## FOREWORD

Welcome to Donington Park everyone for the Grand Finale of the Derby Phoenix Club's biggest and most successful Season in it's History. Apart from the fact that it's about 25 years since we organised a Meeting here at the "Heart of British Motorsport", it is also the closest Track to Our Chellaston, Derby Headquarters. Might even be within earshot with the wind in the right direction!!

Although most of the Club's 2004 Champions have already been crowned and we are only using the 1.9-mile 'National' Circuit today, we have managed to attract a sizeable Entry from all parts of the Country. Therefore whilst there will be little at stake for the majority of the Competitors, the prestige of racing (and for some winning!) at this World Famous Venue will be THEIR incentive and provide US with some exciting entertainment.

We'll start with the RIVERSIDE MOTORCYCLES 1300cc Allcomers Class. Race Secretary Mick Hooley has been subjected to an unprecedented demand for Entries that has made it necessary to run FOUR Heats instead of the usual Three. With a maximum of forty riders on a Grid that means just the top ten from the Heats will make it into the 'A' Final. We can safely predict there's going to be some tough dicing with so many competitors desperate to qualify.

Favourite for the Top Slot must be PAUL EMERY(Racing No.134). Paul's awesome destruction of the opposition at Oulton Park last week in spite of him already being crowned the 2004 Champion earlier in the day bears well for a repeat performance here. Paul's Title came after his only Challenger DANNY BODILL(No.22) made an early exit by disappearing out in the Countryside during the Opening Heat. Big Paul caned his mighty 1000cc Suzuki to the limit to claim the 'A' Final, and will need to do the same today because Danny is a pretty resourceful character well known for fast stylish riding and dogged determination. Danny's already clinched the Formula 750 Championship, and he predicted in July he needs "more horses". Well those horses have arrived and today we will see Danny making his track debut on a GSX-R1000 Suzuki. ADAM FRANCE(No.38) had a quiet day at Oulton, so he'll be wanting to make amends by being back in the thick of it today, and aiming to finish his first Season with the 'Top Guns' on a high note. DAVE BOOT(No.211) is beginning to display some of the fine form we know he's capable of. Dave's only been out there a few times this Season but had the immaculate (and trick!) green and white Suzy on the pace last week and could spring a few surprises today. A combination of making his Oulton debut and first time out on a BRAND NEW GSX-R Suzuki kept promising Novice Champion DARRON BELLWORTHY (No.227) fairly subdued last week. However, we expect to see more of him today, especially as he'll be hoping to give a good account of himself on his 'Home' Circuit, and possibly impress the local Talent Scouts. The 600s packed the leaderboard at Oulton with SEVEN in the Top Ten. Hard-riding STEVE CLAYTON(No.5) hoisted himself up to Second in the Table with an heroic display on his 600 Honda. Family man Steve (was it 1 or 2.4 children Steve? -BC) recently sold the big Suzuki he's been campaigning all Season, but showed he was more than capable of keeping up on the smaller machine by finishing a superb second behind Paul in last weeks 'A' Final. He'll be wringing the Honda's neck this afternoon striving to live at the Head of the Field. Tip-for-the-Top DANIEL HEGARTY(No.8) might not have been tasting too much champagne on his Oulton debut, but once again showed a superb "Racing Brain" by grabbing the last podium slot with his 600 Yamaha - and learnt a lot at the same time! ANDY(How does he do it?)DANIELS(No.41) yet again amazed everyone by putting his Steel-Framed 600 Honda up with the leaders and held young Daniel at bay for most of the Race. It was pleasing to see 18

year old TOM CLEGG(No.160) high up on the leaderboard as well, and Tom will be wanting some more of that today. With a Full Grid each time, we eagerly anticipate some hectic jostling for positions in the Heats, and the 'A' Final being absolutely unmissable.

