COPYRIGHT

All literary matters in the official programme, including the list of competitors and their racing numbers is copyright and any person making illegal use thereof will be prosecuted. It is also a condition of admission to any event held under an A.C.U. permit that no part of the meeting can be filmed or video recorded and/or video transmitted in any way without the written consent of the promoters/organisers and/or A.C.U. except for the sole purpose of private enjoyment.

ADDITIONAL NOTICES

The organisations, the A.C.U. and the Landowners, do not hold themselves responsible for loss or damage howsoever caused to vehicles or goods left in the Car Parks.

Spectators are warned of the danger presented by wandering animals and the Club insists on all dogs being leashed.

Land suitable for running scrambles is still in very short supply. Having found a good course the Sidcup and District M.C.C. want to keep it. It is with this in mind that we appeal to both spectators and competitors to have consideration for the local population by driving carefully and quietly in the narrow roads leading to the course.

Please do not leave paper or litter behind, it all has to be cleared up by tired voluntary helpers after the meeting.

CROSSING THE COURSE

Under no circumstances should you cross the Course whilst racing is in progress - at such points where it is permissible to cross the Course, a marshal will indicate when it is safe to do so.

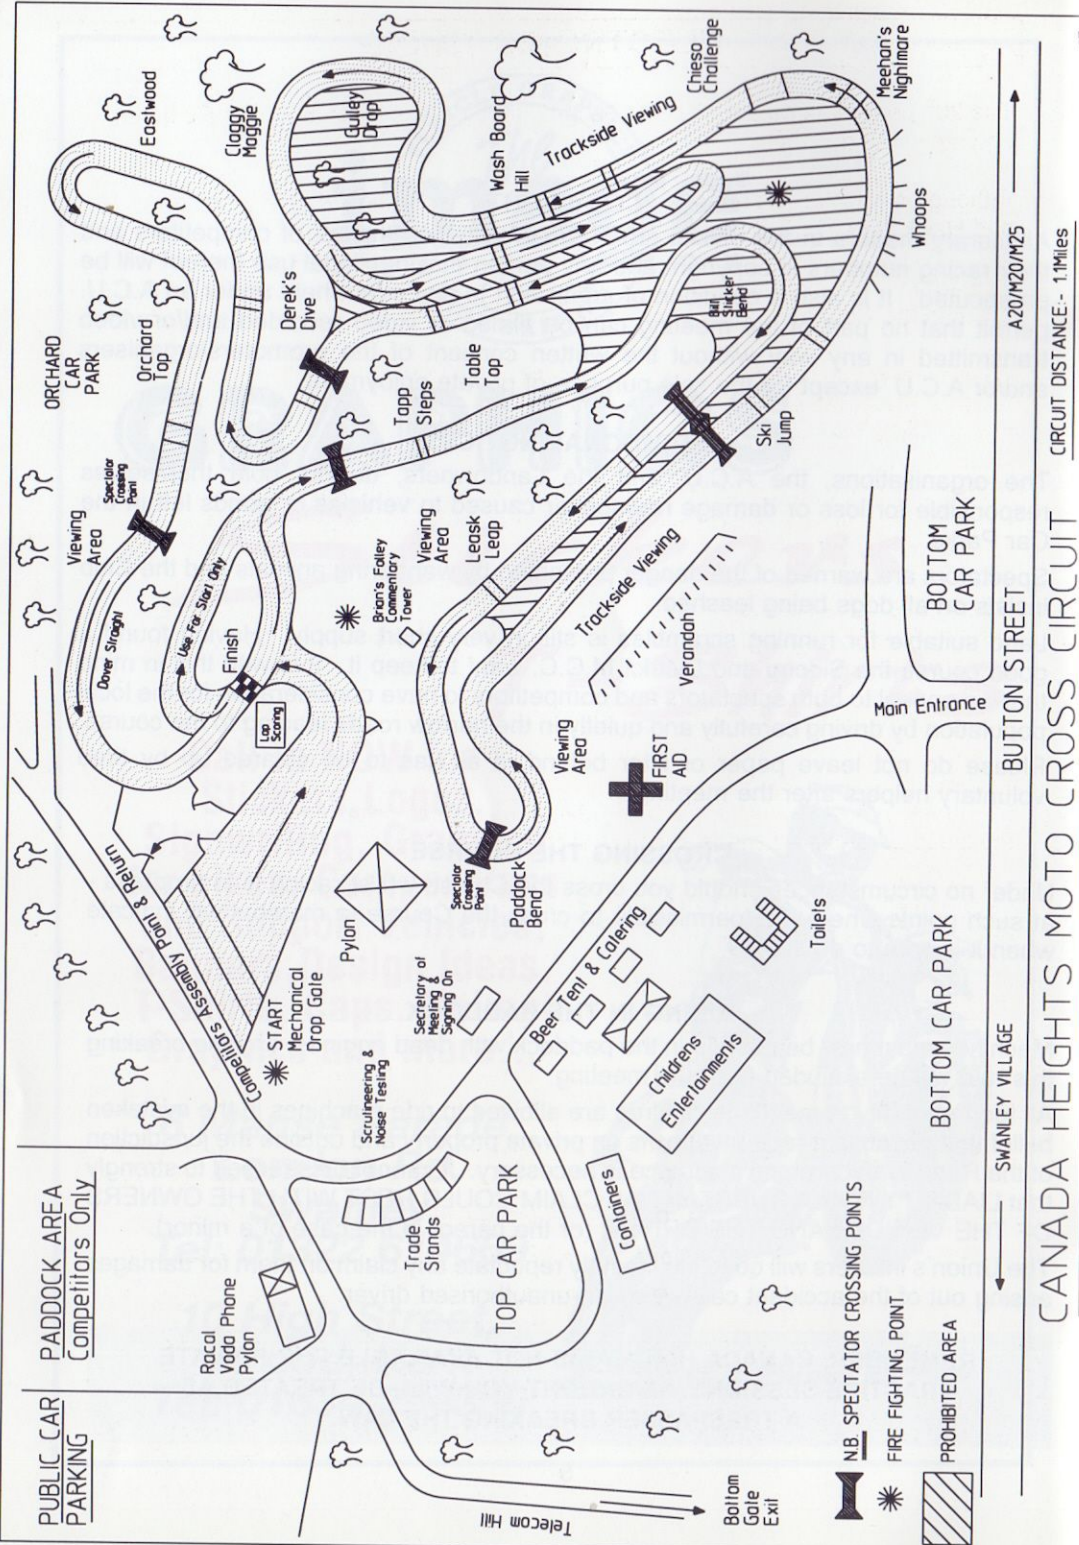

RIDING IN THE Paddock

Machines must now be pushed in the paddock with dead engines; anyone breaking this rule will be excluded from the meeting.

