS ATTENDING THIS MEETING DO SO ENTIRELY AT THEIR OWN RISK**

It is a condition of admission that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles, are absolved from all liability arising out of accidents howsoever caused resulting in damage and/or personal injury to spectators or ticket holders.

Welcome to the final round of the JMXMA 125cc National Championship which is the final championship meeting of the 1982 season, and what a climax!

Dave Thorpe having already won the 250cc championship would dearly love to make it a 1-2 for Kawasaki in what is possibly his last ride for the Japanese factory before his departure to another Japanese factory and this time HONDA.

Another rider who has also set his heart on the same trophy is another Kawasaki rider Paul Hunt, who before the last round was only 2 points behind Pete Mathia driving a YAMAHA, and one is assured of a definite tussle between these two riders.

However, one must never under estimate the in form Roger Harvey who needs virtually a miracle if he is to split the Mathia-Hunt domination at the head of the table, but he will never give in and if his race here last year with Dave Thorpe is anything to go on, then we could expect some surprises. His hugeley compatriot Rob Hooper is only 2 points behind Harvey and he would love to put one over his neighbour - so look out for friendly but hot rivalry there!

Many other names come to the fore, but just watch some of the young ex-schoolboys who are here today and mark my words - one of them could just upset the establishment!

\*Let's see! The important thing is that if the racing is good, I hope that it will bring you all back for future events.

\*Just to add further excitement to todays event all Championship points scored will be doubled.

DAVE SMITH

ARC Southern wish every success to Mortimer Motor Cycle Club, organisers of the British Championships. At Beenham Park, and at countless other sites up and down the country, ARC has extracted sand and gravel for many local development projects. For foundation materials, for processing into Premix ready mixed concrete and for construction work. But that is only part of the picture. As Britain's largest producer of aggregates ARC has a clear policy on reclamation of worked out pits. They may be filled and returned to agriculture or for building or developed for sports and leisure use.
