THE NEW 520Z COMPETITION

NICKEL PLATED PARALLEL SIDED JOINT LINK
GREATER TENSILE STRENGTH & LIGHTER WEIGHT THAN
THE FAMOUS IZUMI 520H, THE NEW SUPER CROSS CHAIN

IZUMI'S new 520Z chain was designed to meet the demands of the new generation of high powered motocross machines which churn out up to 60BHP at high speeds under all conditions. 520Z has been tested throughout the 1983 season and has come through with flying colours. Fly the Black & Yellow Chain and ride a winner.

MESSAGE OF WELCOME

ENDURO du SUPER MARE, 29th-30th OCTOBER.

I welcome this opportunity of sending a message to competitors and visitors to the Enduro du Super Mare which is being held in Weston on the 29th/30th October. I am sincere in my wish that you will enjoy your visit to Weston-Super-Mare in the District of Woodspring and I look forward to meeting you and trust that the event will be successful and your stay will be a pleasant and happy one and that you will return in the future.

CHAIRMAN OF WOODSPRING DISTRICT COUNCIL

WELCOME TO WESTON SUPER MARE for the first beach race in a series which it is hoped eventually to rise in stature and standard to equal the annual le Touquet event in the North of France.

Many fine riders are taking part in this weekends inaugural event, and I think it is an opportune moment to thank them for the confidence they have shown in the organisers wishing to take part in this first ever event of its type in the U.K.

Amongst these fine riders there are some of the best in their various branches of their sport taking part. Many times British Sand Racing Champion Declan Eccles, World 250cc Moto Cross Champion 1981 Neil Hudson, 1983 British Sidecar Moto Cross Champions Terry Goode/Gary Withers and Geraint Jones also many times British Champion in his own domain of Enduro racing. There are others too numerous to mention by name who will be hoping to win the coveted trophy donated by Woodspring District Council and no competitor can be ignored.

I would like to express my thanks on behalf of the Organisers to Woodspring District Council for the way they have made motorcyclists welcome with their assistance in the organisation of this event, and if this promotion helps to make Weston Super Mare a holiday town where people will want to return in the future this venture will have been a success.

Finally thanks to everyone who has come along to witness this occasion and I hope we will see you all return next year.

Have a good weekend!

D.O. Smith

WESTON-SUPER-MARE WELCOMES THE ENDURO TO THE TOP OF THE WEST COUNTRY.

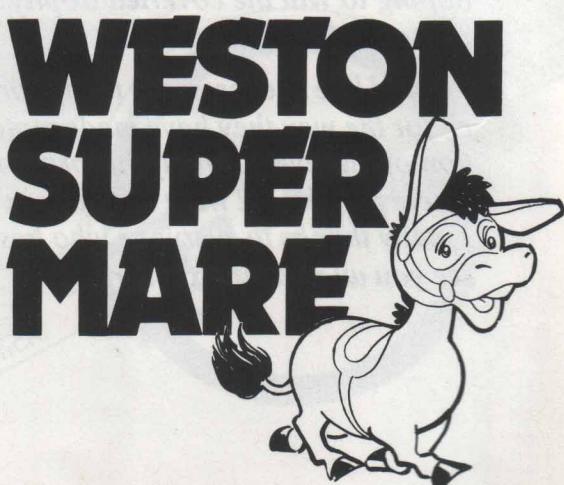

Weston-Super-Mare is delighted to host this first time event and is always delighted to welcome visitors at any time of year.

So don't let this be your first and only visit. Like the Enduro make this the first of many visits and return to our friendly family resort both for next year's holiday and the Enduro of course.

TOP CLASS HELMETS AT MIDDLE CLASS PRICES

We all know that choosing a helmet is a serious business and we all want the best we can get:— but at a price we can afford. It's easy to pay a fortune for one, and even easier to get one on the cheap.

What is needed is a helmet that has style and quality but comes at a reasonable price. That is why we at Serval chose MDS as the only helmet we market. These lightweight fibre glass helmets are certainly stylish, five different sets of team colours no less; and their extra comfortable padding ensures easy riding.

Naturally they are BSI and ACU approved, but perhaps the most important thing about them is their price, no wonder Dirt Bike Rider gave the full face top five star rating for quality and value.

Other accessories shown: Oakley goggles, Stilmotor face mask, JT Racing Mouthtrap:

WARNING

MOTOR SPORT IS DANGEROUS AND PERSONS ATTENDING THE MEETING DO SO ENTIRELY AT THEIR OWN RISK. It is a condition of admission that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers and owners of the vehicles, are absolved from all liability arising out of accidents howsoever caused resulting in damage and/or personal injury to spectators or ticket holders.

Remarkably light, and packing a hefty four-stroke punch, the XR200R has proved more than a match for the two-strokes. While they scream and squirm in the heavy going, the XR just thuds its way through with its four-stroke pulling power.

This year though, the bigger classes had better watch out because, designed along the same lines as the XR200R, the XR350R is here with its light weight and stump-pulling low and mid-range power.

XR350R

All-new this year, the XR350R's 339cc single cylinder engine features our unique Radial Four Valve Combustion chamber and twin carbs to boost mixture flow and combustion. The four radially disposed valves cover nearly all of the combustion chamber surface, and are driven by their own sub-rockers from a central overhead camshaft. The spark plug

is ideally located in the centre of the combustion chamber. One large carb would have been perfect for high speed power output, but at the expense of low-speed output. Hence the two carbs on the XR350R, one for good low and mid-range throttle response, the other chiming in at higher revs.

