

**MX & SPEEDWAY
MEMORIES
REUNION 4/5TH
SEPTEMBER
LITTLE HEMPSTON**

Hey all, I have to say what a amazing feeling this is to be happening. From a pipe dream a year and a half ago walking round Foxhill track on a live video, saying how cool it would be to get a BSMA reunion together.

To here we are, our Motocross & Speedway Memories Reunion wow!!

It's been a lot of work for me and my man Kevin Wheeler, but we are super proud to be able to put this together, and I couldn't of had a better partner in this, so thanks so much for the support from Kevin, to think we didn't meet each other for best part of a year, the trust and bond between will be forever now for sure.

I would just like to thank everyone that's involved in making this happen, our families for the support, everyone helping run the event on the weekend, to all you riders and spectators this weekend hope you all really enjoy it, with some fantastic reminiscing, and of course some new memories to be made!!

Hope you all have a safe weekend racing!

Big thanks also to all the legends from Mx & Speedway turning out for us all, to do some demonstration laps on Sunday, it's amazing to see and proud to have them with us, and looking forward to seeing them guys out there again! Beautiful!!

This has been a passion to make happen since I've been back in the sport in last year or so, after not racing since 2000, the BSMA I raced in my whole career from 1989 at 12 years old, till 2000, and made special memories with my late father David Ashby who was my hero and always will be, and what a mechanic he was, we were a great team, and achieved a lot together, winning club championships every year from 91-2000 some with maximum points, and of course doing well in big events like the BSMA finals winning one, 3 other podiums, and 4 other top 10 finishes too in the 12 year period we had together was unreal!

We didn't get our first new bike until my 6th year racing either so was quite something do! Really proud of it all.

Me and Kevin are hoping our dads who we will be having a couple of races in loving memory of, would of been proud of this event, to my dad David Ashby and to Kevin's super Mx dad Steve Wheeler we always think of you and it will be emotional weekend for us both for sure. Thank you for everything you did for us! Much love.

Let's make this a cracking weekend for everyone, thanks for making this first ever reunion, and we plan on many more to come!

Rideeeeeeee itttttt

Much love to you all

Lee Ashby #12 braapppppp

Wow! What can I say, after months of planning, being derailed, starting again, WE ARE FINALLY HERE!!!!

Let's get ready for an incredible weekend of racing, reminiscence and plenty of fun and laughter! Just like the good old days of racing!

Lee and I are super proud to bring this event to you all, has it been easy to get to this point... ABSOLUTELY NOT, but it's a moment that all of us will treasure for a lifetime I'm sure.

Hard to imagine this was just a dream when Lee and I first spoke, but we took action and now it's a reality! Just goes to show what can happen when you have an idea and JUST GO FOR IT!

Motocross meant the world to me growing up, I started riding a bike at the age of 6 and by the time I finished 10 years ago, I think I'd just about broken every bone in my body! Thing is, we didn't care how much we got injured, we loved the sport, it became part of our DNA.

Looking back on my time now racing I shared so many great memories with my family. Especially my Dad. We became best friends and man do I miss him now! When he past at just 58 my whole world fell apart! I don't always show it, but inside it seriously tore me apart. Those special moments that we had together will never leave me and what I'd give for just one more moment with him.

Having 2 races in memory of our Dads means more than anyone can imagine. Yes, this has been hard work, but when the force behind what you are doing is so strong, none of it really matters. We hope our Dads are looking down on us this weekend or better still, out there racing with the legends of our sport! We hope you are both proud of us.

Many of us have lost loved ones over the years that were so important to our racing careers. So, at some time this weekend, lets raise a glass for all the motocross Mums, Dads, Grandmas, Granddads, Riders, anyone that we have lost over time and truly celebrate them! It's because of them that we are here today.

I want to thank all the sponsors, legends and most of my man in all of this Lee Ashby. Now one of my greatest friends and such a loyal, honest and all-out flat-out guy! Without you jumping on a live all that time ago, we may never have met! Can you even imagine Lee! We are so pumped to have everyone back together; I think this man has literally brought the Motocross community back together again. What a guy!!

I'm super excited to see some of the old boys race this weekend. So many of which, I looked up to when I was racing! Leon Woodford, Steven Holmes, Dean Batchelor - These guys were Gods to me!

Without everyone that is here this weekend, this event would not be possible. So thank you all for coming and lets go RIDEEEEEEEE ITTTTT...

