SPECTATOR SAFETY & BEHAVIOUR GUIDELINES

SPECTATORS ARE NOT PERMITTED IN THESE AREAS
SPECTATORS ENTERING THESE AREAS MAY RESULT IN THE QUALIFYING OR RACES BEING STOPPED AND MAY ALSO FACE PROSECUTION

PROHIBITED AREAS

No person or vehicle shall during a closure period enter or remain on any area of land specified as a Prohibited Area. The extent of the Prohibited Areas shall be clearly marked and indicated by notices bearing the words 'PROHIBITED AREA'.

RESTRICTED AREAS

No unauthorised person or vehicle shall during a closure period enter or remain on any land specified as a Restricted Area. The extent of the restricted areas shall be clearly marked and indicated by notices bearing the words 'RESTRICTED AREA'.

RESPONSIBILITY

TT race spectators have a responsibility to themselves, the marshals and the riders to watch the races in a responsible manner.

Any unruly spectators will be dealt with by the police and in order to do so the qualifying or race may have to be stopped. The safety of the public, marshals and riders will not be compromised.

Please enjoy the event and we look forward to welcoming you back on the Island for many years to come.

The **TT Races** are one of the greatest spectator sports in the world. Nowhere do you get as close to the action as you would sitting on a hedge on the Isle of Man surrounded by breathtaking scenery as the world's leading road racers pass you.

Motorsport is dangerous and while the organisers recognise that you want to get as close to the action as possible you must follow the rules, listen to the marshals and keep your wits about you at all times. The bikes can reach speeds of up to 200mph and at no point can you go onto the track itself until the passing of the roads open car.

Every year the course is reviewed by leading motorsport figures and spectator viewing areas are altered according to the nature of motorsport. Changes in machinery mean that what has previously been safe may no longer be the case. As a result areas that you may have previously watched from may now be prohibited or restricted. You must respect the marshal's advice and look for an alternative viewing area. With a track stretching over 37 miles you are not short of alternatives!

TT AIRSPACE RESTRICTIONS

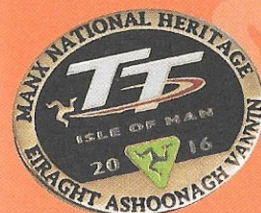

The airspace above the TT Course can get very busy with emergency and filming activity before, during and after practice/race sessions.

To enable these essential helicopter activities to take place safely, a "no-fly" zone is established above the TT course up to an altitude of 3,000 feet above sea level (approximately 1,000 feet above the height of Snaefell Mountain). Only specifically authorised aircraft are allowed to enter and operate in the "no-fly" zone.

OPERATION OF SMALL UNMANNED AIRCRAFT, SMALL UNMANNED SURVEILLANCE AIRCRAFT AND DRONES IS STRICTLY PROHIBITED IN OR AROUND THE TT COURSE DURING QUALIFYING AND RACE SESSIONS.

Heavy penalties, including fines up to £2,500, may be imposed on those convicted for breaking the law in this regard.

Issued by the Isle of Man Civil Aviation Administration

COLLECTABLE TT PIN BADGE

Support the Isle of Man's heritage and culture by purchasing your TT Pin Badge, providing free entry to the Island's top heritage attractions. Available to buy at the TT Grandstand - Manx Museum Laxey Wheel - House of Manannan - online. Only £10. Valid from 28 May to 12 June

manxnationalheritage.im

12.30 hrs - POKERSTARS SENIOR TT RACE 6 Laps

Qualifying and Race schedules are subject to change.

Check the **ROAD INFORMATION LINE 01624 685888** on the day.

All details correct at time of going to press.

All competitors have been issued a 'Riding Number' which is listed in the following pages of the Official Race Guide. This number will be displayed on all machines in the usual manner. This is a seeded riding number and has been issued based on previous best lap speeds achieved in race conditions only (not qualifying).

Riding numbers **WILL NOT CHANGE FOR ANY COMPETITOR.**

The riding numbers will be used for group seeding during qualifying.

(ie: seeded group one No's 1-30, seeded group two 31-60 etc.)

