• THEY SPECIALISE IN MODERN SECOND-HAND MACHINES

Smooth Work, Smooth Results

Frankly, we get real pleasure out of tuning-up a Ford. Our system for such jobs is so well organised that the work goes along with ideal smoothness—and so does your Ford when the job is done. Here's what we do:—

- We clean and adjust carburettor, fuel pump and sparking plugs.
- We adjust fan belt, check water pump, radiator, and cooling system.
- We check over entire ignition system and clean battery terminals and cables.