Take a bow STEVE HIX! Steve rode conservatively last week to score enough points to claim the G.P.S. LAMINATES Formula 600 Crown for the first time. Steve's headed the List in this Mega-Competitive Class all year and amidst the post-meeting celebrations, he revealed a closely-guarded secret. Since July 4<sup>th</sup> he's been riding through the pain barrier every outing as he sustained a broken bone in his RIGHT wrist when he crashed his R6 Yamaha at speed on Gerard's Bend. Apparently he needs an operation to mend the wrist but he's been putting it off because he wanted the Championship so badly, and could not afford to miss any Rounds. Steve's a friendly and quietly-spoken Family Man from Wisbech, but behind that endearing character lies a steely determination to succeed. Well done Steve—that's the stuff Champions are made of.....Anyway he's sold the R6 Yamaha and will only be out in the Big Class on his GSX-R1000 today for a bit of fun. LEE FLETCHER(No.197) was the surprise packet of the F600 Oulton skirmishes by scything through the entire Field to grab Second spot and the Fastest Lap in the opening encounter, then going one better and winning the Robbie Harrison Memorial Trophy next time out—again setting the Fastest Lap. If Lee can reproduce that sort of form with his well-prepared red white & black R6 here, he will surely be the 'Man to Beat'. DEAN MACALLISTER(No.125) gave another good account of himself with two solid points-scoring performances last week. No doubt he is focusing on the Final Championship Runner-up Spot and Dean plus his Father Don will have spent some extra hours in the Workshop during the Week to ensure Dean's sparkling blue GSX-R Suzuki will be in top fettle ready for the showdown. STEVE CLAYTON(No.5) will need two high finishes to stake his claim on the Runner-up Position, which, of course, he is quite likely to do! Even though it's very tough at the Top, Steve knows the score and will be squeezing every last mph out of his CBR Honda in his quest for that goal. Nottingham Teenager and 2004 success story DANIEL HEGARTY(No.8) has recorded a brilliant TEN F600 victories already (Two more than Champion Steve Hix!) and is guaranteed to be totally committed to the cause today. All the more remarkable is the fact that young Daniel only joined the Class mid-Season. Daniel is planning on moving up to a higher level of competition next year, but inevitably that's going to be very expensive. It's highly likely his friend, mentor and manager Roger Edwards will have invited some potential Sponsors to this Meeting, and Daniel will obviously be well fired up to impress them, so we can expect to see the No.8 machine up front fighting for honours. (No pressure then Dan??!-BC) Watch out for MIKE ROSE(No.85) in amongst the Front Runners. Mike had a superb Oulton and grabbed the final Podium Position in the Robbie Harrison Trophy Race. Another young charger who's made good progress this term is Rochdale Teenager TOM CLEGG (No.160). The fluorescent orange paint scheme on Tom's CBR-RR Honda makes him very easily recognisable. Tom's from a well known Lancashire Family steeped in Motorcycle Racing Tradition with both his Father and Grandfather being accomplished TT Competitors, so Tom's got the family Name to uphold, and if he continues to improve at such a rapid rate, he'll be doing just that quite admirably. TIM HARNESS(No.45) gave a CBR-RR Honda an airing at Oulton, having campaigned a GSX-R Suzuki for the last two Seasons. Tim immediately looked confident and at home on the bike, so he could be circulating near the front this afternoon. Midlander MICK PRICE(No.108) is capable of putting his GSX-R Suzuki on the Leaderboard and a victory in the 1300 Allcomers 'B' final last week will have boosted his confidence considerably. A special mention here for the Motorsport@Greedy's Team. IAN GLOVER(No.89), MATTHEW BISHOP(No.90) and GAVIN REED(No.91) got together at the start of the year and decided to go racing. They made their debuts at Our opening

meeting at Snetterton in March, and have not missed a Meeting since. A very professionally-minded Team from Aylesbury, they are a really friendly bunch and have livened up Our Paddocks wherever we've been. Matthew and Gavin have made decent progress but today will be Ian's first track appearance for a while having suffered a heavy fall fairly early in the Season. Their blue and red liveried machines are always well turned out and the whole team are adorned with clothing carrying the team logo. Well done you lot!—and we hope you'll be with us again next year....

Whoever takes the Chequered Flag will unquestionably have fully earned the Winner's Laurels.

The Battle of the Big Guns (or in other words the JUST BIKE CLINIC 1300cc Four Strokes Class!) is going to go right down to the wire with the new Allcomers Champion PAUL EMERY(No.134) slugging it out with the Local Hero VIRGIL STEVENSON(No.7). Paul ckd out a narrow 2-point advantage last week, but knows he's going to have his work cut out to fend off the hard-charging Virgil in front of his 'Home' supporters. Virgil's very shy when anyone goes near him with a microphone, but is no "shrinking violet" when he's aboard his GSX-R 1000 Rocketship so we can expect some early fireworks. Although those two are likely to be clashing out front, the action behind them could be equally entertaining. CARL WALKER(No.3) still hasn't fully got to grips with his 4 month old R1 Yamaha. The bike certainly has the straight-line speed required but Carl's hammering away with the other aspects of the Yamaha trying to improve the whole package. Carl's well known for being quick from the Grid and will be keen to end the Season with some good Results. Maybe JONATHAN HALEY(No.78) has been unable to contest every round of the Series, but when he has been out there, his performances aboard his smartly turned out red & white Suzuki have been impressive. Jonathan's recorded some useful finishes and could be a good bet for a Podium Slot today. GARY BUMFORD(No.82) scored a brace of top ten places at Oulton and will be looking to improve on that this afternoon. Runaway Novice Champion in this Category is DARRON BELLWORTHY(No.227) and he'll be giving his big new Suzuki it's head when the red starting lights go out hoping to add another Award to his expanding Trophy Cabinet.

