

**quick-
quicker-
quickest**

The MOTOR CYCLE always goes straight to the point. Its expert team of writers and photographers knows exactly what you want and wastes no time in seeing that you get it. Every Thursday it presents the most complete picture of the important sporting events, with graphic descriptions and superb photographs. In addition, its technical, touring and hints-and-tips articles and reviews of new models are the best in the world. Get The MOTOR CYCLE every week, 8d. For car enthusiasts, The AUTOCAR is just as good on Fridays.

Your quickest way to the facts...

WARNING TO THE PUBLIC

Motor Racing is dangerous, and spectators attending this track do so entirely at their own risk.

It is a condition of admittance that all persons having any connection with the promotion and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles and passengers in the vehicles are absolved from all liability arising out of accidents causing damage or personal injury to all spectators whether they arrived by vehicle or on foot.

DO YOU KNOW?—

Where you can purchase a used motor cycle or combination without any fears of "After Sales Service" with a **FULL GUARANTEE** which covers all parts—including Electrics, Tyres, Batteries, and all labour is done by us **FREE OF CHARGE**. If you don't know, read the letter below which is reprinted from "Motor Cycling" December 31, 1953.

Unique Guarantee

I READ Mr. Jack Gorman's experiences of after-sales service on a used combination with interest, and in order to counteract the shoal of brickbats likely to be hurled against the motorcycle dealers, I would like to report my own experience.

I have bought three used machines from B.S. A. House, Cardiff, who give with every used machine a unique guarantee. They cover not only spares, but labour collection, batteries, speedometers—in fact every part of the machine—for three months from the date of purchase, thus fully safeguarding the buyer from any expense through defects.

I have had only minor troubles but in each case they were rectified free of all charge. This concern, in my experience, is unique in its guarantee interpretation and, as one of its satisfied customers, I would like to record my appreciation.

Cardiff.

R. L. CAREY.

Now you know, so don't forget, for anything connected with Motor Cycling spares, accessories, clothing, any make of new or used Motor Cycle or Sidecar, come to the largest 100% Motor Cycle depot in Wales, at—

THE COMPETITORS

- J. Baughn.** Will be riding the 125 c.c. M. V. Agusta fourstroke with which he beat John Hogan at Crystal Palace last month.
- P. A. Davey.** Returning to Aberdare after getting a real wetting at our August meeting in 1953. Started the season well by coming second in the 350 c.c. at Cadwell Park.
- G. R. Dunlop.** Welcome to Wales, Gavin! Gavin is a New Zealander who came second in 1954 Senior Manx Grand Prix. Shows a promising start this season with second places at Thruxton, Snetterton and Aintree with his 350 c.c. A.J.S.
- J. Eckart.** Has ridden his 250 c.c. Excelsior into second place at Oulton Park.
- P. Ferbrache.** The rider with a formidable array of machinery, who enjoyed his day at Cadwell Park last month, coming first in the 250 c.c. class and third in the 350 c.c.
- Brian Freestone.** Now fully recovered from his accident, this rider from Lincoln came second in the 500 c.c. class at Cadwell Park.
- J. A. Hogan.** Brings brother Peter with a 250 B.S.A. 'twin'. John rides an M.V. Agusta 'tiddler' and a British Anzani 250 c.c. which he tunes himself. He ran away with the fastest lap at Crystal Palace. Inveterate record breaker at Aberdare.
- R. E. Jerrard.** Sid Lawton's protégée of last year. Came second to John Surtees in the 350 c.c. class here last August.
- K. W. James.** A regular and very welcome rider, won the Junior Clubmen's event at International Silverstone last month.
- A. W. Jones.** The organiser of the race for 48 c.c. machines at Silverstone. Rides a 250 D.K.W. and 498 Matchless himself.
- I. I. Lloyd.** Ivor lives in Bournemouth but had the good sense to be born in Abercynon. He came fifth in the 1954 Ultralightweight T.T., and came second to John Surtees in our 250 c.c. event last year.
- R. McG. McIntyre.** Is now riding very successfully for the Glasgow firm of J. Potts, Ltd. This season's record reads—winner of the Unlimited event at Oulton Park, second 500 c.c. at Snetterton, third 500 c.c. at Silverstone, two firsts and a second at Aintree, accompanied by two 'fastest laps'.
- M. P. O'Rourke.** Came second to John Surtees on his first visit to the Park last August. Has already recorded second places at Crystal Palace and Brands Hatch this season.
- John Surtees.** His successes are too numerous to list. Every week, the motor cycling press bears headlines "John Surtees wins every event at . . ." Although only 21, John is now a member of the Norton Works team, and must be very proud of the wonderful training and 'tuning' aid given by his mother and father.
- F. Wallis.** Came third in our 350 c.c. event last August, and has started this year with a first in the 350 c.c. at Cadwell.

ABERDARE ROAD SAFETY COMMITTEE

Road

Safety

Campaign

In 1954 there were over 5,000 people killed and over 237,000 people injured on our roads.

Travelling too fast contributed to 75,000 of them.

“RULE EIGHTEEN'S WHAT YOU NEED—

SAFETY BEFORE SPEED.”

“NEVER DRIVE AT SUCH A SPEED THAT YOU CANNOT PULL UP WELL WITHIN THE DISTANCE YOU CAN SEE TO BE CLEAR. ALWAYS LEAVE YOURSELF ENOUGH ROOM IN WHICH TO STOP. AT NIGHT, ALWAYS DRIVE WELL WITHIN THE LIMIT OF YOUR LIGHTS.”

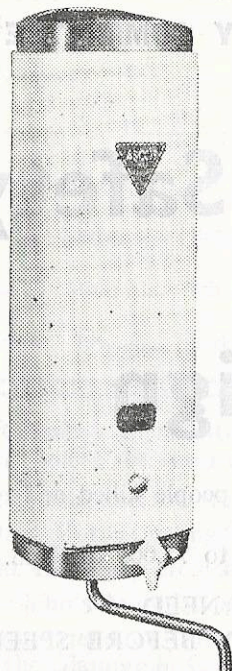

Have you ever thought about this? You often ride at 50. What is your “pulling up” distance at that speed? 30?—40?—50?—60 yards?

Yes 60 yards, but that is only on a dry, good road with good brakes. In wet weather it can easily be 120 yards. And now we are talking of the length of a football field

Think it over!

STUDY YOUR NEW HIGHWAY CODE

and follow its instructions.

ENDLESS HOT WATER!

An Ascot Sink Heater
will give you an END-
LESS stream of piping
hot water instantly.
Ascot lightens the load.
And here's why—

ASCOTS NEVER RUN COLD—no matter how
much hot water you draw.

ASCOTS GIVE INSTANT HOT WATER—at the
turn of a tap. No ashes, no dust, no work.

ASCOTS ARE SO RELIABLE—they're made in the
world's largest instantaneous gas water heater
factory.

ASCOTS ARE MISERS WITH GAS—the burners
only light up when water is actually flowing.

There's an ASCOT for every purpose in your home
