CLASSIC SCRAMBLERS DEMONSTRATION

Do you remember the days when large Four-stroke Machines dominated Moto-Cross and Club Scramble. When the works BSA machines of riders like Jeff Smith, and Arthur Lampkin, also the private Mettisse machines of Don & Derreck Rickman were household names. It was thought that they were a part of our motorcycling past, but not so, groups of enthusiasts have obtained and renovated these historic machines, and co-ordinated by organisers like Tony Cassidy, they put on demonstrations such as you will see today.

Among the machines present we have the famous Titanium Victor ridden by Jeff Smith, and Don Rickman's 500 Triumph Mettisse, there may also be a rare Velocette 500 Scrambler if re-built in time.

Enjoy the sounds of the past as these historic machines are demonstrated, or dare I say raced, as I am sure some rider will get carried away with enthusiasm.

FORWARD BY TIM HARRIS

Today's meeting at Belton marks a milestone in the strive to bring top class moto-cross to the East Midlands. It is the first time the Lincolnshire Grand National has been promoted as a full National Event. It is also the first time that the well known company of WHITBREAD East Pennine Ltd. have entered into sponsorship of this type of event.

Looking through today's entries in the Grand National, certainly promises breathtaking racing, Dave Thorpe on the works Kawasaki should be well to the fore, but the Belton course has many secrets and has been known to favour the big bangers, so look out for Bob Wright on the CCM. But with today's list of runners it's wide open, could it be Dave's Kawasaki Team mates? They are all here. Could it be the Maico Mounted Harrisons? or Vic Allen on the Comerford KTM and the Leask Husquarnas are in force?

Sit back and enjoy the great sport but be warned, the excitement could be too great for you to relax.

They say the best things happen in threes and that is certainly true of the three wheel brigade. The sight of 25 top class sidecar outfits leaving the start line at Belton will make all but the bravest take two steps quickly to the rear. The awe inspiring spectacle is beyond question, yet many of the foremost organisers are opposed to promoting sidecar events. The class of racing and machine reliability is gradually breaking down this prejudice and the quality of the British Championships bear this out.

Today's meeting is the Fourth Round of the 1980 British Championship. Round 3 at Bootle in Cumbria presented a muddy problem to the competitors, some more than others. However, today's sand should be a contrast.

1979 Champion Terry Good is off to a good start with a total of 125 points followed by John Turner with 91 points and Nick Thompson with 84.

Both Nick and John go very well at Belton so look out for fireworks.

Could we see a new leader after Belton? The wide fast course at Belton leads to close competition where drivers and passengers are tested to the limit and have a chance to show off their daring skills to the full. The prospects for a tremendous day racing in guaranteed.
