Clubs of the Cheshire Centre for providing Marshals for the course
Dr. K. Kay and the British Red Cross Society for Medical Services
R.A.C. for help given in routing roads to the course.

BRITISH MOTO CROSS CHAMPIONSHIP
ROUND ONE

Hatherton, near Nantwich, Cheshire

on Sunday 20th March 1977

Start 2.00 p.m.

Welcome to Hatherton *Official Programme 20p*

Once again this famous Cheshire circuit welcomes the first round of a British Championship, and this time the opening event of the 'new-look' series carries on a long tradition of top-class national scrambling at Hatherton.

The championship itself draws all the best riders in Britain, and in addition we have the supporting races for all those hopeful young riders aiming to be graded for the top 35 in 1978

There will be two main races for the supporting riders, in each of which the top ten finishers will gain points to decide their overall positions at the end of the season. Because of the massive entry for these races, and the limited racing time, we are running heats today for those riders wishing to be included in the two supporting races. Those who do not qualify will still get a chance of an extra race later in the afternoon.

The Nantwich and District Motor Club would like to express its thanks to Mr. Vernon Cooper for the use of the land, to the Nantwich Division Red Cross, to all officials and marshals helping out here today, and, most important, to the spectators.

---

* NANTWICH AND DISTRICT MOTOR CLUB *

Affiliated to the Cheshire Centre A.C.U.

Next scramble on this circuit — April 17th 1977

Other dates to watch out for:

May 22nd September 18th October 2nd October 16th

The Motor Cycle British Moto Cross Championship

by Motor Cycle's Chris Myers

British Championship Opening Round 1 and 2.

Welcome to the opening round of what is sure to be the best-ever 'Motor Cycle' British Moto Cross Championship.

Here at Hatherton today the organising Nantwich Club are host to all the country's top moto crossers who will be battling for increased prize money and a good opening place in the championship.

'Motor Cycle' is again sponsoring the series and we promise to do all we can to make 1977 a year to remember in British moto cross. This year you will notice Motor Cycle's presence much more at all rounds and behind the scenes we're working flat out to make sure that everyone everywhere knows about the Motor Cycle British Moto Cross Championship.

Well back to today and those 35 men and machines who will be duelling out on the track.

British number one Graham Noyce heads the entry making the trip over from the continent specially. Graham won the championship last year easily – he won 12 out of 14 races he entered and must be tipped for the top in 1977.

But don't think he'll have it all his own way – there are 34 other men who are aiming to make sure that he won't. There's John Banks, for example; multiple British Champion and CCM Grand Prix contender. John's been going really well this season and he's beaten Graham at Hawkstone Park and Tweseldown so far.

Then there's another former British Champion and Husqvarna Grand Prix contender, Scot Vic Allan. Vic staved off the Noyce challenge in 1975 and could do it again in 1977.

Vic Eastwood is CCM mounted again this year and can always be guaranteed to ride well. And the two Kawasaki men: Stuart Nunn and Geoff Mayes will be out on the all-new green meanies determined to win.

Another CCM man is Bob Wright who's had some terrific rides this year and can be guaranteed to go well, Andy Roberton, a veteran in moto cross terms, will be out on the Jim Sandiford Montesa and look for Husqvarna's hope in the world 250 cc series – midlander Rob Hooper, sixth in last year's contest.

Five promising young men came up to the championship from the support series this year and one of them Steven Beamish has been well up with the established stars this year – keep your eyes peeled for him.

So that's it: the country's top moto crossers, backed by Motor Cycle in the best championship ever, settle down in your favourite spot and enjoy the action.

Look for Chris Myers' report in Wednesday's Motor Cycle.
