WRITE UP

Mortimer M.C.C. take this opportunity to welcome you and our visitors from the continent, Holland, Germany, Sweden, to Streatley for the British Round of The International Four Stroke Team Championships. With the Dutch team winning the First Round in Holland on 10th July 1983 we hope the British team can follow this by winning today. We have in the British team good all round performers but we must remember in a team event like this, just finishing is all important to get points. With Martin Perrett (present leader in the Haynes 4 stroke championships) side lined with a broken leg we bring in Steve Finch as a replacement to team up with the rest of our boys. Remember the opposition are no push over with some great names in Moto Cross after the points.

So lets have some programme waving and encouragement for all the riders. If the Dutch round is anything to go by, we are in for some good racing.

To back this up the 125cc has nearly all the British Championship Runners in. If you were here back on 4th April you will remember the exciting races we had with these boys. With some of the top names from British Championships in the Jackpot Cup this could also keep the adrenalin flowing.

Now on to the nostalgia with the Pre 65 boys — if you can remember that far back? You will see we have some top names from the late 50s and early 60s. This is a demonstration, but boy, watch them go. Thanks go to Graham Wooding for organising the Pre 65s.

We would also like to thank Derek Joy for the Derek Joy Cup, and £50 to the top points scorer from the British Team. Thanks Derek. The Mortimer M.C.C. thank you for coming and hope you have a good days racing. Please drive carefully and slowly through the local villages when leaving the circuit.

See you all on the 16th October 1983.

MOTO CROSS SECRETARY.
MORTIMER M.C.C.

A SCALE MODEL OF YOUR HOT WATER SYSTEM

If there's scale in your kettle, hard water is almost certainly causing scale throughout your entire hot water system. Blocking your pipes. Clogging your shower head. Choking your hot water cylinder. And as a result pushing your fuel bills up by as much as 30%. Not to mention the servicing and repair costs. You pay for hard water in hard cash. However there is a solution to the problem. Install a water softener from Caterchem. The benefits you'll feel won't be just financial savings you'll feel them every time you wash and bathe. Your clothes will feel soft and smell cleaner. Softened water means soft woollens and soft skin and an end to scum rings round the bath and basin. Next time you take a bath take a close look at the scum you are sitting in and think about the luxury of bathing in pure softened water. The luxury of softened water can cost as little as £285.00p for a complete house. To find out more simply post off the coupon or telephone us.
