WELCOME TO STAVERTON

For our second Staverton Road Race meeting of the 1973 season we are again favoured with entries from many of the country's leading riders and have no doubt that the racing today will be of the same high standard that we have enjoyed in the past. Those of you who came to our March meeting will know what a successful event that was; we consider it the best that we have had for a long time but, with the support which we are getting from competitors and spectators, we are hopeful of still further improvements. In March we altered the hairpin which had the effect of slightly lengthening the circuit. Today we have returned the circuit to its original lay-out so, given dry weather, we are confident that lap records will go by the board, as old rivalries are renewed between Rod Scivyer, Roger Corbett, and other well known "stars" too numerous to mention by name. But watch out for the "up and coming" riders who are regularly battling it out for the first six places and the riders further down the field whose keen riding often produce most exciting sport. We hope that spectators will remember to give them all a well deserved wave on their slowing-down lap. After all, although the competitors enjoy their racing, it cost them a lot in money and hours spent preparing their machines so please let them see that their efforts are appreciated. Finally to all of you, riders, mechanics and spectators, thank you for coming, have a good day and hope to see you all again at our Trophy Meeting here on Monday August 27th.
