Restricted-Novices

Competitors at the beginning of their career in karting compete with black number plates and white numbers in all classes.

Every driver competes in a practice session followed by qualification heats in which points are scored towards achieving a final grid position. Awards are given to top competitors in the grand finals.

Heat grid positions are pre-determined by receipt of entry.

Karting is administered by the RACMSA and is the most rapidly expanding branch of motorsport in the UK.

Although ultra competitive, I am sure you will notice the friendship and amateur spirit between the drivers, both on an off the circuit.

Buckmore Park Kart Circuit has been completely redeveloped over the last five years and with a modern clubhouse, office and toilet facilities, has enabled this beautifully surrounded venue to successfully promote British Championship events over the last five years.

The extended 900 metre circuit is available for hire in three lengths, either the 300 metre Junior Loop, 600 metre Club circuit or the full international venue. Ten hire options are available with four different types of kart. General practice for 2 strokes is confined to pre-race Wednesdays and selected week-end dates, while 4 stroke practice is available mid-week and on selected Wednesday evenings. All dates are published in advance. **ALWAYS CONFIRM TRACK AVAILABILITY TO SAVE A WASTED JOURNEY.**

Children's Fun Karts, single engined leisure karts, twin engined Pro Karts and 100cc competition karts are available for hire to both individual and groups. Children's birthday parties a speciality. The circuit is also the base for the famous Bill Sisley Kart Racing School. Arrive 'n' Drive, Sprint and Endurance corporate events a speciality.

Most sessions are covered by our computerised lap scoring system and CCTV system.

An information pack on all the activities available can be obtained from the circuit office, please contact Dawn Wymark, Sales Executive.
