# CASTLE

# Welcome Willkommen Bienvenue Alreet

A very warm Cumbria Twinshock welcome to Farleigh Castle.

A lot of people in the paddock will know this but, just in case you don't, here's a brief history lesson...

For many years the first weekend in July was traditionally the date for the British 500cc GP and we're proud to honour this with our King of the Castle meeting.

For many of you racing it'll be just one weekend out of a packed calendar, for others it will

be the only event you contest all year – but whatever your reason for coming to Farleigh, please stay safe and enjoy yourselves.

As always, I have to say a massive thank you to the Cartwright Hignett family at Iford Manor along with Steve Thompstone, Ray Fox and Tom. You're all stars and without your support none of us would be here!

# MOTOVERDE

**OUR MISSION IS TO BE THE BEST CLEANER AVAILABLE FOR EVERY PERSON'S ROAD AND OFF-ROAD MACHINE.**

At Motoverde we have made it our goal to educate everybody about the harm that aggressive cleaners can cause to your pride and joy. We are passionate about our chemicals just as you are about enjoying your ride which is why we are committed to providing you with safe, high-quality products that are affordable to all.

Our journey began back in 2012 when we manufactured Bike Wash after an initial six months of endless testing to bring a safer alternative to the market. Within the last 9 years, we have expanded our product range to offer different sectors across multiple countries the safest cleaning products available.

Our products are manufactured in house by us in Coventry, UK with extensive research and development put into each new product to ensure the best quality possible. We understand how aggressive chemicals and cleaners can be, causing long term damage to your ride which is why we think everybody should be able to clean without worry. Our products are designed to be safe on all parts, surfaces and materials, whilst still being powerful and easy to use.

**MOVE FORWARD. CHOOSE SALT-FREE.**
