THIRD OFFICIAL: CHRIS TYRRELL

THE CHAIRMANS WELCOME

BRITISH MASTERS 2016

Good afternoon everybody and welcome to the British Masters Grasstrack 2016. After the success of the Clubman's Championship meeting that we ran in May 2015, I met with the committee and we made the decision to apply to run the Masters in 2016. Since the club was formed in 1969 by Ken Melksham, Roy Mantell and their fellow founders this will be the biggest meeting in its history. We really do hope that it turns out to be a great success and that everybody enjoys a fantastic event with some great racing.

I am sure that you will all agree that the lineup today in both classes is outstanding and I would like to personally thank all of the solo riders and the sidecar crews for taking part in this year's event. Racing is a dangerous and expensive pastime and I would ask that you show the teams your full appreciation today and make as much noise for them as you can, they really do appreciate your support!

I would also like to thank my committee for their hard work and dedication over the last 10 months, putting any Grasstrack meeting on is a big task, but putting the masters on really does take things to another level and I just cannot thank them enough for the countless hours that they have all put in to get us to where we are today. I would also like to make special mention to my good friend, and 'partner in crime' for many years, Rod Melksham. Some of you may know that Rod has been suffering with a serious illness now for 12 months and it has been a difficult time for him and the family. Rod has stayed true to the cause though and even from hospital has played his part in putting plans together. In recognition of Rod's dedication to the club through very difficult times we have decided to donate the proceeds of today's raffle to Rod and his family, Rod has been off work now for 8 months and really will appreciate you all digging deep to try and make things easier during a difficult chapter of his life. I am sure you will join me in wishing him well on his road to recovery and we really do hope that he will be with us today after recently leaving hospital.

Without our various sponsors and supporters, we would not be in a position to put a meeting like this on, so from me personally, the committee, and the wider Grasstrack family, a big big thank you to everybody that has agreed to sponsor us or support us, and a special thank you to our main meeting sponsors MCS Ltd and Cleveland Cables Ltd.

So with the formalities out of the way it just leaves me to say the most important thank you, to you the fans that keep our sport alive and kicking! Have a great afternoon and enjoy what will be some of the best racing you will see in the country this year! Let's go Racing.....

Best wishes

Barry Woodruff
