EVERY WEDNE

THE FIRST AND BEST REPORTS

The big trials, scrambles and road races, at home and abroad, all fully reported and illustrated; eye-witness accounts brought to your breakfast table by Wednesday morning. Edited by Cyril Quantrill, *Motorcycle News* will provide the best news service that active motorcyclists, and thousands of others interested in the pastime, have ever enjoyed. The adoption of a newspaper format enables each report to receive all the space it deserves. There will be no "padding" to fill a page, nor will there be any arbitrary "cutting" to fit an article to its allotted area. Readers will get the news and views they want; and they will get it all on Wednesdays.

EASY TO READ

For those with the time to browse through more than 30 pages of current matter and over twice as many pages of advertisements, there is already more than one established and well-known motorcycle journal. *Motorcycle News* is for the man in a hurry; its bright presentation of the news—of sport, racing events, of the latest British and foreign motorcycles, and of every thing of interest to motorcyclists—will keep its readers quickly informed of all current developments.

It is the paper to read in the car, in the canteen or in the workshop. It belongs to the second half of the Twentieth Century, and will cater particularly for the riders of today, and of tomorrow.

EASY ON THE POCKET

Because it will never attempt to fulfil the dual—but to our way of thinking, opposed—roles of a newspaper and magazine, *Motorcycle News* will contain no thousands of words of clutter.

Ad.: while an annual subscription, bringing the news by post every Wednesday morning, will cost only 25s. 6d.

FULL RESULTS

Will enable all the essentials of a news story to be included in a short, easy-to-read article. *Motorcycle News* will never reduce results to absurdity.

OFFICIAL INTELLIGENCE

The decisions taken by the various official motorcycling organizations concern all motorcyclists. This paper will maintain a close liaison with the Federation Internationale Motocycliste, which frames the international rules for the sport, and with the British governing body, the Auto-Cycle Union. It will carry reports, then, on all decisions.

Then there is the Royal Automobile Club, with its special motorcycle section, which operates a learner training scheme in conjunction with the A.C.U. And for those who are interested in these and other matters, we offer a special section on "MEN AND MACHINES".

The News You Get

Away from the main headlines there are many other happenings in the motorcycle world. The man who wishes to be well-informed about all aspects of his favourite pastime must know something of them.

All he wants are the bare facts. In short paragraphs, these smaller happenings, at home and abroad.

Results of open-to-Centre sporting events, details of regulations available, information about S.C.U. and F.I.M. activities that are of interest to only certain sections of the motorcycling public; all such will find their corner in *Motorcycle News*. And its newspaper style presentation will enable readers to find the facts they want quickly.

Pictures which make news—as, for instance, this shot of Bob McEwen having his first ride on Geoff Duke's R.S.1, in the last meeting of the year at Brands Hatch.

MEN AND MACHINES
