

WORKS FOR THE CR250R. WORKS FOR THE CR125R TOO.

The all new, head turning Honda CR125R has the look of a true champion. The innovative lightweight twin spar aluminium frame features dual box section twin spars strong enough to take on the toughest circuit, providing remarkable handling at racing speed.

We've modified the engine too, and given it a 5-speed gearbox for a more comfortable range of shifting ratios.

Exhaust valve size and shape have been changed for increased power output. New ignition timing and cylinder port timing give better high r.p.m. feel, whilst new flexible reed valve improves throttle response with better low to mid-range control.

Bolt that lot into a frame that's based on the current world champion CR250R and you've got a gutsy, unbeatable combination that'll have the competition eating dirt.

The Shape of the Future... ...backed up by hard facts

Fact: Yamaha rider Alessio Chiodi blitzed the opposition to win the 1997 World 125cc Championship on his production-based Yamaha YZ125. **Fact:** Yamaha's radical new YZM400F 4-stroke won races at five 500cc Grand Prix in its debut season. **Fact:** Doug Henry made motocross history by taking his Yamaha YZM400F to the first ever Supercross win by a 4-stroke at Las Vegas in May. **Fact:** Yamaha motocross bikes won more Grand Prix races in 1997 than any other manufacturer. **Fact:** Yamaha is the only manufacturer to win races in all three Grand Prix categories – 125cc, 250cc and 500cc – in 1997.

You're looking at the beginning of a new era in the off road world.

Equipped with a high-agility 250-sized chassis and pumping a super-wide band of 500-class torque, the awesome new 55 horsepower YZ400F 4-stroke is undoubtedly the shape of the future.

Running with uprated motors and modified chassis designs, the latest GP-developed YZ125 and YZ250 are ready to win at every level – while our YZ80 and YZ80LW get tough new high rigidity frames.

'98 YZ. The widest choice of winning motocrossers. Ever!

Quality Guaranteed Used Cars

As Europe's leading supplier of new tax free cars to British Forces and Diplomatic personnel, Natocars has over 34 years experience of delivering total customer satisfaction. Customers all over the world buy their cars from Natocars without even seeing it or meeting us because they trust us and know that we offer the best deal!

We apply the same ethical principles to our Used Car Centre in Taunton Road, Bridgwater, to ensure that once we have earned your custom you will come back time and again.

Our start point is to offer a wide choice of privately owned, low mileage used vehicles in superb condition, at very low normal dealer prices. We acquire these vehicles from our new car customers in part exchange as, due to their entitlement to special discounts and VAT saving, they change their cars frequently. Simple economics dictate that we sell these cars quickly to get our money back to run our new car business.

We are happy and our customers benefit from the lower prices.

However, our commitment extends well beyond a good price. As a Natocars customer you will enjoy the benefits of our Customer Commitment programme to give you complete peace of mind and security.

STOP AT NOTHING WITHOUT DP PRO-MX!

If you're going to ride like a winner, you should stop like one. With the #1 choice of off-road and motocross champions everywhere. Sintered metal brakes from the company that pioneered them ... DP Brakes.

Always on technology's cutting edge, DP Brakes continues to lead the industry with their new DP Pro-MX premium off-road brake pad. Two years of intensive R&D deliver an industry-high "HH+" friction-rated pad that easily outperforms original equipment and other off-road pads. All that plus quick break-in/ initial response, a high-tech ceramic heat shield and no brake fade.

DP Brakes ... because you'll have to stop at least long enough to pick up your trophy.
