1st Winner Paul Feltham

Hello and welcome to our second scramble of the year. We had a sad start to the year with the loss of our passionate racing Chairman, Stuart Hacker. Also, long term club supporter and retired racer, Andy Feltham, who our workers will be racing to commemorate again today. I would like to thank our land owners, all of our officials, marshals, riders, spectators and behind the scenes helpers for their continued support, which has meant the club has had another successful year. It would be great if as many of you as possible could stay to help dismantle the track...many hands make light work! Hope to see you all again next year. Dave Pike, Chairman

Paul Feltham - Winner of the first Andy Feltham Trophy

For those new to our sport a little explanation may help you enjoy your day.

The Pre '65 group; white numbers on black plates. Is fairly self-explanatory - Bikes manufactured prior to 1965, some modification is allowed but the bike should remain in the spirit of the period.

The pre '74 group; white numbers on green plates- up to 250cc white numbers on red plates over 250cc. Bikes manufactured prior to 1974. Both pre '65's & pre '74's groups are sub divided into two engine sizes groups.

Twinshocks; Black numbers on yellow plates. These are divided into ability groups, A being the faster group through to D for the less competitive minded rider. Engine size is not considered in these groups. Twinshocks should have - two rear shock absorbers, drum brakes and an air cooled engine. There are exceptions, such as the single shock Yamahas that you can see here today, but that opens up a whole can of worms.....