All too frequently at meetings children are allowed to ride machines in the mistaken belief that because a race meeting is on private property and outside the jurisdiction of the Road Traffic Act, no insurance is necessary. It cannot be stressed too strongly that **LIABILITY FOR A SUBSTANTIAL CLAIM COULD REST WITH THE OWNERS OF THE VEHICLE AND THE DRIVER** (or the parent in the case of a minor).

The Union's insurers will quite legitimately repudiate any claim on them for damages arising out of the accident caused by an unauthorised driver.

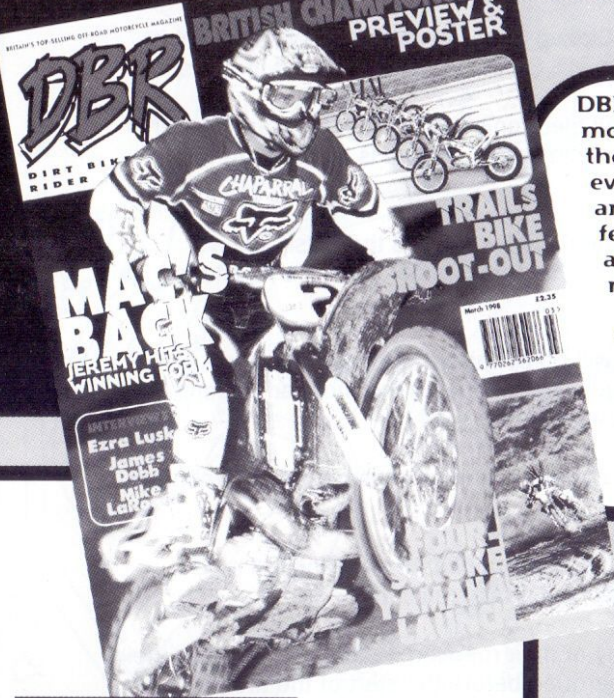

REMEMBER, CANADA HEIGHTS IS NOT AVAILABLE FOR PRIVATE PRACTICE SESSIONS. IF CAUGHT YOU WILL BE TREATED AS A TRESPASSER BREAKING THE LAW.

Britain's Top-Selling Off-Road Motorcycle Magazine

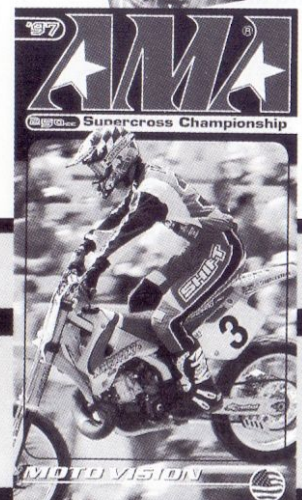

DIRTBIKERIDER

Motorcycle Magazine

DBR is Britain's best-selling off-road motorcycle magazine. It's packed with the best colour photography, in-depth evaluations on the latest machinery and top race reports. With its regular features and complete off-road coverage it makes DBR a must for any off-road enthusiast.

On-sale the third Friday in every month, check out the next issue of DBR magazine for today's race report, views and gossip. Don't Miss It. Ask your newsagent to reserve you a copy of DBR or take out a postal subscription.

Free Video

Take out a postal subscription to DBR and every month your magazine will be posted direct from our printers, delivered to your door and we'll pay the postage. In addition we'll also give you a Gary Semics Training video of your choice totally free.

