The Morris 1300 is *not* a small car. Granted it fits small-sized garages, poky parking spaces. But *inside*, it's roomy beyond belief. That's what a transverse engine does. Only the power of its new 1275 cc engine is unconcealed. Also available with 1098 cc engine and as a two-door. Prices from £724.0.7d. Try a free test-drive.
