Welcome to Folkestone Trials' Club 'New Year' fund-raising trial for the benefit of Jack Sheppard and Ben Morphett. The idea behind this trial was to support these two up and coming youth riders in their national, European and world aspirations. We all know how expensive it is for both these riders who get little financial support outside their parents input. This trial is our way to express our support and help and all net proceeds from this trial including sponsorship will be split equally to both riders.

I would like also to say a big thank you to all our sponsors who have given generously to help both riders. In particular Eileen and Jim Connor for their use of this wonderful venue Hook Woods, for which they have spent a lot of money and time to make it one of the best trials arenas in England. It has recently staged a round of the British Trials Championship and without their help this event would not occur. We hope to set the trial out on the easy side just to ease the riders into 2010. Have a good days sport.
