Bosch is unique in being not only the No 1 European plug manufacturer but also a world leader in state of the art ignition systems.

## **NOT JUST ANOTHER SPARKLER.**

Advanced spark plug and ignition technologies have worked together to produce a range which includes the triple and triangular electrode plugs and the fuel efficient platinum tipped plugs. Together they offer increased reliability, durability and performance to practically every car on British roads. No car is foreign to us.

It's hardly surprising then, that Bosch spark plugs are designed around specific engine requirements without compromise. Every single one of the 1½ million plugs produced daily is tested to the same high quality standards. Which is why Bosch are the plugs the major vehicle manufacturers rely on – again and again.

Robert Bosch Limited, PO Box 98, Broadwater Park, Denham, Middlesex UB9 5HJ.

Dear Spectator,

Welcome to Asham Woods for the second round of the 1990 British Sidecarcross and Fourstroke Motocross Championships.

Following the first round at Rusper two weeks ago Chris Etheridge/Nick "No Hands" Brace have a useful 13 point lead over Andy House/Dean Ray following three impressive wins.

Four times British champion Paul Mallard/Jason Peters will be hoping for better results today on his home track, having collected only 34 points at Rusper.

In the four stroke championships only three points separate the top three of Greg Hanson, Lawrence Spence & Lee King with current British champion Steve How down the table with 17 points.

Have a good day - see you at Bletchington on 29/4/90 for round 3.

## TREVOR and KEVIN HOLLISTER

Passenger Kevin has been racing sidecars for the last 11 years - when he found himself without a driver at the end of '87 he persuaded his younger brother Trevor to become a driver. In '88 they won the Support Championship and in '89 finished 10th in the top 30 - with a bit more luck they could finish in the top five.

## ROY HUMPHREY and PAUL ROBINSON

Roy and Paul, both 33, have both been on the sidecar scene for many years, having both ridden with other partners. They have teamed up this year and will be hoping to improve on the three good results achieved at Rusper two weeks ago - ambition to finish in the top six of the Championship.

## PAUL MILLARD and JASON PETERS

Paul, from Frome, has been British Champion for the last four years. Mostly with brother Mark in the chair. 1990 sees Paul teaming up with new passenger Jason Peters, who although he has only been riding for four years, appears to be adapting to Pauls aggressive riding style. Their ambition is a fifth British Crown and a pespectable world rating.

## GRAHAM HERBERT and GARY BURT

Graham and Gary have both been riding in excess of five years but did not join together until 1988 when things started to happen - finishing 11th in the Championship. 1989 saw even better results with their first Championship win at Halstead and an overall position of six in the Championship. Their ambition is to win the championship this year.