The ANDELLE LEATHERS 600cc Steel-Framed Series (or Steelies for short!) continues to be the Class of the Season, and the Steeple King ANDY DANIELS (No.41) yet again stamped his authority all over the opposition at Oulton. Andy's finely-honed riding skills are recognised and respected by all his fellow Competitors, and although he's still aching from a crash whilst Practicing for last month's Manx Grand Prix, the "Old Master" still showed them all a clean pair of heels last week. We expect him to be doing the same here, whilst GARETH CUTTS(No.30) and ROB WILSON(No.171) will be fighting their Own Battle for the Runner-up spot. However, "Young Cutts" lowered Andy's colours Twice at Cadwell in August, so Andy cannot and will not be able to ease the throttle for one moment. ANDY PULLING (No.14) and CHRIS WITHEY (No.4) are still locked in battle for the crumbs left over by Messrs. Daniels, Cutts & Wilson. It finished Two-Nil to Andy at Oulton, but today will be Chris's swansong because he's decided to hang up his leathers and sell the Honda. That will give Chris the added incentive to secure that 4<sup>th</sup> place in the Final Table. Chris has thoroughly enjoyed his Five Years in the Racing Game and thinks it will be a suitable way to end his career on the Circuit where he made his debut. DAVID BLACK(No.146) had two good finishes last week so he'll be looking to maintain the good run of form throughout today's proceedings. MICHAEL HUTCHINGS(No.18) showed he's lost none of his verve with fine 4<sup>th</sup> first time out last week, but a rare 'DNF' in the Second Event did nothing to boost his indifferent Season. Top Steeple Novice BRYAN BARTLE(No.23) continues to be

forced to deal with the "new kid on the block" MICK ALLITT(No.137). Honours were shared at Oulton but an interesting tussle could develop between these two for the "Best Vest" mantle. One of regular Top Gun Competitors RICHARD HARRISON (No.132) has once again been on the receiving end of some rotten luck that has sidelined his 1000cc R1 Yamaha. Richard is an accomplished runner in the Big Class, and Neil (Nogger)Harvey has very sportingly withdrawn his Own Entry today and lent Richard his Steelee Honda to race. If Richard can quickly adapt to the CBR, he is capable of rattling the establishment in this highly competitive Class, but he won't find it easy. NICE ONE NEIL! That's another Two Races then that we are really looking forward to!

The basis for the RAVEN RACE PRODUCTS/R.S. PERFORMANCE CENTRE Formula 400 Class is Production-based 250cc Two Strokes and 400cc Four Strokes. For a number of years now, the 400s have ruled the roost, and it was this domination that inspired Mark Jordan to introduce the KR1 250 Cup ( or just "Two Stroke Challenge" as it's been called this year). Well, the 250s are making a comeback and the quicker ones are able to live with the 400s again. Therefore we eagerly anticipate a real dogfight out there this afternoon when these evenly-matched but quite different machines take to the track. ADY WARRANT(No.11) has successfully defended the Crown he first claimed last year, and had sewn up this years Title with Four Rounds remaining. Ady's likely to be the Man to Beat here, but he'll have to get his head down and go for it. DANIEL HOBSON (No.61) was in fine form last week and is intent on ending his second season with a flourish. ALAN PERCIVAL(No.71) looked good at Oulton, and we expect to see Overall Runner-up in the Championship STUART BEDFORD(No.97) challenging for honours. Stuart is Ady's Team Mate, but we can assure you there will be no "team orders" when those red lights go out to signal a 40-rider drag race for Redgate Corner. SHANE PEARSON(No.112) will be having one of his final outings on the shiny black Kawasaki before he moves up to Formula 600s next year. Shane's capable of running up front and will be keen to terminate his ties with this popular Class by recording some good results. Watch out for the black Honda 400 of ANDY WHITEHEAD(No.159) as he surprised us all by blowing the entire field away in the Second F400 skirmish at Oulton, and setting up the fastest lap of the day in the Class. Andy hails from Runcorn, so maybe he knew the right lines at Oulton, but was nonetheless very impressive. No doubt he'll be confident for a repeat of those results today. IAN CROSS(No.170) is a good performer with his green Kawasaki, and having missed Oulton because he was abroad, Ian will be wanting to see his name near the top when the Results are published. MICHAEL SAUNDERS(No.177) is another youngster who has made his presence felt this year. Although Michael's not contested all the Rounds, his 3-wins, 6-seconds and 2-thirds have secured him third place in the overall standings. There could be a question mark over Michael's Entry today because of machine availability, but at the time of going to press, he had not withdrawn, so we hope to see him out there. Good to see NEIL PLUMMER (No.184) in the Entry List again. East Anglian Neil is a very experienced competitor and actually chased Ady Warrant home in some of the Season's early encounters. Unfortunately Neil was unable to do the whole Series but did get his passport stamped and came to Anglesey with us. He said that was an enlightening experience! Neil could spring a surprise or two with the regular F400 stars this afternoon. Then we come to a horde of hard-charging 250s piloted by some very experienced jockeys. ALAN ARMOUR(No.20) rides his trick-looking immaculate RGV Suzuki superbly and will revel in Donington's fast sweeping curves. MARK JORDAN(No.96) continues to amaze us all with the amount of speed he can squeeze out of his ageing Kawasaki KR1 and has blown the 400s away on more than one occasion. The biggest 250 challenge is likely to come from the mega-experienced COLIN SKILLICORN(No.130) on an almost classic-eligible Suzuki RGV. Merseysider Colin is the

