

the clearing saw that's right for the farmer

H Husqvarna 36R
SWEDEN

The Clearing Saw, built to a professional specification for semi-professional and agricultural work.

The 36R is supplied with ergonomically designed harness which, together with well balanced design makes for easier handling.

The 36R has full vibration damping to reduce operator fatigue, and takes a variety of blades and attachments.

THERE'S ONLY ONE REALLY SAFE CHAINSAW!

If you'd rather be safe than sorry, specify Husqvarna. No other saw comes with an automatic chain brake as standard. And there are a host

of other safety features. Like a chain catcher and uniquely effective damping that absorbs vibration before you do. Our obsession with safety doesn't mean we sacrifice performance.

Husqvarna chain saws also set the standard for productivity, reliability and long life.

Husqvarna are better for you and better for your employees. Better contact us soon.
