MORTIMER & D.M.C.C. PRESENTS THE

1961 NATIONAL **JACKPOT SCRAMBLE**

Beenham Park, 14 May

FIRST RACE 1.30 p.m.

THE
MOTOR CYCLE

YOUR FASTEST WAY TO THE FACTS—THURSDAY 9d.

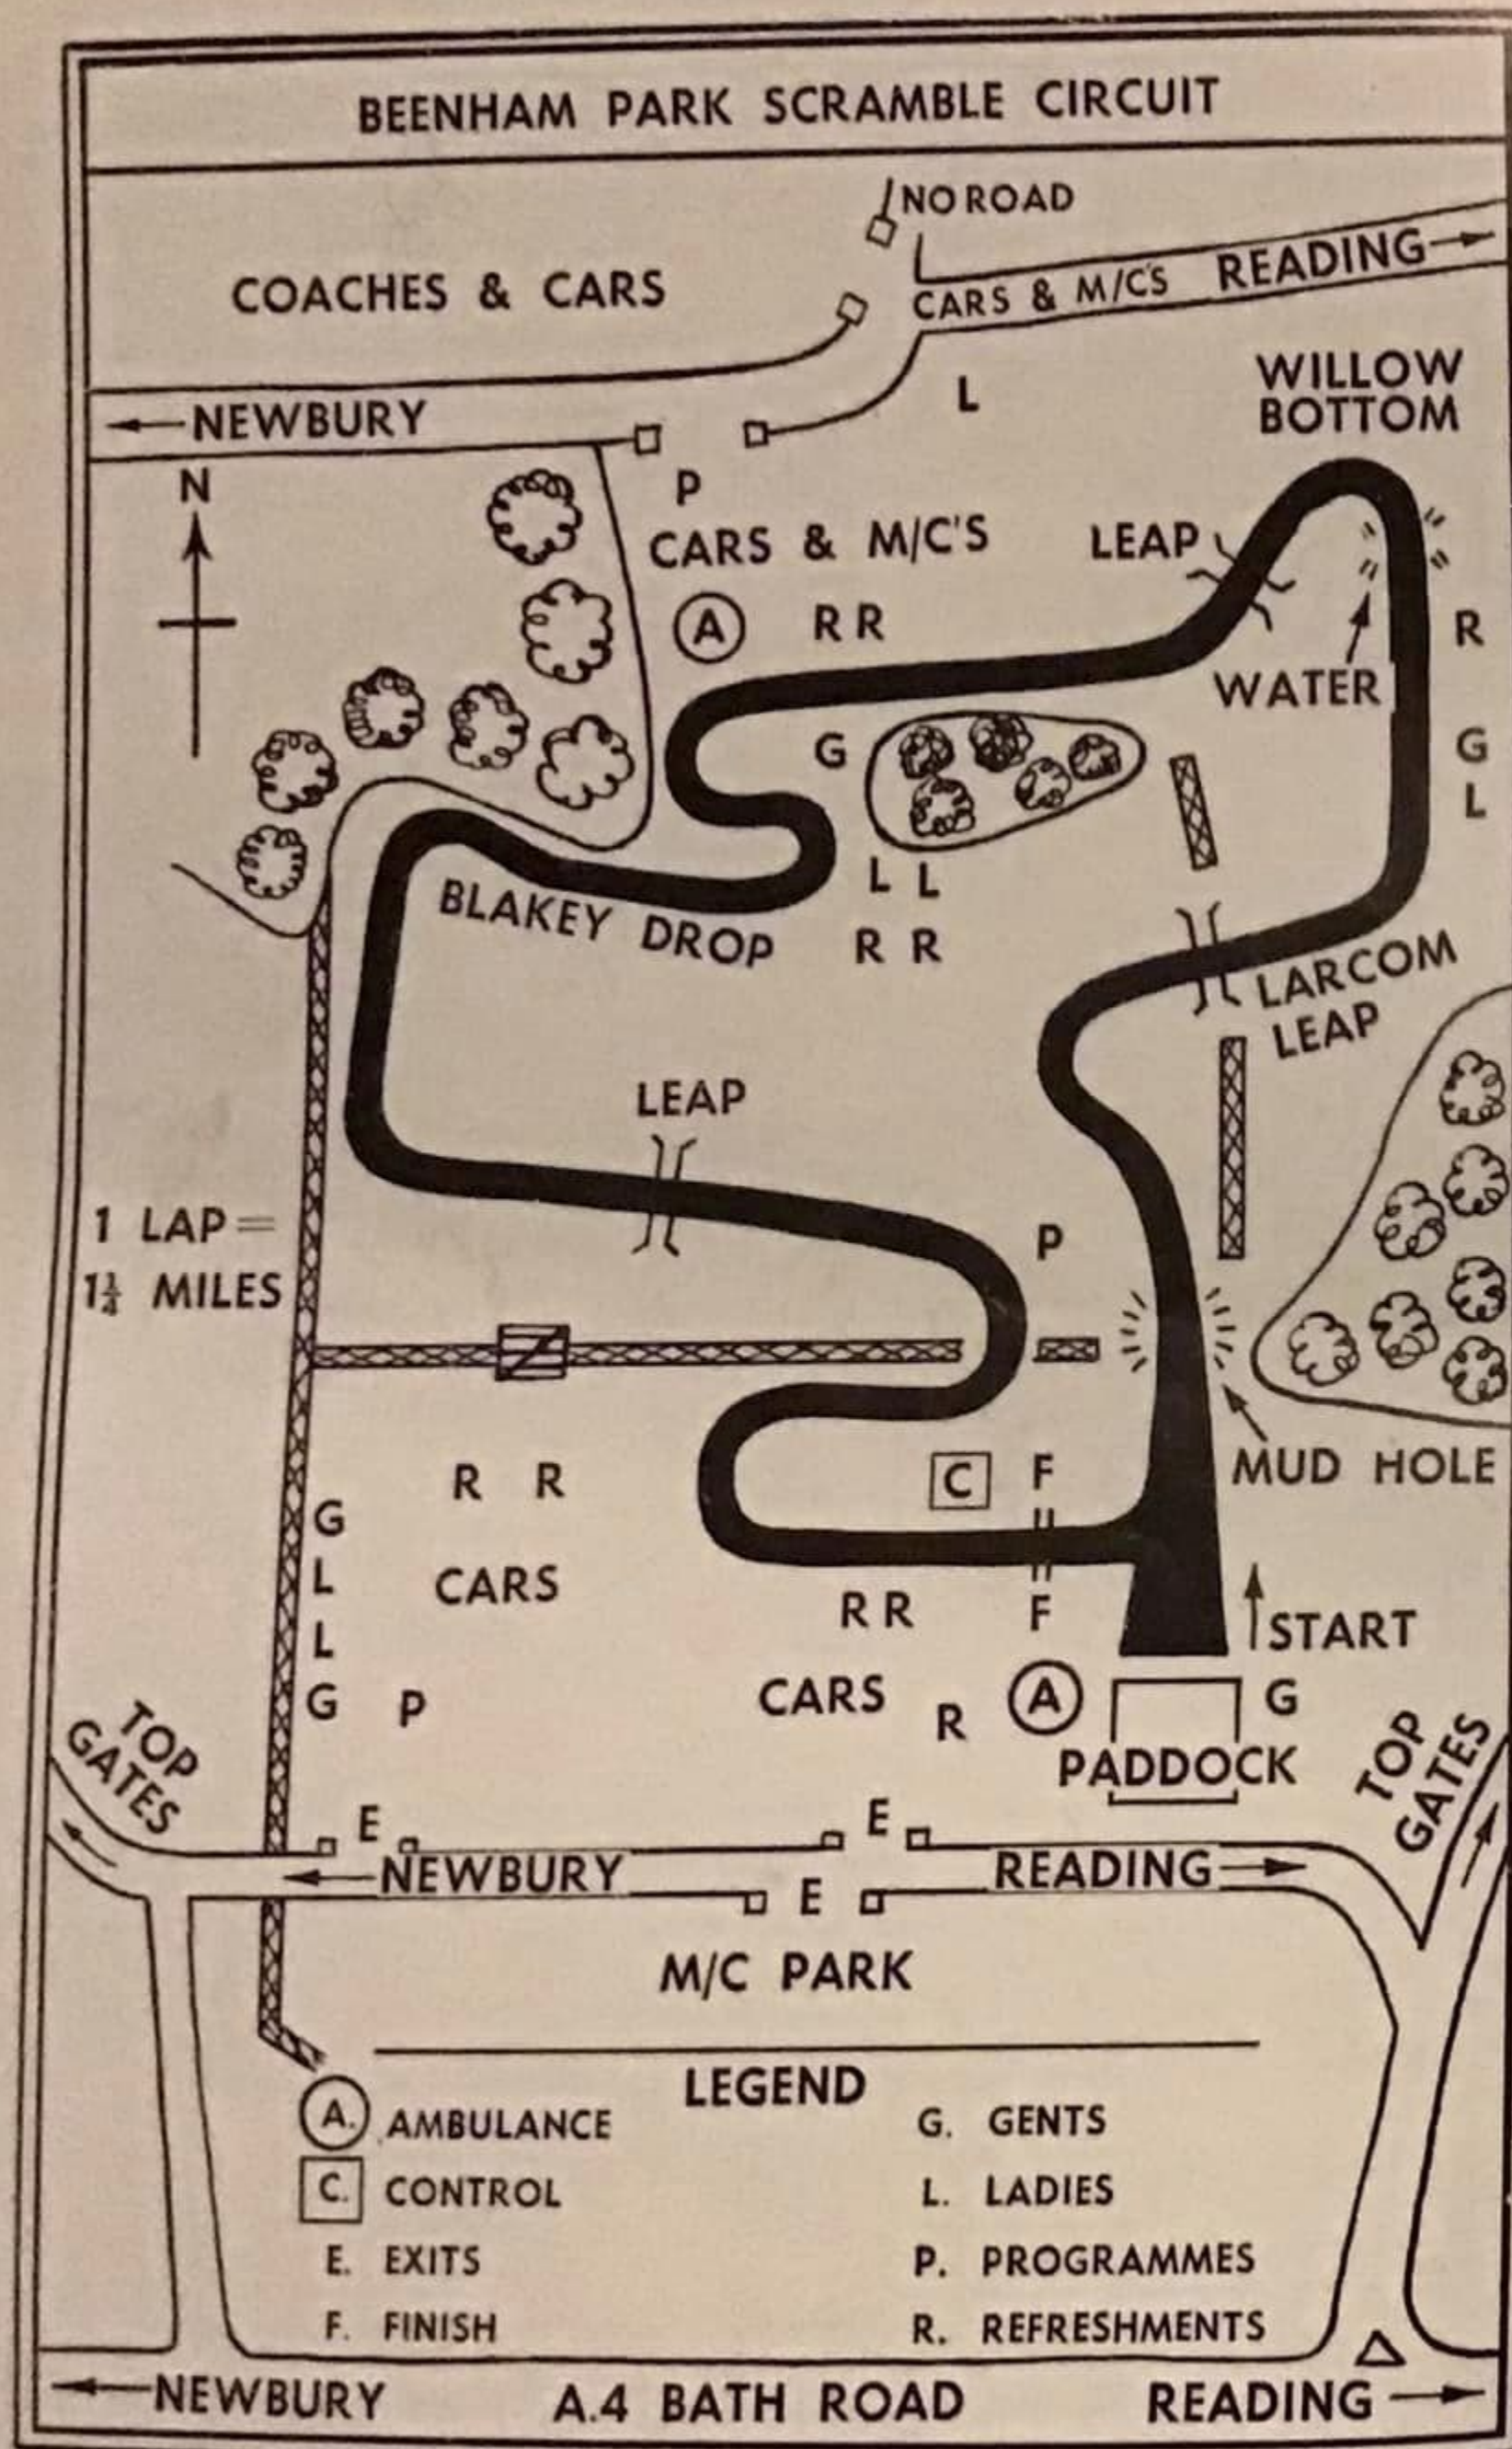

The 1961 Jackpot Scramble

A National event held under the G.C.R.'s of the A.C.U.
and the Supplementary Regulations

Organised by
MORTIMER & DISTRICT MOTOR CYCLE CLUB

Jeff Smith—the individual winner of the 1960 Jackpot. He headed David Curtis by the narrow margin of 1/5th of a second after a total race of 30 gruelling laps. Jeff went on to win the A.C.U. National Star and was a member of Great Britain's victorious Moto-Cross Team

Today's Outstanding Event

This is only the fourth occasion the "Jackpot" has had national status previously it was restricted to the Southern Centre. We are delighted that every year each event is better than the last. The Solo and Sidecar entries for today have the making of a very fine meeting.

When we planned the first "national" we decided that our "Jackpot" should always offer the best in scrambling and throughout each season we reserve a special finishing straight, a section of "Larkom Leap", a piece of course here, a piece there, all so that for the "Jackpot" we can present our best circuit.

On the same basis we always use the "Moto-Cross" technique to decide the overall winner. There are good prizes for each race, but to be the outright winner, a rider must ride well for the whole of the two big races in each class. He will always be a worthy winner. It is well to remember that every starter is a national licence holder of proven ability, so the opposition the winner has to overcome underwrites his ability.

Why do we use the Moto-Cross technique? Simply because at some stage in our sport we must develop international calibre riders. The top scrambler must have staying power. There are many riders who can turn in the ultra fast lap, but few who can do it for every lap.

International racing demands a race of a duration of about one hour, such a race could become very boring therefore the race is split into two "legs" and the winner determined on a points basis. Ties are decided by time and this can often produce an extra feature when you know that such and such has got to beat so and so by a margin of so many seconds. Today we will keep you informed of these details so that you can enjoy the extra flavour "moto-cross" brings to our exciting sport.

"Purist Note"—"Moto-Cross is actually the Continental term for Scramble. In England we have twisted the phrase to mean "Scramble of two or more legs with total points to determine the winner".
