TOP CLASS HELMETS AT MIDDLE CLASS PRICES

We all know that choosing a helmet is a serious business and we all want the best we can get: — but at a price we can afford. It's easy to pay a fortune for one, and even easier to get one on the cheap.

What is needed is a helmet that has style and quality but comes at a reasonable price. That is why we at Serval chose MDS as the only helmet we market. These lightweight fibre glass helmets are certainly stylish, five different sets of team colours no less; and their extra comfortable padding ensures easy riding.

Naturally they are BSI and ACU approved, but perhaps the most important thing about them is their price, no wonder Dirt Bike Rider gave the full face top five star rating for quality and value.

Other accessories shown: Oakley goggles, Stilmotor face mask, JT Racing Mouthtrap:

ANNOUNCEMENTS ! !

It would be appreciated if all those attending today's Meeting would kindly read the following announcements, which are of direct interest and concern to them.

WARNING.

MOTOR SPORT IS DANGEROUS AND PERSONS ATTENDING THE MEETING DO SO ENTIRELY AT THEIR OWN RISK.

"It is a condition of admission that all persons having any connection with the promotion and/or organisation and/or conduct of the meeting, including the owners of the land and the drivers of the vehicles, are absolved from all liability arising out of accidents howsoever caused resulting in damage and/or personal injury to spectators or ticket holders."

POLICE NOTICE.

Owing to the increasing number of thefts of and from motor vehicles at meetings similar to that which you are now attending, the Police strongly advise you to lock your car, or immobilise your motor cycle, and to remove all articles of value. If your vehicle is stolen you may be reimbursed for its loss, but you will get no compensation for the months of inconvenience suffered whilst awaiting the results of your claim. If you have left your vehicle insecure, spare a few minutes to immobilise it. It could save you hours in the weeks to come.

DOGS.

Under no circumstances are dogs allowed within the precincts of the Course. This ruling will be strictly enforced.

CROSSING THE COURSE.

Under no circumstances should you cross the Course whilst racing is in progress—at such points where it is permissible to cross the Course, a marshal will indicate when it is safe to do so.

STARTING.

A clutch start in conjunction with a mechanical starting gate will be employed in all races.

FLAG SIGNALS.

Chequered Flag	Finish.
Black Flag with number displayed ...	Driver riding machine bearing that number to stop.
Red Flag	Danger. All machines stop.
Yellow Flag	Caution.

NOTICE TO RIDERS

Your attention is drawn to the serious consequences which could arise following an accident caused by unauthorised riding in the paddock. Liability for any claim could rest with the owner of the machine being used (or the parents in the case of a 'Minor').

Husqvarna

Since its introduction the 1984 range of production Husqvarnas have proved to be the most competitive machines at all levels. Willie Simpson took the 1984 production 500CR to 6th in the British Championships and to the overall win in the Weston Beach Race, while Stuart Coyle has taken the 250CR to many successes and is now about to take on the British Support Class in '84. Our 125 has also proved to be a class winner showing many lads that a fast bike can also handle and be reliable too.