Other features of the new XR350R are a dry weight of only 113kg, 41mm air-assisted front forks, Pro-Link single-shock rear suspension with 12 compression and 4 rebound damping settings, a box-section lightweight swingarm, and new aluminium wheel rims with straight-pull spokes.

XR200R

The bike that won the British and Welsh Four-Stroke Enduro Championships in 1982, the XR200R is still the same lightweight, gutsy machine it was last year. Its engine is a simple, but punchy four-stroke single with over-

head camshaft, CD Ignition and screw-type tappet adjustment.

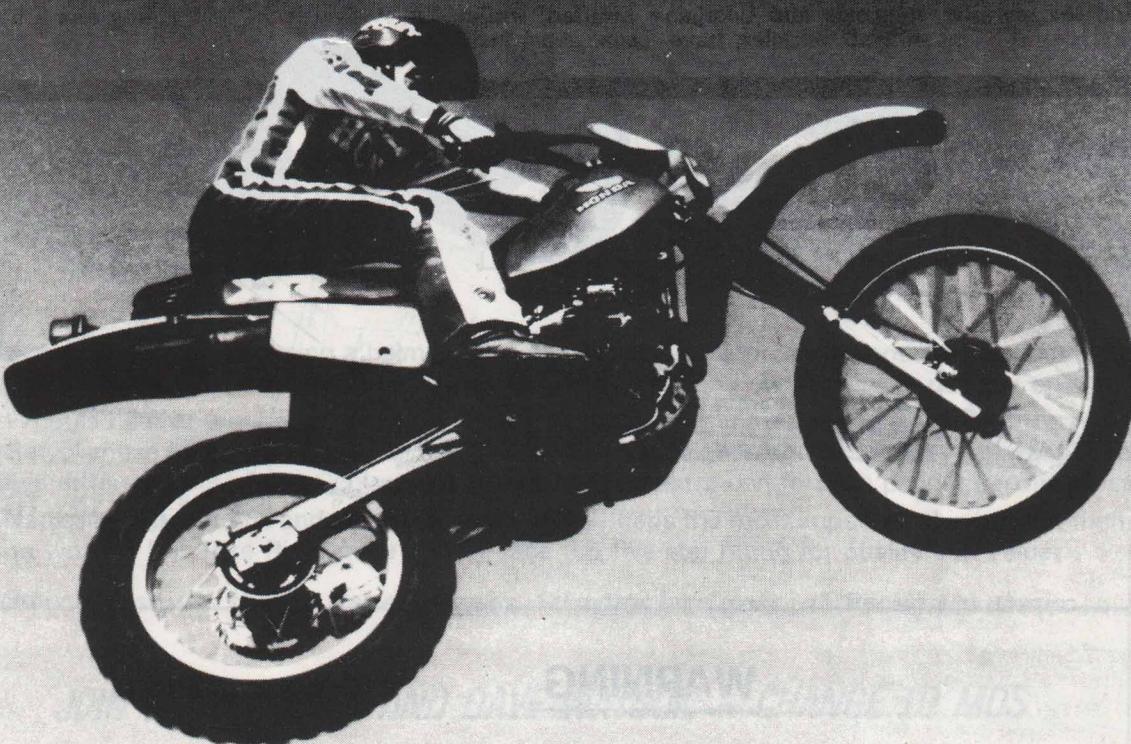

Front forks are air-assisted 35mm units, and rear suspension is our famous Pro-Link single-shock system with adjustable spring preload and adjustable damping.

Dry weight is an impressive 101kg, making it barely any heavier than its two-stroke rivals.

The XR350R and XR200R are only available through our Off Road Competition dealers.

For literature and prices phone the **Honda Hotline** on 01-409 3189.

Husqvarna

THE '84 VIKING INVASION HAS ARRIVED

NEW '84 WATERCOOLED 250CR

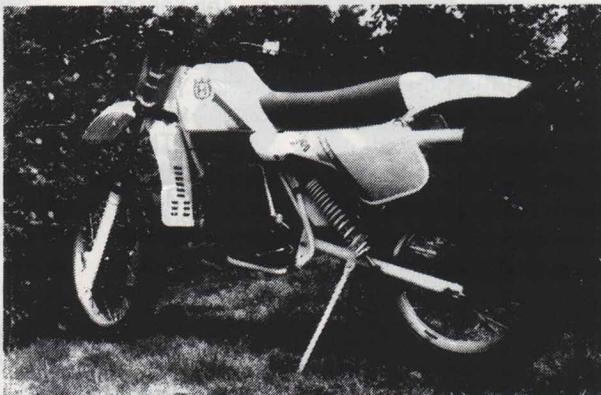

New features include modern style plastic tank (10 litre capacity), slimline blue/white seat allowing improved movement. Redesigned front fender and unobtrusive radiator mounting.

Engine:- New watercooled motor giving perfect power, superb style with Swedish quality.

NEW '84 500CR

New tank and seat giving improved riding position and reduced weight. Improved cylinder porting giving even torquier power than '83. New exhaust gives more low and mid-range power. ITC units have new improved damping.

NEW '84 250WR

All new 10 litre plastic tank, seat etc. '84 cylinder features three port exhaust for better low and mid range power. Redesigned headlamp/number plate assembly. Fitted with Trelleborg tyres, front and rear and Mikuni carb for clean crisp controllable power.

"Even better than our best selling '83 machine"

For details of these and our other 1984 models ring or see your local dealer NOW

Should you have any difficulty ring
