**Welcome to the Masters Qualifier by  
Bill Boniface, Life President, Witley & District Motorcycle Club.**

Welcome everyone to this Masters Qualifier event. Currently enjoying 50 years of membership of the Witley Club, not only is it a privilege to be asked to write the Foreward for today's programme, it is also a privilege for both our Clubs, both Witley and Horsham, to be entrusted with the organisation of this prestigious event.

Both Clubs have a grass track history going back over many years. Those that remain and can remember the thirties still enthral about the events held around the perimeter of the long defunct Guildford City Football ground.

Many more remember the great post War days at Woolgars Farm, West Horsley. Spectators came for miles on foot, bicycle, bus and the lucky few by car. The track was a bit undulating but the excitement of the racing, most riders dressed in ex-army battledress jackets and dispatch rider boots, was a sight never to be forgotten.

Through the fifties and sixties we sent the dust flying. Not the best track in the world perhaps, but some superb scraps took place at Dolly's Field at Worplesdon, on the outskirts of Guildford.

We took a rest for a while but come the eighties the Tyrrell brothers got us back on track with some fine events to the south and east of Guildford. The past few years we have teamed up with our long term friends, the Horsham Club, who have a superb grass track organising record in their own right. Today is possibly the well deserved icing on the cake for both clubs.

Not only the clubs but the riders here today have all gained their 'laurels' the hard way and are here today eager to qualify for the Masters Final to be organised by Maidstone Aces on September 18th. Today's event can open the door to becoming National Champion and an International career. I wish everyone of you, rider, organiser and helper a wonderful and enjoyable day – and may the best man win!

### Thanks . . .

We are most grateful to Mr Morris the landowner whom has kindly made this field available for our use today. **PLEASE REMEMBER**, as this is private property you are requested not to cause any damage in any way.

Spectators are forbidden on the course or in the paddock during racing.

## PROGRAMME

Scrutineering 10.00-11.15 a.m.

Practice 11.30-12.30 p.m.  
(minimum 2 laps)

Racing commences 1.00 p.m.

Event 1	Solo Qualifier
Event 2	Sidecar Qualifier
Event 3	Solo Invitation

There will be a total of 42 races including finals. The club accepts all riders' entries in good faith but inclusion in this programme cannot guarantee a competitor's appearance on the day.

### Abandonment or Cancellation

The club reserves the right to postpone, cancel or abandon the meeting, or part thereof should circumstances warrant such action. In the event of abandonment no spectators entrance monies will be refunded after seven races have taken place.

### Racing Format

Events 1 & 2 will be run over 4 points scoring legs, a semi-final and a final. At the conclusion of the legs the top 16 solos and top 12 sidecars will go forward to the semi-finals. Thereafter the top 8 solos and top 6 sidecars will qualify for the finals. The overall result will be decided by the total points scored in all races.

Event 3 will be run over 4 points scoring legs. The overall result will be decided by the total points scored.

### Jurisdiction

This event is held under the National Sporting Code of the A.C.U. and any Supplementary Regulations for Grass Track together with any final instructions that may be issued.

### OFFICIALS COLOURS

To assist identification all officials will be wearing coloured bibs. These are as follows:

Clerk and Assistant Clerk of the Course	PINK
Club Stewards	BLUE
Machine Examiners	ORANGE
Secretary of the Meeting	GREEN

## SUPPLEMENTARY REGULATIONS

All competitors who are under 18 years of age must inform the official on the signing-on table.

### Points System

**Solos:** 1st-9 2nd-7 3rd-6  
4th-5 5th-4 6th-3 7th-2 8th-1  
**Sidecars:** 1st-7 2nd-5 3rd-4  
4th-3 5th-2 6th-1.

### Ties

A tie on points at the end of the qualifying rides for first place will be decided by a run off over 4 laps. Ties in all other circumstances will be decided by a count back of greatest number of first places, second places etc. If this method fails to determine a result then a run-off over 4 laps between the competitors concerned will take place. In events where there is no final the overall result will be decided in the favour of a competitor with the highest placement in the final race or leg.

### Races

It is the responsibility of each rider to ensure they are in the correct race. For Finals the highest points scorers will have first choice of start positions.

### Protests

Riders should note that any protests or queries during the course of the meeting should be made to the Clerk of the Course and *not* the Announcer's Caravan.

### Message from the Clerk of the Course

A reminder to all competitors that we are here to enjoy a day's sport of grass track racing. I do not want to spoil anybody's day but please remember:

- If you are the prime cause of an incident resulting in a race being stopped **YOU WILL BE EXCLUDED** from the re-run.
- If you knock out track marker pegs **OR** break start tapes **YOU MAY BE EXCLUDED**.

## PLEASE REMEMBER

This event is held on Private Property and you are requested not to cause damage in any way. Spectators are forbidden on the course or in the paddock during racing. We would ask you to keep the field free from litter and refrain from entering any of the adjoining fields throughout the duration of the event.

