WELCOME

On behalf of Herefordshire Twinshock Club, I would like to welcome you all here this weekend to Farleigh Castle.

Well here we are again! This is our third year of running this "King of the Castle" meeting and I hope that you all agree that we haven't made too bad a job of it.

Last year was the 70th anniversary that motorsport events have taken place at this historic venue. In this 71st year and all the years that are still to come, I do believe that there is still history to be made at this world famous circuit.

I would just like to say a big thank you too all those who have made this weekend possible, without the help of many this event just would not run.

I hope you all have a good day and have a safe trip home.

Yours in sport

Mike Partington
Clerk of the Course

MARK COOK'S
CCM BRITAIN LTD
KEEPING THE FAITH

Cook Competition Machines, Motorcycle and parts manufacture 1972 - 1981 BSA Based 4 Stroke Machines Dedicated to maintaining Alan Clews fine work and developing it for the future Making dreams come true and banishing the nightmares of owning a classic CCM

From a single washer to a complete bike CCM Britain is your answer. Although we don't claim to always have everything in stock, you can pre-order from the next batch to be manufactured. Fast moving parts can normally be dispatched next day. All parts are CAD drawn and machined to accuracy unknown in yester-years. All parts not in stock, are in some stage of development. Be it a drawing, a pattern or semi-finished state. All parts are improved as much as authenticity allows. If you really want we can make weld for weld copies of an original frame. Frames are constructed in jigs that have no greater error than 1mm. Being CAD drawn, the geometry is controlled to give exceptional handling. Even the wheels line up now! A whole host of engine improvements have been made to a point where ease of starting and reliability are close to that of a modern race bike.

We work in close cooperation with Interspan Electronic Ignitions, and the new replacement units are unrivalled any where in the world. Our products are ridden and approved by to name but a few, Jimmy Aird, Mike Barnes, Andy Nurden, and Vic Allan
