KART RACES

LYDD INTERNATIONAL RACEWAY

5th September 1999
Timetable of Events (Contd.)

B Finals

Race 31	Cadet	(B Final 1)	Grid A
Race 32	Junior TKM	(B Final 1)	Grid B
Race 33	Formula Rotax 125	(B Final 1)	Grid A

A Finals

16.00 Race 34	100C/Green	(A Final 1)	Grid B
Race 35	Cadet	(A Final 2)	Grid A
Race 36	Junior TKM	(A Final 3)	Grid B
Race 37	Classic Blue	(A Final 4)	Grid A
Race 38	Europa	(A Final 5)	Grid B
Race 39	Junior Rookie	(A Final 6)	Grid A
Race 40	Senior TKM	(A Final 7)	Grid B
Race 41	Rotax	(A Final 8)	Grid A

For those unfamiliar with the process of B and A Finals. Following the heats, the 20 competitors in a class who have the best (lowest) points scores will progress directly to their class A Final. The remaining competitors in a class will contest that classes B Final. The top 4 finishers in a B Final will then be permitted to start their class A Final from the rear of the grid (i.e 1st in B Final starts in 21st place, 2nd starts in 22nd place and so on).

Note:

Although Junior Rookie competitors have been included with Junior TKM competitors for their heats, They will contest their own, seperate final.

Please:

There are a great many competitors here for todays event. Whilst we have endeavoured to provide you all with 3 heats and a final we need the co-operation of all of you to ensure that we get through the days programme.

Regretably, if we suffer inclement weather we shall probably be forced to run just 2 heats and the final(s) for everybody or we shall run out of time - Fortunately, as I write this on Thursday evening, the forecsat weather is Fine and Dry.

POSTCARD FROM PLANET LYDD**Welcome**

I would like to begin this months epistle by welcoming all competitors especially the many competitors, new to Lydd, that are taking part in todays events. I hope that you managed to navigate the universe and find Planet Lydd without too much trouble.

We have a packed programme today and I ask for the assistance and co-operation of all competitors in ensuring that we complete todays events at a sensible time. Please be ready on the dummy grid appropriate to your race - the timetable nearer the front of the programme indicates approximately where we should be upon each hour.

Congratulations

Just a quick note to offer our congratulations to erstwhile club member and Rotax competitor John Holmes. During the weeks that have passed since the August meeting John is now a couple having got married. Infact John has even shortened his honeymoon to race this weekend - Please all of you Rotax competitors be kind to him today as I am sure that he is somewhat weary.

Rotax Max - Super Sumo

With the rapid rise in popularity of the Max class in this particular neck of the woods and the increase in not only the number, but also the physical size of competitors we have inevitably been asked about the possibility of a big boys division. In order to gain data to determine a possible weight break we are weighing all competitors here today. Please assist us in order that we can take some sensible data to the authorities controlling the class.

And Finally

The tail piece of this months postcard is an advertisement on behalf of our circuit shop - TRACKSIDE. Those of you who have known Michael for any period will now how he likes to store large quantities of karting bits. Peter has been having a sort out and for this weekend is offering a range of unusual barrels, cylinder heads and other "objects peculiar". Many will be particularly useful to the Classic Blue competitors here today.

If you have a few minutes to spare take a rummage through the array of

"Trackside Trinkets"

Each box can be yours in exchange for a £10 beer voucher

Chris Hilder - Secretary
