## SOMETHING OF INTEREST ON PERSONAL TRANSPORT

All of us have experienced at some time or another, the frustration of just missing public transport, of queuing in all weathers, good or bad, of finding it's a lovely weekend and not having booked a trip somewhere. Perhaps you did enjoy a day at the coast but had to stand up all the way back because the train was crowded or had to sit next to somebody you didn't like. Most likely you find a car is expensive to run backwards and forwards to work. Maybe sometimes you wish that you could pop off to wherever you fancied, instead of mooning about your own neighbourhood. Maybe you just get browned off!

All these things can be overcome by owning your own small vehicle. One which doesn't take up much room and must be light on the pocket. Our customers' ages vary from 16 to over 70 so don't say that you are too old for motor-cycling. From the Quickly moped, through the Scooters, to the big motor-cycles, there is a terrific choice of machines.

So think over these points and when you are ready come and see us at—
