 **Motor Cycle News** THE WORLD'S No. 1

All the news, sport, roadtests and bike bargains First, every Wednesday

Duckhams QTT has been developed specifically for all types of competition two-stroke machines and is the result of over 3 years of technical development and endless track testing. Duckhams QTT performs equally as well in either air cooled or water cooled, single or multi-cylinder engines under all extremes of competition use.

Its unique synthetic additive package maintains optimum power output, protects against throttle slide seizure and provides for a

cleaner and more efficient burn.

However, whilst Duckhams QTT has been primarily designed and developed for the competition rider it's equally at home in high powered road machines. QTT now completes a comprehensive range of Duckhams Motorcycle Products that comprises Two-Stroke Oil, Motorcycle Oil (four-stroke), Fork Oils, Chainguard (Solid and Aerosol) and Duckhams QXR (for high performance 4-stroke machines).

DUCKHAMS. THE ENGINES CHOICE NO MATTER WHAT YOU RIDE.