MOTO VISION

Visit our sales stand for latest '98 USA Supercross rounds, MotoVision's 1998 issue 1, 1997's World 125cc, 250cc, 500cc, AMA's Supercross and Outdoor Championships and the Motocross des Nations.

For information on postal subscription to DBR and MotoVision videos contact:

SIDCUP'S INTERNATIONAL *CJP Early Birds* MOTO CROSS

Welcome to this the 1st International Moto Cross to be held at **Canada Heights** since the late sixties when the Club hosted BBC Grandstand Scrambles which included teams from Sweden and Russia.

Having lost out in the competition to promote a round of the British Moto Cross Championship this year, the Club decided to resurrect their **Early Birds Meeting** and upgrade it to an International Event.

For those of you who do not remember the title, "Early Birds" was Sidcup's name for it's early season National that precluded our successful run of eight British Championship events and the Club is determined not to lose the aura surrounding the name and hope that today will see excellent racing.

As you no doubt have heard in the technical press, we tried very hard to secure the services of **Joel Smets** from Belgium, the current Open Class World Champion, unfortunately the Belgium Federation would not release him to race in England as there is a meeting in his home country and even threatened him with a 6 week racing ban!

We then put our efforts into getting another big star and were very lucky to secure 2. The French pair of Sebastien Tortelli and Yves Demaria have both agreed to race at the Heights today and come with a full compliment of Japanese Race Technicians from the Kawasaki Factory.

However, we have been very successful with our other International competitors and we now have entries from **Joakim Karlsson** and **Mats Nilson** from Sweden, **Kenneth Jensen** and **Brian Jorgensen** from Denmark, **Remy Van Rees** from Holland, whilst from Finland we welcome **Lauri Aho**, **Janne Salonen** and **Miska Aaltonen**. Added to which, we can add from South Africa **Dennis Hewartson** and riders from all parts of the British Isles - what a great mixture!

To those of you with a technical mind, we are this year, testing for the first time in UK Moto Cross an electronic system of both timing each competitor's lap times as well as lap scoring. Each machine will carry a transponder which will trigger, via a pick up loop in the ground, a computerised system. Monitors to show you, the spectator, the results will be mounted around the lower part of the commentary tower and within the marquee - lets hope this all works 100%.

Following the Clubs efforts to give you all something different from one year to the next, we have, over the Winter Season, reversed the track, so that the riders will now come down the steps.

Finally I would like to say a big thank you to all the Companies that have loyally supported us with extra funding, our friends helping to run the meeting and all of the Club members who have toiled over those cold Winter months to get the track into the superb condition it is today.

Now it's time to put the pen away, wait for the sun to shine, the start gate to drop and the exciting sport of moto cross to begin.
Have a great day.

Dave Edwards
Clerk of the Course

A late piece of news has unfortunately left us without Mats Nilsson who picked up a broken collarbone in Italy and Remy Van Rees with a break in his foot collected at Beaucaire - we wish them both a speedy recovery.

Welcome To Canada Heights

Today we have four riders from the Essex Bike Trial Club who have come to give a demonstration of Bike Trials. The obstacles here are man made but natural sections are also used. Many makes of Bicycle are used as well as different size wheels 20" and 26."

Our riders for today are:

Stuart Matthews

Stuart is from Brentwood Essex and is an organiser for the club as well as a very good rider who came third in the Slovak World Championship round last year.

Darren King

Another Expert rider from Clacton-on-Sea who came third in the Senior Class of the British Championship.

Steve Thompson

Recently changed to the mountain bike class and is competing in this years British and World Championships Rounds.

Dean Heathfield

His main interest is in Motor Cycle Trials but use's Bike Trials to improve his balance and stammer.

I hope you enjoy the display today and if you have a interest in trying Bike Trials we run one Trial a month in the Essex area beginners are more than welcome, we have four different routes from beginners to elite riders and a mountain or normal BMX is good enough to start of with.

All enquires to Mr Brian Matthews 01277 210284.

Wiseco Piston Inc.

Wiseco Piston was established in 1941 by Mr. Clyde Wiseman in Cleveland, Ohio. The corporate headquarters are located in Mentor, Ohio a suburb 20 miles east of Cleveland.

Wiseco has just completed it's latest addition. With over 150,000 square feet of state of the art manufacturing and marketing space, Wiseco steps up to bat as a world leader. Wiseco has 250 employees. We have distribution centres in Keller, Texas, Santa Paula, California and Ontario, Canada.

Combined with our coast to coast domestic distribution system and international customers in Europe, South America, Africa, Australia and Asia - Wiseco has emerged as a world leader in the manufacturing of pistons for the motorcycle, ATV, snowmobile, personal watercraft, marine and automotive market.

The UK importer of Wiseco pistons is Vic Eastwood Motorcycles of London Road, Swanley.

Sponsorship is a vital and important part of the championship scene both for organisers and riders. To help repay this invaluable contribution, all competitors are strongly recommended to use Wiseco products when next rebuilding an engine. Support those who support our sport.
