A Welcome From The Chair

What an exciting year 2014 has been for road race fans, the year is fast moving as are the races and the changes are quite fast too.

We have a change to our running commentary and slipping into his new position will be Mr Gary Gardener a commentator of some 30 years, with an amazing reputation as a very excitable guy who no doubt will keep you all entertained and informed with his wit and knowledge of the racers and racing in general. We wish our old commentator Tony Coupland well, and thank him for his services over the years.

Hopefully the weather will be kind to us this weekend we are now into our 65th year as a club and I think we deserve a dry weekend, although 65 years can sometimes seem to be a lifetime we are nowhere near retirement, far from it, please keep watch on our website and Facebook for some rather nice announcements in the very near future.

As ever we have sadly lost some racing heroes, Simon Andrews, Karl Harris, and our very own national treasure Bob Price, all of whom deserve their rightful place in the road race hall of memories they will never be forgotten our thoughts go out to their respective families.

As chairman I would like to thank the health, fire and police authorities for all of their help and their services up to and over the weekend of the races, also RCT who we hold a tremendous association with, along with SEWCED and the coalfields regeneration trust.

There are always a few groups of people who seem to be left out of the write up, the people who put the show together, the riders and the loyal followers of the national motorcycle road races at our very own Aberdare park.

I wish you all a happy enjoyable and most of all a safe race weekend.

Derek J Smith

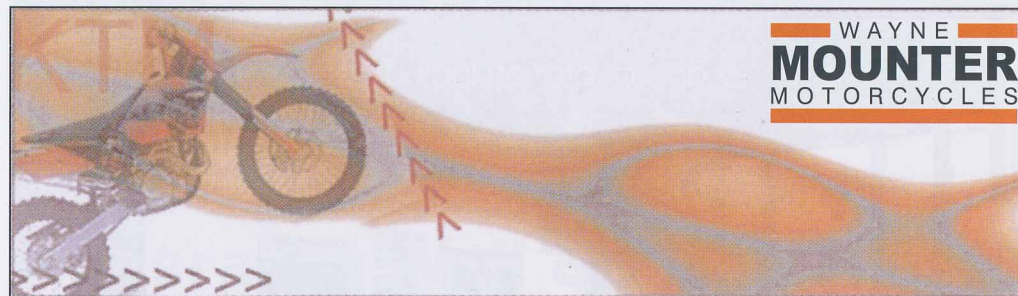

Proud Chairman AMCC

Garry Gardiner 30 years behind the mic

This year many of you will be thinking this is not our usual commentator and you would be correct in your thoughts.

As you will see during your visit this year there have been many changes to the setup, one of those includes our commentator.

We do hope you are impressed with our new voice behind the microphone, he is none other than Mr Garry Gardiner, he is a very quirky commentator who will keep you very much updated as to riders' progress and positions etc. You will find he knows everything about our racers and delights in sharing the highs and lows of their careers, he also knows their family members, wives mothers, girlfriends etc, he is an avid anorak around the race scene and so he should be, for he has been behind his microphone for no less than thirty years this year. He has a very impressive CV and lays claim to the fact he has commented at most race tracks in UK, Ireland and Isle of Man, in most disciplines including motor cross trials, super motor and karting. We can now confirm he has probably managed to achieve this as he is now part of the Aberdare crew, and is about to take part in one of the most famous events in road racing. The club would like to welcome Garry as part of our ever expanding group, and we hope he is with us for many years to come. We would like to congratulate him on 30 years in sport.

PERIODIC DRIVER TRAINING

RNA Plant is a registered Driver CPC training centre and because we realise that time is money, we can run courses flexibly in the evenings and on weekends to minimize downtime. For groups of 10 or more candidates, fees are £50 per person + Upload Fee of £8.75. While the legislation allows until September 2014 to complete 35 hours of training, it is inadvisable to leave training until then as availability may be limited. Ring us now on **0845 437 9523** to enquire about dates or register your interest.

GARTH BAKERY

Garth Bakery Ltd is a private company which has its roots firmly based in the South Wales area. The company was formed in October 1983 by its two directors Alan James and Ken Brewer. The original bakery site was a rented site at Taff's Well near Cardiff, at the time there were three vans operating from the bakery. The products for the vans were produced by two bakers, whilst the office was manned by one person making a grand total of six people when the company was first formed.

The company expanded quickly over the first three years and Alan and Ken decided to find a site for a bigger bakery. This was realised on October 4th 1987, when Garth Bakery moved to a purpose built factory at our present site. The work force at this time was twenty eight.

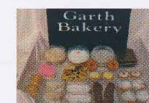

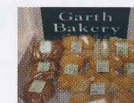

The company was still expanding mainly through aggressive selling and quality of service and products. So much so that an extension was built in 1989 to accommodate the extra business that was forthcoming. At present the company has sixteen sales routes operating from the bakery with a work force of 84 and an annual turnover of five million pounds.

Our Products

We still class ourselves as a craft bakery, although we do have some automatic machines for the large volume of products we supply. All our cakes are produced by hand to ensure the quality. Our welsh cakes and jam splits are large volume products and are all cooked by hand on one of the largest hot plates in South Wales.