## Warning

### MOTOR SPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

## Today's Riders

The entrants for today have been selected on the basis of the national ACU Track Racing Grading List. In the solos, starting with the top 32 from 2004, extended to exclude those seeded through to the Masters Final on the basis of their finishing position in 2004, plus those known to have retired or are currently on the injured list. The promoting Clubs have consulted closely with the ACU in compiling the programme for today.

The Grading List is of course not an exact science. There are regional disparities in levels of competition, some riders ride more often than others, some have speedway commitments as well, one or two are outstanding 350 riders who appear only occasionally in the 500s. Nevertheless, it is a useful guide and has helped to bring together a very interesting entry for today's event. At the end of the day, not only will we have winners of the Qualifier, we will also have qualifiers for this year's Final.

In the sidecars, several will have travelled considerable distances to be here today. Cornwall is strongly represented, and a few will have travelled overnight from the FIM Gold Cup at Werlte in Germany yesterday evening. In terms of the grading list, the sidecar entry represents just about all of the top outfits in the country, excluding seeded riders and absentees for other reasons, mainly injury. There is very little to choose among the top sidecars, competition for qualification places is bound to be intense.

Remember, the ACU Conditions for Solo riders in today's meeting state that apart from the top 10 finishers from the 2004 Masters Final and up to 4 Wild Cards selected by the Track Racing Committee, the remainder, up to a total of 24, plus reserves, will qualify from today's event. In the Sidecars, it is the top six finishers from 2004 seeded to the Final direct, plus a maximum of 2 Wild Cards, up to a total of 18 plus reserves.

Given that we have riders from all over the country racing today, that perhaps do not race against each other very often, the outcome is even more uncertain than usual.

### Historical Note

In the immediate post war period grass track racing in the SE Centre was dominated by Brands Hatch, advertised as "Britain's finest grass track." Racing was under the direction of the Brands Hatch Combine, a co-operative effort between Sidcup, OWLS, and Bermondsey clubs, who promoted events between April and October, once or twice a month. Racing was fast with the lap records

exceeding 50mph in 1947 rising to 54-56 mph with the advent of spring frames. The SE Centre Championships took place at Brands Hatch even though, by the late 1940s, there were the beginnings of the developments that have led to the Brands Hatch of today.

**South Eastern Centre**

The South Eastern Centre is one of the 20 Centres which form the Auto Cycle Union. It has for long been the most active of them in a sporting sense, as well as the most forward looking and innovative in many other ways.

We are grateful to acknowledge a financial contribution to today's event from Centre Funds, which has been put towards the expense of putting on this event. The SE Centre was founded in the 1920s and currently issues Permits for some 500 events each year. The Centre also provides Stewards for events ranging from closed to club trials right up to national and international grass track and moto cross. There are over 60 affiliated Clubs.

The SE Centre consists of the counties of Kent, Surrey, East and West Sussex, plus that part of Greater London south of the River Thames.

The Centre is run by a Management Committee that meets eight times a year. The minutes of those meetings are published in The Sporting Motorcyclist, a monthly magazine containing details of sporting events in not only the S.E. Centre but Southern and South Midland centres as well. Three Centre Board Meetings are held during each year at which delegates from Clubs, and Combines can propose motions, to add/amend/delete Centre Rules and can speak on matters relating to the Centre as a whole.

The SE Centre can be contacted through the Secretary Peter Burrell

**Environmental Notice**

The event today has been organised under the strict guidelines provided by the Auto Cycle Union. These guidelines have been produced with the express aim of looking after the environment and maintaining the future of all motor sport. Riders and spectators are therefore requested to comply with all instructions issued by the organisers in respect of any environmental matter.

## ... Interval ...

A chance for our officials to take a well earned break. Be kind enough to allow them to the front of any queue for refreshments. There will be announcements too of the list of qualifiers for the next stage of the competition for those wishing to keep their programmes up to date.

#### Historical Note

After the War, the Witley club were quickly back into grass track action with an event at Gomshall on 28 October 1945, admission two shillings including car park. Unfortunately no programme from that day has survived. The oldest programme still in existence so far as we know is from an event at Great Goodwins Farm, Merrow, held on 28 July 1946.

By 1947 grass track had become very popular in the South East, with 58 events in a season, and 16 organising clubs whereas today we have just 6. There is no reason why there should not be more, the main problem perhaps is not so much availability of land but not enough people ready to come forward to put on events.

In 1960 Dickie Dale was 250 Southern Centre Novice Champion riding a 250 Ariel. Geoff Urban (in action here today) also was Southern Centre Novice Champion in 1992 on a 250 Godden Honda – both current Witley members.

Surprisingly enough, some of the best known Witley grass trackers were sidecar drivers, including Bert Brett, SE Centre Speed Shield Champion in 1955 and 1964, Don Mussell, Ray Blackall, and Chris Tyrrell.
