1980 BRITISH 250 cc MOTO CROSS GRAND PRIX

Foreword : by Alex Hodgkinson

The 250 World Moto Cross Championship might not be as glamorous as the 500 series but it more than makes up for it with the competitive nature of the racing.

Not only are there far more riders capable of winning a Grand Prix in the 250 class but machine-wise there are machines from all over the world fighting it out for points, a very different story from the 500 class in which the Japanese big four of Honda, Kawasaki, Yamaha and Suzuki dominate.

Georges Jobe, the 19 year old Belgian, won his home GP for Suzuki and Germans Rolf Dieffenbach and Fritz Kobele won two of the first three rounds on Hondas but in the most open contest for years they are facing stiff opposition from two of the longest established factories in Moto Cross — CZ and Husqvarna.

Despite the loss of last year's 250 world champion, Swede Hakan Carlqvist, Husqvarna are well represented in the chase for the title by Raymond Boven, Dimitar Rangelov, Patrick Fura and Erik Sundstrom while for CZ the irrepressible Jaroslav Falta is having his best season since he was beaten for the title in 1974.

The Czechoslovakian, whose career since then has been dogged by illness and injury, is so unpredictable that 'Enigmatic' has become his middle name but, despite the return to the CZ fold of the Russians Gennady Moiseev and Vladimir Kavinov, he has been the top runner from Eastern Europe this year.

Moiseev has been disappointing but he can never be ruled out. He scored two wins here at Hawkstone in 1977 and has not been beaten on British soil since 1975. The three times world champion will be anxious to show his true mettle today.

Jan Kristoffersen and Jean-Paul Mingels of Yamaha and SWM's Jean-Claude Laquaye have had to play supporting roles so far this year but both have the ability to win while Hawkstone's sand should suit Dutchmen Kees Van der Ven and Bennie Wilken riding Maico and KTM respectively.

Unfortunately Britain's main hope for success, Neil Hudson, is out of action at the time of going to press with a broken ankle but Rob Hooper, Billy Aldridge and Dave Watson have all shown good form in Continental rounds and with the encouragement of their home crowd could spring a surprise.

Completing the British line-up for this one round are two men with vast GP experience. Roger Harvey, currently in the middle of an outstanding run of success, was fifth in the 125 world championship four years ago while Andy Robertson represents Yamaha, who, along with Girling Gas Shocks, are sponsoring today's meeting.

It all makes for a day of exceptionally exciting Moto Cross with the rest of Britain's best riders in the three supporting races. The odds are that at the end of the day you'll be noting the date of June 21st, 1981 in your diary for on that day the Salop Motor Club will again be organising the British 250 Grand Prix here at Hawkstone Park.

LAP SCORE CHART

[illegible]

A chip off the new block.

Any motocross fan will know by now that Yamaha's all-new YZ465 has proved a winner right from the start. In its first ever outing in fact.

Since then it's kicked dirt in the faces of its competitors with several more wins, the latest one being an international race in France with Andy Robertson on board. An impressive start to the 80s to say the least.

Chasing hard in big brother's tyreprints is the all-new YZ250, again featuring the 465's refinements: new, lighter frame, lighter, more powerful engine, revised Monoshock with remote reservoir, and increased suspension travel front and rear.

And following hot in their tracks are the YZ125, again an all-new bike, the improved YZ100 and YZ80, and the YZ50—the first 50cc motocrosser from Yamaha.

So, big or small, when it comes to fighting dirty the new YZs are the champs.

A shock for school bullies.

If anyone's going to get pushed around in 1980 it won't be Yamaha.

Big brother of our family of competition motocross machinery the YZ465 – with its unique Monoshock – has been kicking dirt in its opponents' faces since its first-ever race. First place first time out.

Like the 465, the YZ125 is an all-new machine.

A lighter but stronger frame, lighter, more powerful engine giving it more punch, revised Monoshock with remote reservoir, and more suspension travel front and rear help you to fight dirtier than ever.

Remember, the bigger they come the harder they fall.

Backing up these boys are the YZ250, again all-new, the revised YZ100 and YZ80, and the YZ50 – the first 50cc motocrosser from Yamaha.

So, big or small, if you don't want to get picked on, pick a Yamaha.

You know you're gonna beat
them on a Yamaha.
