Welcome to R.A.F. Thorney Island. This meeting is by kind permission of the Commanding Officer, Group Captain S. Slater, D.S.O., O.B.E., D.F.C.

---

Thorney Island is an operational air-field and planes may be taking off and landing during the day. Please remain in the enclosures in the vicinity of the racing circuit. Do not enter any part of the airfield as police dogs are on patrol and you may be apprehended by the police. All aircraft dispersal areas are out of bounds.

Thank you

---

## **SOME INTERESTING INFORMATION ON KART RACING**

All Karts are powered by 2 stroke engines. Class 1 Karts have direct drive from engine to wheels. Class 4 Karts have a clutch and usually a 4 speed gear-box. Karts are classified according to engine costs and are recognisable by different coloured number plates.

Engine tuning and preparation is permitted within R.A.C. Regulations but, without exception, ALL must use standard petrol as available from any garage pump.

Much midnight oil is burned by the drivers in their preparations and racing today will be close and exciting as much prestige is at stake.

---

---

### WARNING

**Motor Racing is Dangerous.** It is a condition of entry that all personnel having any connections with the promotion and/or organisation and/or conduct of the meeting including the drivers and owners of vehicles and owners of the land are absolved from all liabilities arising out of accidents causing damage or personal injury (fatal or otherwise) howsoever caused to spectators or ticket holders.

Today's racing is unique because the trophies awarded in the R.A.F. 50th Anniversary Races will become the treasured possessions of the winners as they will never be able to repeat their achievement again.

---

The circuit today is a new extended one and is 1000 yards long with a straight of 140 yards. It has never been raced before and today will see the setting up of new lap records for all classes and at subsequent meetings drivers will be endeavouring to break these records. Close and exciting racing is assured.

---

The next Kart Race meeting at Thorney Island is July 8th. Make a date now !

---

Ladies and Gents toilets are at the rear of Race Control.

## FIFTIETH ANNIVERSARY OF THE R.A.F.

Viscount Lord Trenchard was the man who will be long remembered as the Father of the R.A.F., particularly in this 50th anniversary year, for it is the result of his work and determination that the Royal Air Force was formed on April 1st, 1918 amalgamating the Royal Naval Air Service and the Royal Flying Corps.

Individual operations of the R.N.A.S. and the R.F.C. during World War I indicated a clear need for an integrated air force and, despite fierce opposition from the Army and Navy, the ROYAL AIR FORCE was inaugurated.

The responsibility for the air defence of Great Britain and support for the Royal Navy and Army became that of the R.A.F., and we look back with justifiable pride and satisfaction on this, our 50th Anniversary Year.

## RACE MEETING

---

We trust you have enjoyed today's racing promoted by the Chichester K.C. and the Thorney Island K.C. It is our endeavour to secure a permanent racing circuit in the proximity of West Sussex/East Hampshire to further and promote the sport of Kart Racing and to offer recreational and constructional facilities to all ages of youth. We receive many enquiries from youth clubs and organisations and cater to the best of our abilities to accommodate them. We trust and hope that one day the County Councils concerned will realise the need to co-operate with us in establishing a permanent rendezvous and thus assist in providing the means for youthful exuberance and spirit of adventure to be safely channelled into controlled outlets. We heartily congratulate the Lancashire County Council in their farsightedness in promoting a circuit at Morecombe which is proving a huge success.

Any ideas or views on this subject will be appreciated. Please contact the Racing Secretary:

## POINTS TO NOTE

The British team selection was made on March 24th on performance. Some of these drivers are here today.

---

Watch out for the "Little Green Men"—these are the British Team. They wear green overalls and crash helmets.

---

Race 9 in your programme should be a very 'hairy' affair, new lap records will be set up.

---

We are holding a Chichester K.C. race meeting at Oaklands Park, Chichester, on Sunday, April 21st.

---

Les Shepherd, a member of C.K.C. is the Class 4 champion of 1967. Racing here today.

---

A new type of engine, the 'Suzuki' with a 5 speed gear-box and twin cylinders is making a debut. Should be interesting to see.

---

If you go to work on an egg be sure to pull out the yoke when starting and everything will be all *wite*!

---

Happy birthday if it's your birthday and congratulations if it's your wedding anniversary. Hope you have had fun. See you all again at Thorney July 8th.
