- *Let the good times roll* -

102 - 106 CITY ROAD, CARDIFF

Tel: 493846, 494662

COMPETITORS:

The Route is **not** a one way road. It is used by Forestry Vehicles, Farm Vehicles, as well as being used by Officials' Vehicles. So be warned and ride with this in mind.

SUPPORT VEHICLES:

It is of the utmost importance that you make certain that your support crew and or friends do not drive around on the Forestry Roads. This is purely in the interest of the riders' safety.

FIRST AID FACILITIES:

First aid facilities and a doctor will be available at the start during the day, so if you have an injury, please contact them first. The service is supplied by the St. John's Ambulance Brigade, Brecon.

GENERAL

Competitors will drive quietly past dwellings, farms and show consideration for horse riders, walkers and other road users at all times.

Machines must remain properly silenced throughout the event, failure to do this could mean exclusion. Excessively noisy machines will **NOT** be allowed to carry on around the course.

SPECTATORS, PLEASE NOTE!

A tremendous amount of hard work and planning have gone into the organisation of this event by the club officials and in particular by the clerk of the course. Much of the event is run over land owned or managed by the Forestry Commission and thoughtless acts by spectators and support teams could jeopardise future events.

You are requested therefore to follow the Country Code by closing gates, extinguishing all matches and cigarette-ends, leave no litter and drive carefully on country lanes.

Support vehicles and spectators please park carefully so as not to obstruct through traffic or block accesses to fields or farms.

THANKS

The organisers of this annual event would like to express their appreciation to the following for their help and co-operation in running this event:

South Wales Conservancy, Forestry Commission; M.O.D. all farmers along the route; the Caerleon and District Motor Sports Club and all marshals and helpers.

Part Exchange Welcome

A large section of the course is on private land belonging to the Forestry Commission, Farmers and Ministry of Defence.

Spectators and others are specifically prohibited from riding the course in the interests of safety and co-operation with landowners.

Only travelling marshals, check marshals and those persons authorised by the clerk of the course and secretary of the meeting are permitted to ride the route.

TRAINING WEEKEND

Once again in February we will be running a Two-Day Training session.

It will consist of instruction on rider and machine preparation in the morning, in the afternoon there will be instruction on tackling various hazards that are encountered in enduros.

On the Sunday there will be an enduro of some 60 miles, which will be suitable for the less experienced rider. The weekend is aimed at the beginner and riders who have as yet not won an award.