Kevin Wheeler

TIME TABLE

Signing on in Marquee

Friday from 3pm

Saturday from 7am – 8.15am

Riders Briefing in Marquee

Saturday at 8.20am

STARS FROM THE PAST

Join us now as we share some thoughts from some of the MX & Speedway Memories Stars of the Past...

Leon Woodford: What a crazy year it's been, I've gone from not even having thoughts about bikes for 23 years to now looking to compete in the mx2 or 125 class at the acerbis and Mx nationals in 2022! Madness!... This journey has been incredible to say the least, what it's done for my mental and physical well being has been nothing short of amazing, to be back amongst the Motocross crowd has given me life in my old bones again... Motocross was our everything as a family back in the 80s and 90s traveling up and down the country and across Europe chasing dreams and to be able to re live it all over again is life changing...

To say I'm excited about the BSMA reunion would be a huge understatement plus I get to ride against the same size bikes as mine which is awesome! The job that Lee and Kevin have done is brilliant and I want to say a massive thank you from all of us riders for giving us old boys a chance to see our childhood buddies again. Long may this journey continue for all involved and all riders taking part. In the words of Mr Ashby "Let's ride it!"

Vaughn Williams: I would like to start off by thanking Lee and Kevin for all their hard work in putting this event together and turning their dream into a reality. In truth, I think you've turned a lot of peoples dreams of being able to ride one more time into a reality so keep up the great work! You've created a buzz again for a lot of 80's & 90's motocross riders and reminded us all how lucky we are to be involved in such a special sport. I'd never really appreciated how expensive Motocross is, so please make sure that you do this on a regular basis now so I can get some use out of my bike and all my kit!!

Having not ridden a motocross bike since the end of 1995, the thought of racing again at a BSMA reunion event was daunting but extremely exciting. Although I've had some amazing memories and experiences in various other sports during the last 26 years, the bug for Motocross has never left me. This event has given me the opportunity to release that bug again and I really am like a kid at Christmas.

'Motocross is Life' is a sentence that gets bandied about regularly and for me every word of it was true when I was racing. It's all I ever thought about and all I ever wanted to do. I use to love every aspect of it from spectating and watching my Uncle Duncan race at club meetings, to regularly watching Dave Thorpe and the British Championship riders and then Greg Albertyn and Stefan Everts when the World Championship rounds would come to our shores. I would study their lines and watch intently at what made them faster than everyone else and then try and replicate it at various practice tracks around the country where thankfully my Dad and Grandad would taxi me around without hesitation. Motocross became a passion very quickly and all I wanted to do was race and be the best.

I was very fortunate to have some amazing and successful years racing in the BSMA and my best memory from that time would have to have been winning the BSMA Finals in 1993. 1993 was a near perfect year for me and thanks to my Dad, Mum, Family and sponsors (Bradley Briggs of Airport Autos amongst others), I was able to realise a young boys dream.

The Motocross family is a special one and thanks to social media, Lee & the group I'm looking forward to catching up with a lot of old friends, competitors and riders I used to look up to as a young boy this weekend.

It's great to be back on a motocross bike after so many years, and although arm pump and body aches I didn't even know existed have all been a frequent occurrence over the last month or so in trying to get ready for this weekend, I can't wait to hear and be part of the roar of 40+ bikes heading to the first corner. Lastly, I just want to say a massive thank you to my wife, Samantha, my two boys Hudson & Mason, my Dad/Mum and my Uncle Duncan for fully supporting and helping me over the last month or so to get into a position to ride again.

Racing at any type of level this weekend would not have been possible without all your hard work, time and dedication....

Go safe, enjoy the racing and lets have some fun!

It's Showtime!
VW#18

STARS FROM THE PAST

Jeff Perrett – "I started out my riding and racing career at Ringwood Schoolboy Scramble Club. They were one of the biggest BSMA clubs at the time, back in 1981 when I started out. By the time the 1981 racing season was over I knew motocross would be my life, and I was only 8! I've made so many friends since then all because of the sport that is my life. So many people live to race, but I think really that's just a small part of it. It's the social scene and being part of a bigger family and community that makes this sport so special. We're like a caravaner's club, but way more exciting! Rather

than pitch up in a field and get the wind breaks out and the boules set, we go and thrash bikes around a field on motorbikes and help each other out. I love that. That's what I'm looking forward to the most about this BSMA reunion. The riding will be fun, but for me, it's catching up with everyone and reliving the stories of yesteryear whilst making more good memories, of which I have so, so many. This sport has given me so much and given me so many life lessons and values. I'll forever be grateful that as a family we all fell in love with it from the moment we started and we're still in love with it now. We may not be Kings, but it's the King of sports and I'm honoured to be a small part of it.

