ARE SCIENTISTS HUMAN

The phenomenal success of MOLYSLIP and its subsequent preparations, MOLYSLIP 'G' (for gearboxes), and MOLYSLIP Multi-Purpose Grease (for greasing multi-purposes), has aroused tremendous interest and the burning question of the day is no longer Do You Come Here Often?, but Are Scientists Human?, and What Makes MOLYSLIP Lubricating Technologists Tick?

To us recently fell the privilege of answering these vital questions when the Senior Scientist of the MOLYSLIP Group, Compass Charlie (so named because he has 360 degrees), accorded us an exclusive interview. It was evening when we called upon him at his home in what estate agents call "a much favoured locale," next door to a glue factory and opposite the Rally Laundry Ltd. (Clean Sheets a Speciality). Outside his door stood Compass Charlie's car, a prewar, mass-produced model known to the neighbours as Emergency—Ford Ten.

It was nearly bedtime for Compass Charlie's children, the twins, Benson and Hedges, and his little girl Polaris, a poppet with a blue streak in her hair. Freshly bathed and in their dressing gowns, they looked a picture as they sat by the fire-side sipping their hot milk and MOLYSLIP. "Tell us a riddle, Daddy," they piped in their childish trebles.

"All right, just one, and then it's time for bye-byes," said Compass Charlie. "Tell me, when is a Dormobile not a Dormobile?"

The kiddies chortled with glee. "When it's ajarmobile," they said, beating their father over the head with blunt instruments which, like the controls of a modern car, fell readily into their tiny hands. It was a touching domestic scene, com-

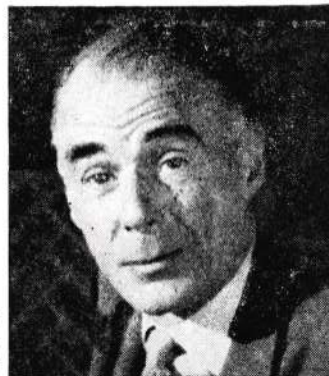

MOLYSLIP for 4-Stroke Engines. Specially formulated to reduce friction, MOLYSLIP gets the best out of petrol and oil to give you peak power performance. A 4 oz. tin costing 7/6d. will last for many thousands of miles.

MOLYSLIP 'G' for 4-Stroke and 2-Stroke Gear Boxes and Transmission and Chain Drives You'll find gear-changing becomes silky-smooth when you use MOLYSLIP 'G'. The 4 oz. Injector flask costs 7/6d. and is sufficient for months of trouble-free riding.

From HALFORDS and all garages.

MOLYSLIP—for peak power performance

THE SLIP GROUP OF COMPANIES, 34 Great St. Helens, London, E.C.3. Tel. AVE 1636
Lubrication technologists for over a quarter of a century.

Lloyd

pleted by the generosity of the little girl who, pulling a paper bag from her dressing gown pocket offered us all a piece of her homemade fudge. We declined with thanks, as also did Compass Charlie, who had not yet regained consciousness, and her offer was accepted only by the lodger, himself a junior MOLYSLIP lubricating technologist, who was afraid of causing offence.

It was shortly after reviving their father that we first heard the noise, but courtesy forbade us to comment upon it. It grew louder minute by minute and it seemed to come from the lodger who sat, chewing unhappily in a corner.

"Do you hear anything?" we asked nervously.

"It's just the clock on the mantelpiece," said Compass Charlie, getting up to examine it. "That's odd," he said, "it's stopped."

At this, the lodger uttered a muffled cry and fled upstairs to the bathroom, just as we flung ourselves face down upon the floor, not a moment too soon. There was a dull boom (like Bertrand Russell exploding a fallacy) and the house fell in ruins about us.

Thus it was that we were privileged to gain the answers for which the world was waiting. What makes a lubricating technologist tick is a small timebomb concealed in a piece of homemade fudge; and yes, MOLYSLIP scientists are human, but their children are not.

Tell me, do you come here often?

Advice of Results

The result of each race will be announced by the public address system.

Reports on the racing are made in "THE MOTOR CYCLE," "MOTOR CYCLING" and "MOTOR CYCLE NEWS," published weekly.

For the Attention of Spectators

Please do not leave litter about the grounds—take it with you.

The Brands Racing Committee acknowledge with thanks the valuable assistance given by the individual marshals and supporting Clubs in conducting this event.

If an accident occurs, leave it to the marshals, the doctor and St. John Ambulance men who are in attendance.

Remember to drive with care and caution when leaving the ground.

The organisers wish to thank the owners for the use of the estate, and St. John Ambulance Brigade for their services.

To safeguard both competitors and public, *dogs are not admitted unless kept on a leash.* This is most important.

Prohibited Area Notices.—The public are not permitted in the areas where these Notices are displayed. The fences are there for protection, and any person or persons found trespassing, or wilfully damaging trees, fences, etc., will be prosecuted by Brands Hatch Circuit Ltd.

THE BRANDS HATCH RIDERS BENEVOLENT FUND

As you may know, this Fund has been in existence now for some years, its purpose being to help alleviate any financial troubles that riders may find themselves in, due to personal injuries sustained whilst riding at this circuit, and for which their personal accident insurance may not provide full compensation. This Benevolent Fund is entirely dependent for its income on the collection that is made once a year among you, the spectators, and today we should like to make this annual appeal, for what we hope you will consider a very worthy cause. Your best effort so far was £240, achieved in 1957, and we are hopeful that, with your full support, this figure can be exceeded today.

So, on behalf of those riders who have benefited in the past, and any who may do so in the future, we offer to you in advance our grateful thanks for your generosity.
THE BRANDS HATCH RACING COMMITTEE

IN THE LEAD ALL WAYS

The MOTOR CYCLE is in the lead for a number of very good reasons. Here are a few of them. A top-rate team of writers and action photographers. Unbeatably fast and full coverage of all sporting events. Expert technical articles and brilliant, accurate engineering drawings. Searching, exhaustive road tests of new models. Practical, down-to-earth hints and tips. And there you have some idea why THE MOTOR CYCLE has more readers than any other motor cycle journal anywhere.

*your fastest way
to the facts*
