## Exhaust Sound Level

The Clerk of the Course may exclude any machine which exceeds the maximum permitted sound level, or which in his opinion is deemed to be excessively noisy. Sound checks will be conducted by an official throughout the meeting.

## Unauthorised Riding

The riding of machines of any sort in the paddock and areas surrounding the circuit is totally forbidden. Because the event is on private property it does not place it outside the Road Traffic Act in terms of insurance. It cannot be stressed too strongly, that liability for a substantial claim could rest with the owners of the vehicle and the driver (or parents in the case of a minor) in the event of an accident.

## Course Length 1.8 Km

## MOTORSPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

## THEY ARE CONCERNED WITH YOUR SAFETY

## Points System :

## Copyright

All literary matters in the official programme, including the list of competitors and their racing numbers is copyright and any person making illegal use thereof will be prosecuted. It is also a condition of admission to any event held under an A.C.U. permit that no part of the meeting can be filmed or video recorded and/or video recorded and/or video transmitted in any way without the written consent of the promoters/organisers and/or A.C.U. except for the sole purpose of private enjoyment.

WELCOME to Canada Heights at last - it has been a long Winter followed by the bitter disappointment of cancelling our Maxxis British Championship Round at short notice due to the bad weather. A lot of work was done on the track making changes and all was looking good after Dorren Coutts gave it the once over but it was not to be. We have left most of the changes in for today's event but toned down some of it for you guys.

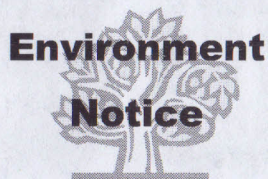

This meeting is the first where we have tested the new ACU on-line entry system which we think is the way forward. We have had some glitches and I hope you will bear with us whilst we and yourselves get used to it.

It means we have gone 'paperless' so the traditional acknowledgment of entry is not sent to you so you have to go back into your ACU membership area, check under Events and look at the riders list. We have also put the list on [www.sidcupmotorcycleclub.co.uk](http://www.sidcupmotorcycleclub.co.uk) together with the riders who have been balloted to marshal today. These were also notified by email and it is important that you make sure the notification did not go to your spam box.

Admission tickets proved to be another obstacle so we will have a system on the gate when you arrive where you sign for your allocation.

In the SEMX series we have a registered number system which costs just £5 a year and guarantees your number at all the events. It is run by Les Batten who can be contacted on 01189669303 or [lesbattenfamily@ntlworld.com](mailto:lesbattenfamily@ntlworld.com). This is the only sure way you will get the number you request when entering a meeting. If you arrive today **with the wrong numbers you will not get through scrutineering** - it just is not possible once the programme is printed and the SEMX Timing Team have entered your details into the computer system to make last minute changes so be warned. K & S our trade stand will have a supply of numbers if needed.

Our next meeting is on May 12th and the ACU on-line system is now open for you to enter.

The event today is organised under the guidelines of the ACU. Both riders and spectators are requested to comply with all instructions of the organisers in respect of environmental matters.