Top Dog on his native North Western Circuits and only Andy Whitehead managed to better him last week. We're not sure how many times Colin's been here, but we can be sure he won't be circulating at the back of the field! MARK ADAMS(No.187) makes his yellow RGV go very well and could be in the thick of it today.

In the 250cc Open Class, just two points separate the Series Leader LEE GODDARD(No.131) and his nearest rival JOHN LEWIS(No.10). Evergreen John, the great stalwart of the Lightweight's, has been the 250 Champion on a number of previous occasions, but he'll be riding his RS Honda as hard as ever to secure another Crown. Problem is there are several other members of the opposition today who may not be in the Title Hunt, be are very capable of spoiling the Party. MIKE ROSE(No.85) on a smart Honda RS comfortably took both Chequered Flags last week and is likely to do the same this week. ADAM HART (No.147) chased Mike home twice at Oulton and won't be wanting to do the same here. 2003 Champion STEVE AUSTIN(No.9) has suffered an unhappy defence of the Lightweight Crown, so he'll be planning to record some good Results to salvage something from a none-too-good Season.

The Sidecars will, as usual, be providing some alternative entertainment this afternoon, and although both the Formula 1 and Formula 2 Champions have been crowned, we can look forward to some close encounters at this end-of-season thrash. You can read all about the Three-Wheeler Brigade on the following pages in the customary, unique and mostly very amusing "Pierre's Bit on the Side"

Finally whilst the majority of us live pretty close to the Donington Circuit and will be home inside half an hour, please spare a thought for Our long distance travellers when you are feet-up at home or enjoying a relaxing drink in the Pub tonight. In particular CHARLIE FLETT (No.50) and MARK MILNE(No.145) face a SEVEN HOUR drive to get back to their Aberdeen home. Charlie has raced at every one of our Meetings this year, and, in fact, has supported Our Events for several years now. If there was an End-of-Year award for the "Furthest Travelled" Competitor, then Charlie would be the Top Nomination. Thanks very much for your support Charlie, and indeed, the rest of your fellow Countrymen. Hope you can make it again in 2005!

Here we go then. All the necessary ingredients are there for an absolutely thrilling end to Our best ever Season. The Club would like to take this opportunity to say a huge "THANK YOU VERY MUCH" to everyone who has contributed to making this year so memorable and enjoyable. It is impossible to thank you all personally, so Competitors, Marshals, Officials, Sponsors, First Aid Personnel, Doctors, Paramedics, Nurses, Circuit Staff and anyone we've missed thanks for everything, have a good Winter, MERRY CHRISTMAS and a HAPPY NEW YEAR, and we look forward to seeing you all in 2005.

## Attention All Bikers!!

### JUST Bike Clinic

Providing the Most Complete  
Motorcycle Repair Service  
Throughout the UK.

At Just Bike Clinic - Sheffield

We Specialise in Motorcycle Accident Repair

### National Coverage

For those customers who have had accidents in inconvenient places! You'll be pleased to know that we have a fully equipped, dedicated van for collection and delivery.

