Concentrating on a highly specialised sector of the market, Century competes successfully in this field with some of the world's largest international oil companies.

Century products are formulated to cope with the many and varied, general and specialist needs of industry, commerce, transport, agriculture and the consumer.

Before being launched, all grades are fully tested to ensure their efficiency, safety and economy of operation in relevant process and environmental conditions.

1983 CENTURY OILS BRITISH MOTO CROSS CHAMPIONSHIP

Foreword by Dave Smith

Welcome to Torquay the Moto Cross heart of Devon for the Fifth Round of the Century Oils sponsored British Moto Cross Championship.

After the heaviest conditions so far experienced at the last round in May at Cambridge, one comes to Devon hoping that the sun is going to shine on us this July weekend.

Loving every minute in the previous rounds conditions Honda's Dave Thorpe actually increased his lead over last years British Champion Neil Hudson (Yamaha) with two victories, which may be small recompense for their below average performances so far, whatever the reason, in the world 500 cc championship. Third in the table is former World & British Champion Graham Noyce who has still got the leaders in sight and his main aim today will be to get into close contention with the leading duo in the championship. I think it is guaranteed that sparks will fly in all 3 quarters today. Behind them although not out of reach is Yamahas Dave Watson who whilst again, has not had lady luck completely on his side in his pursuit of the 250 world crown has offered more consistancy in the home series.

A battle rages behind Watson between Kawasaki's Kurt Nicoll, returning to the domestic scene after a collar bone injury, Scotlands Willie Simpson, Suzuki's Jem Whatley and veteran Yamaha teamster Roger Harvey. Hopefully with better conditions prevailaing we can look forward to a furtherance of what has become a major dispute over the lower placings in the top 10. Completing the top 10 are Honda's Steve Beamish who so far this season has only seemed able to pull the stops out in this Championship and Gloucester based Ulsterman Steve Russell who is another rider who is reappearing on the domestic scene after sustaining a shoulder injury in a recent televised event.

The cut and thrust of the support championship also continues today with Honda's Tony Caig leading the fray. However, a two pronged Yamaha attack has been launched with Greg Hanson and the in form Kevin Froud aiming to upset the Honda mans domination of the championship. Only 3 points behind Froud is another Yamaha, this time in the capable hands of Worcesters Rob Andrews whose championship performances this year have attained a considerable amount of maturity. The scrap for the final promotion place for the 1984 top 35 still continues between two Northerners Cagiva's Mark Fulton, and Scot Dennis McGarrie with just 5 points separating them.

All in all, the scene is set for five marvellous championship races here today. Stand or sit back and enjoy them all!

Finally as is usual many thanks to our Sponsors and everyone else that has helped in any way to make this event the hoped for success.

TOP CLASS HELMETS AT MIDDLE CLASS PRICES

We all know that choosing a helmet is a serious business and we all want the best we can get: — but at a price we can afford. It's easy to pay a fortune for one, and even easier to get one on the cheap.

What is needed is a helmet that has style and quality but comes at a reasonable price. That is why we at Serval chose MDS as the only helmet we market. These lightweight fibre glass helmets are certainly stylish, five different sets of team colours no less; and their extra comfortable padding ensures easy riding.

Naturally they are BSI and ACU approved, but perhaps the most important thing about them is their price, no wonder Dirt Bike Rider gave the full face top five star rating for quality and value.

Other accessories shown: Oakley goggles, Stilmotor face mask, JT Racing Mouthtrap:

Sierra wins Top Car Award for 83.

The Top Car Award is an accolade that's really worth winning. It's presented by the Guild of Motoring Writers who represent 380 top motoring journalists.

The Award is given for all-round excellence in competence, efficiency and quality. And the new Sierra won it by a

margin of 34% over the nearest competitor amongst no less than 36 new cars (introduced between November 1981 and October 1982).

It's certainly nice to have our opinion of the Ford Sierra confirmed by people who know what they're writing about.

See the new Sierra in our showrooms.
