Foreword

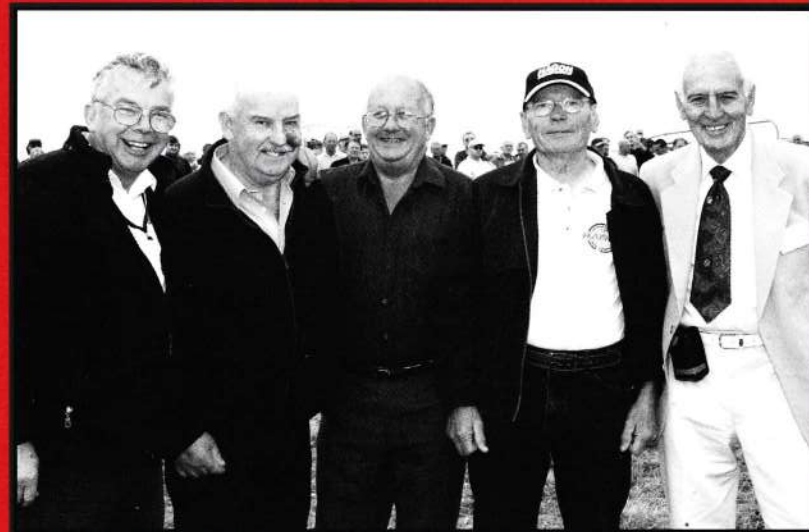

Welcome to the second staging of the Grand Slam, here at Rhodes Minnis, Britains Fastest Grass Track. We are sure nobody who was present last year will forget the high drama we had in the two major finals, Paul Hurry falling when leading in solo's and Colin Blackburn/Martin Bailey suffering a front wheel puncture causing them to crash two bends from the chequered flag when they looked to be certain winners.

Today's solo line up will see the UK's top two, Kelvin Tatum and Paul Hurry battle it out once more not only against other favourites Joe Screen, Jeremy Doncaster and Trevor Banks but also British Speedway's number one Scott Nicholls who but for mechanical problems would have won the British Masters Grass Track championships four years ago. Watch out for the three Tressariieu brothers from France all established top performers plus, several young Germans including Daniel Rath who won last years B Final. All the countries top sidecars line up once more, several of whom will be making the overnight journey back from Osnabruck where they were riding last night.

Many eyes will be on former Australian Sidecar Speedway Champions and 2002 British Super Cup holders Darrin Treloar/Justin Plaisted who we doubt will have seen a circuit quite like this before. Once again we stage the British Under 21 Championships and today's line up contains just about every up and coming youngster in the country, which will no doubt ensure plenty of cut and thrust racing.

Finally, no meeting at this track would be complete without paying tribute to riders who graced the circuit in the 50s and 60s and today many of these riders will be present, some with original machines, and they will complete a lap of honour.

Enjoy your day - Astra Grasstrack Club.
