# Foreword

Welcome to Canada Heights and round one of the 2004 MAXXIS British Motocross Championships.

The format for the series has been changed this year and we will no longer see the clash of the tiddler against the big bike in the MAXXIS Cup Race at the end of the day. To make sure the spectators still get value for their money the Championship races have been extended to 30 minutes plus 2 laps.

We have also moved forward with the times and renamed the classes. The old 125 two stroke / 250 four stroke class will now be known as the MX2 Class and the premier class will be the MXOpen or the old Open class as we knew it.

Another change will now see a presentation directly after each Championship Race to the top 3 runners on the podium truck supplied by one of our sponsors Iveco. Make sure you make your way to the top of the hill to get a closer look at the stars when they are interviewed.

If you are a keen autograph hunter there will be a special session from 11.40 to 12.10 where the riders will be available to the public at their team trucks in the paddock, feel free to come and ask your favourite rider for some hints and tips.

We welcome back our usual Trade Stands where it gives you a good chance to compare different products before you make any purchases plus we have entertainment for the children and first class catering provided by our long time partners, Weaver Bros, finally not forgetting our fully licenced bar for your refreshment needs.

I would like to extend a warm welcome to the Mayors of Dartford and Swanley and the Chairman of Sevenoaks District Council and to thank them for attending. A big thank you must go again to our series sponsors MAXXIS for their continued support.

Finally the Sidcup Club is a very active motorcycle club running over 20 events during the year, if you want to know more log onto **www.sidcupmotorcycleclub.co.uk**

**Marge Clarke**
Secretary of the Meeting.

# Timetable of Events

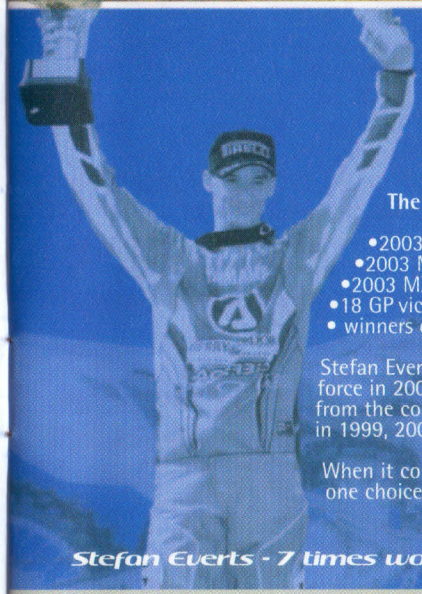
# Blue is best



**The results speak for themselves:**

- 2003 Motocross GP rider's world champion
- 2003 Motocross GP constructors' champions
- 2003 MX125 constructors' champions
- 18 GP victories in 2003 alone
- winners of all three GP classes at French GP

Stefan Everts and Yamaha proved an unstoppable force in 2003, but then what would you expect from the company that won the 500cc world title in 1999, 2001 and 2002.

When it comes to four-strokes there really is only one choice...

*Stefan Everts - 7 times world champion*

# Conditions of Admission

## WARNING!

### MOTORSPORT CAN BE DANGEROUS

Despite the organisers taking all precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only. THEY ARE CONCERNED WITH YOUR SAFETY.

**POLICE NOTICE**

Owing to the increasing number of thefts of and from motor vehicles at meetings similar to that which you are now attending, the Police strongly advise you to lock your car, or immobilise your motorcycle, and to remove all articles of value. If your vehicle is stolen you may be reimbursed for its loss, but you will get no compensation for the months of inconvenience suffered whilst awaiting the results of your claim. If you have left your vehicle insecure, spare a few minutes to immobilise it. It could save you hours in the weeks to come. Under no circumstances are dogs allowed within the precincts of the Course. This ruling will be strictly enforced.

**CROSSING THE COURSE**

Under no circumstances should you cross the Course whilst racing is in progress - at such points where it is permissible to cross the Course a marshall will indicate when it is safe to do so.

**STARTING**

A clutch start in conjunction with a mechanical starting gate will be employed in all races.

**NOTICE TO RIDERS**

Your attention is drawn to the serious consequences which could arise following an accident caused by unauthorized riding in the paddock. Liability for any claims could rest with the owner of the machine being used (or the parents of a minor).

**COPYRIGHT**

All literary matters in the Official Programme, including the list of competitors and their racing numbers is copyright and any person making illegal use thereof will be prosecuted. It is also a condition of admission to any event held under an ACU permit that no part of the meeting can be filmed or video recorded and/or transmitted in any way without the written consent of the promoters/organisers and/or the ACU, except for the sole purpose of private enjoyment.

**FLAG SIGNALS**

**RED:** Danger, all riders to stop
**BLACK WITH RIDER'S NUMBER:** That rider to STOP immediately.
**BLACKBOARD WITH "NOISE" AND NUMBER DISPLAYED:** That rider to STOP and repair silencer.
**YELLOW MOTIONLESS:** Danger, take care, drive slowly.
**YELLOW WAVED:** Great danger, prepare to stop. No overtaking.
**BLUE WAVED: WARNING:** You are about to be lapped.
**WHITE FLAG RED CROSS:** First aid personnel required.
**GREEN:** Course clear.
**YELLOW WITH DIAGONAL BLACK CROSS:** Last Lap.
**CHEQUERED:** Finish.

# Support Races

The starting lineup for the two support races, moto 1 & moto 4, will consist of riders from both classes who have not qualified for the main championship races.

You can use the tables below to enter the rider numbers and results of these two moto's.

MX2

# What's it all about?

If you've never been to top level motocross before you're in for a real treat. No other motorsport lets you get so close to the action both on and off the track. The Maxxis British Motocross Championship is the pinnacle of off road sport in the UK and attracts all the Grand Prix teams based in the country. No fewer than 19 of the riders here today are registered for the world championships. There are eight rounds, running from March through to September, with both classes in action at every round.

Following the development of the sport at world championship level we have re-named the two championship classes MXOpen and MX2. The MXOpen class is for riders on machinery up to 650cc four stroke and 250cc two stroke, while in MX2 the bikes are restricted to 250cc four stroke and 125cc two stroke. To help you pick out the difference the colour of the number plates signifies the capacity of the machine – as shown on the race list pages. Up to 60 riders in each class take part in qualifying with the top forty going through into the championship races – known as motos – in the afternoon. The non-qualified riders also get to race in the support races.

During the lunch break there is an autograph session when all the top riders will be at their team trucks to sign posters, postcards and your programme. After each race the first three will attend a prize presentation on the Iveco podium, and this year their bikes will be displayed as well. It's your chance to see them without their helmets on, and hear how the race went for them.

No sport can function without an army of people to carry out the necessary jobs to actually make the events happen. And motocross is no different. Each round is organised by a different club that is affiliated to the ACU – governing body of motorcycle sport in the UK – and they all work tirelessly to prepare the venue and provide the core of the officials required to run the event. At the top of the tree is the Clerk of the Course who has ultimate responsibility; but without the support of the other officials, as listed in the programme, the track marshals, first aid services, and a whole posse of volunteer workers, no event could take place.

We hope you have a really enjoyable day with us at the Maxxis British Motocross Championship. And if you fancy getting more involved with the sport then you can contact your local club via the ACU website **www.acu.org.uk**, or call the ACU on 01788 566400. To keep up to date with the championship log on to **www.britmx.com**.