The ability to repair all brands and models: we don't just handle 'common' bikes.

We have parts availability and supply across all major franchises.

A repairer that will talk to you. Poor communication is the number one cause of customer complaints.

We guarantee to contact our customer within 24 hours of notification and keep them informed on a regular basis as the repair progresses.

We fully valet all bikes on completion and before delivery, to maximise customer satisfaction.

Confidence that we know our trade. You need to rely on our abilities:

- Our team have decades of experience in the repair of motorcycles and more importantly, pleasing customers.
- Our work and the parts we use, either 'genuine' or 'pattern', are all guaranteed.
- Our factory-trained technicians are continually assessed and their expertise updated.
- We are fully enrolled members of the MVRA.

Repairs that are as good or better than OEM standard. Customers don't expect less:

- Our 'Global' jig gets your bike straighter than standard.
- Our specialist 'Lechler' paint systems give a superior finish matching the manufacturers original paint finish.
- Our experienced team can offer plastic welding, MIG & TIG welding.
- Our experienced team will also fit alarms.

A repairer that saves you money. A high quality repair is usually better than a write off:

- We have the technology.
- We have the experience.
- We have the passion.

## To save you time, trouble and money!

# Pierre's

BIT ON THE SIDE

Well to-day see's the end of our season long campaign and might I say it's been a brilliant season, albeit with a few up's and downs, but that's the nature of the sport and makes it interesting, due to tight publishing schedules for our last meeting. I am writing this prelude prior to our oulton park meeting. Some people might think I'm a right fairy, but I don't have a magic wand to wave to see into the future! What I do know for certain, are our formula one and formula two champions, so I must congratulate our sidecar champions, Ken Knapton/Mick Fairhurst (F1) and Tony Elmer/Darren Marshall (F2) on an excellent season and worthy of the title, whatever happens they cannot be beaten, but second place in both championships is really tight with Tim Antill/John Wain (F1) who have only ten points between them and Dean Henry/Ian Smith (F1), likewise the F2 championship is even closer with only two points separating John/Sue Longmoore and Nigel Wesley/Paul Knapton, so there will be a bloody good battle there in both championships. - In the formula one championship Simon Christie/Adrian Walduck are lying in fourth place only fourteen points adrift of second place, so they could easily steal the show (go get e'm boys!) But in the Formula Two championship fourth place Steve Gilbody/Graham Jones have a mountain to climb needing four wins to possibly get near third place in the championship, but that won't stop them trying! There's still a few scores to settle!. Looking through the programme althrough the season we have had some really brilliant competitive races in both championships, and thanks to you all I reckon we have one of the best sidecar championships in the country, if not THE best, so thanks to everyone for making it so. -The F.S.R.A. super F2 national series has also provided us with some excellent racing throughout the season and was a welcome series to keep sidecar racing in a high public profile, at the moment I believe Roy Hanks/Dave Wells are leading the championship with Simon Neary/Steve Taylor- Howard Baker/Nigel Barlow- Nev Jones/Joc Shardlow- John Holden/Jamie Wynn and Nigel Connole/Dennis Lowther in close contention! So that championship series seems to be going down to the last race of the series at the sidecar festival at Mallory on October 17<sup>th</sup> which should be another epic meeting. -Our plans for next year are on schedule, but no dates are forthcoming yet, I believe we will be doing the same circuits again which I think makes our championship so interesting, so watch this space! Or our web site [www.Derby-Phoenix.co.uk](http://www.Derby-Phoenix.co.uk) Nulli Secundus) for some info. - no doubt I will be in contact with most of you during the close season, so we will see what pans out. - Anyway have a good thrash to-day at Donnington and hope to see you all at the Dinner/Presentation (piss up!) at Pride Park on Nov 27<sup>th</sup> for a few beers!

Safe Racing Everyone

### FOR THE ATTENTION OF ALL COMPETITORS

Your Entries Secretaries MICK and JOHN would like to take this opportunity to say a big **THANK YOU VERY MUCH** to ALL **COMPETITORS** for your patience and understanding (generally!) throughout an exceptionally busy 2004 Racing Season. We always try to help you the best we can - even though occasionally it may not seem that way! Due to the large Number of Racing Members we've had to deal with this year, the "Law of Averages" says we are certain to get it wrong sometimes. Thankfully that has been an absolute minimum and hopefully we have learned from Our mistakes.....

Thanks very much again to you all, have a good day here, and we hope Santa will deliver you all a new Bike at Christmas!!!

from MICK HOOLEY and JOHN FRAKES