Steven Holmes – Hi everyone, showtime has arrived!!

It's been 29 years since my motocross career ended and no doubt, I bowed out too early and for the wrong reasons.

It's been painful to be away from this sport that I and so many others love. Massive thanks to Lee Ashby and Kevin Wheeler for putting together this reunion and for turning people's dreams into reality. long may this continue.

I have some great memories from my BSMA days and was fortunate to win five titles. The team events were very special for me, as an individual sport this was a time for me and my friends to shine. The support from mums, dads, sisters and brothers in those days were truly special, they made us feel like we were riding for a world title. Loved it!!

My determination to win earned me my last BSMA final win in 1990, this I would put down as my toughest race of my school boy career having suffered five punctures over two days of racing, but still taking the overall win.

To enter racing took a lot of hard work and commitment from our parents. I was fortunate to have the best mechanic Derek Holmes and the driving force, my coach and mum Janice Holmes (Big Jan).

'Riiiiidddeeee iiiitttt' Steven 'Riiiiidddeeee iiiitttt' LOL.

I've been like a revving Rodney, counting the days down to this fantastic event, it's been a tough journey with the body and bike going through the mill.

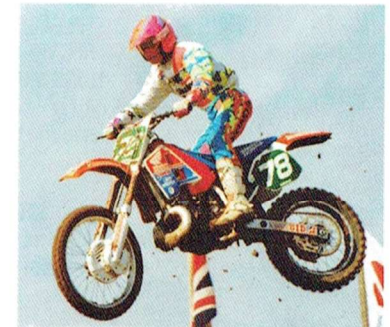

A massive thank you to Vivian Hann for the weeks of hard work and long hours putting the bike together. A Special Guy!!

(Steve loves a volunteer).

Whilst my racing days are over, taking part in an event such as this after 29 years away is going to feel like winning. I hope everyone has the time of their lives, meeting old friends and rivals at the Motocross and Speedway Memories Reunion.

I'm looking forward to reminiscing about old memories and creating new ones.

Let's have it!!!

STARS FROM THE PAST

Dean Batchelor:

Was a pleasure to ride back in the BSMA days, had great times with really lovely people, who still to this day have the sport within them.

We all lose people in our lives, and I'd like to pay my respect to them all!!

I got a message from Lee Ashby to see if I would take part in this reunion event, and without having to think about it, it was a massive yes!!

Thanks to Lee, I'll be at the event, and so looking forward to meeting you all again.

Regards Dean Batchelor #7

Steve Liddington:

'Was like a big family!'

All with the same passion for Motocross.

Travelling the country together and building memories to last a lifetime.

Glen Phillips:

The BSMA was a fun series to do growing up. Really looking forward to seeing the old boys that I grew up watching and finally getting to have a beer with them and not be the annoying little kid anymore.

CONDITIONS OF ADMISSION

You must display your admission ticket/armband at all times. This condition must be complied with and promoters reserve the right to recharge you the full admission if not shown.

NOTICE TO THE PUBLIC

This event is being held on private property and is a working farm. You are strictly forbidden to cause damage in any way. Spectators are forbidden on the course and never proceed beyond the spectator area. **WE ARE**

CONCERNED WITH YOUR SAFETY

WARNING

Motor Sport Can Be Dangerous

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instruction of marshall and notices and remain in permitted areas only.

THEY ARE CONCERNED WITH YOUR SAFETY

PLEASE USE LITTER BINS/SKIPS PROVIDED
ALL VEHICLES ARE PARKED AT OWNERS RISK
DOGS MUST BE KEPT ON A LEAD AT ALL TIMES

The organisers reserve the right to alter/abandon/cancel any part of the programme

NOTICE TO THE RIDERS

STRICTLY NO RIDING IN THE PITS

Your attention is drawn to serious consequences, which could arise following an accident by unauthorised riding in the pits. Liability for any claim could rest with the owner of the machine being used (or parent in a case of a minor). You are not allowed to ride your bike in the pits.

Police Notice Police strongly advise you to lock your vehicles at all times
