**Don't confuse progress with innovation!**

**Addresses engine cooling in a whole new way...**

1. Instantly drops engine temps, 40 to 60 degrees
2. Safe for all 2&4 stroke applications
3. Dyno proven HP increases
4. Contains no friction modifiers (moly, Teflon, or silicone) & is safe for all clothes
5. Significantly reduces heat / wear
6. Increases the life of all oil related parts
7. Has no residual effects, empties out with every oil change
8. Compatible with all engine oil
9. Add 2oz per quart of oil
10. Saves on expensive repairs
11. The best and least expensive way to cool your engine
