Some details of sections used in this trial

<u>Cobbledicks:</u>	Steep rutted climb.	Solos & S/C	3	Subs
<u>Crinh Um:</u>	Used in various forms - the good riders usually clean.	S & S/C	4	"
<u>Staircase:</u>	One of the tough ones- steep stoney climb. One clean last year.	S & S/C	3	"
<u>Sallicombe:</u>	New section made by the July floods. Gully with clay base.	S S/C	3	"
<u>Jungle:</u>	Old section brought back by action of floods.	Solos only	3	"
<u>Raspberry Ripple:</u>	Flat out! straight up blind. Three cleans 1967	S & S/C	3	"
<u>Jim's Joke</u>	This section was damaged by the floods and too tough as used last year. Modified form similar to that used in 1956 Inter Centre Trial.	S & S/C	5	"
<u>George's Goyle:</u>	Not the real stuff but the rock steps will cause many a mark to be lost.	Solos	4	"
<u>Tuckers Twists:</u>	Roots and rocks.	S & S/C	3	"
<u>River Rise:</u>	Like the previous section Floods have changed it somewhat.	S & S/C	2	"
<u>Tucker's Mud:</u>	Three subs of up hill mud. Plenty of action here.	S & S/C	3	"
<u>Largworthy</u>	A really hard section- loose rock climb.	S & S/C	4	"
<u>The Climb:</u>	This is easily the most tiring section in the area. Last year saw the only clean ever- by Roger Wooldridge. This time it will require a super human effort to equal, the section being longer and possibly more difficult.	Solos only.	10	"
<u>The Litch</u>	One for chairmen.		3	"