The top 20 seeded competitors in all Solo Races and top 10 seeded competitors in the Sidecar Races will, subject to qualifying, start their races in the traditional way, in numerical order at 10 second intervals.

No other competitors will be moved into any of these seeded positions nor will any of the seeded riders be moved out.

All other competitors will be issued with a grid position which will be the position they start their races and will be based on qualification times. The list of grid positions will be issued daily via **iomtt.com** and Manx Radio TT.

Competitors will be issued with a small numbered decal which will be displayed on the front number plate of the machine. This decal will indicate their grid position and position they will start the race from. (eg: Rider No 46 finishes 21st in qualifying therefore will start the race as No 46 with small decal 21)

Grid positions will be issued for all races prior to the first day of racing.

Subsequent qualifying sessions during race week will not count towards grid positions for any races, however competitors who have not qualified for a given class after the Friday evening qualifying session, can still qualify to start a later race, during the race week qualifying sessions. These competitors will start from the back of the grid.

THE ISLE OF MAN TOURIST TROPHY

is the only race we watch again and again, and are scared each time. Driving around bumpy and winding public roads at speeds of up to 330 km/h is not what one would call an easy task but John McGuinness does it with ease and has won it more than 20 times. There's no magic recipe involved, being a TT man implies that a different type of lifestyle is required but most of all it's down to trust. Trust in the team, the bike, in himself. The trust he shares with Honda is the trust MOTUL puts into engines: a reward for ingenuity, facing fear and erasing doubts.

SUPERBIKE LAP RECORD
Bruce Anstey 2014 • 132.298mph

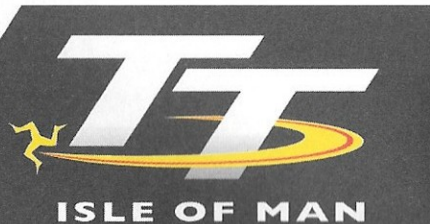

No: Rider:

Race Winner: Race Time: Race Speed:

Fastest Lap: Lap Time: Lap Speed:

What have we learnt from our victories? Not so much. We've won a lot on this island, but when we failed to win a race in 1959, we learnt the most. When chains creaked and stretched, we re-designed them. When holes burnt through our pistons, we made new spark plugs. When we weren't quite fast enough in the corners, we flew home and built bendy roads to practise on. And in 1961, we came back. And we came first, second, third, fourth and fifth.

SIDECAR RACE 1

Important information for TT visitors

One-way system in operation over the Mountain Road for TT Festival

2016 marks the 109th anniversary of the Isle of Man TT Races and the Island is looking forward to offering a warm welcome to visitors. With this in mind, a **one-way system** will again be in operation over the **Mountain Road, from Ramsey Hairpin to the Creg Ny Baa** for the duration of the TT Festival.

The uniqueness of this road racing event creates safety issues that you might not automatically think about. Here are a few road safety tips that will help you to enjoy TT2016:

- The TT course is comprised of public roads, and these roads are closed when the races are in action. However, it is important to remember that when the roads are open both residents and visitors use these very same sections of the course for their day to day activities. With this in mind, you should be prepared for regular traffic on the TT course including queues at roundabouts and junctions.
- When parking, make sure you don't leave your vehicle on a road which is part of the course close to the beginning of qualifying and race sessions as this can cause delays to road closures. Also be aware that parking regulations are strictly enforced during qualifying and race sessions to allow emergency service access to the course.
- The TT Festival attracts visitors from far and wide, many of whom may not be used to riding on the left hand side of the road. Please take extra care when approaching areas where their journey might start, for example campsites.
- You might be tempted to 'open up' your machine on long stretches of road, but for the safety of other road users please drive well within your capabilities and be mindful of your surroundings. Manx roads are often narrow and winding with limited forward visibility at junctions – expect the unexpected.
- Be aware that temporary speed limits will be introduced around the Island to help our roads cope with the increased volume of traffic, but primarily improve safety for all road users.
- A driving ban imposed by an Isle of Man Court is applicable in the UK as there is a reciprocal ban agreement in place – so a moment of madness could cost you dear in the long run.
- Consider your position when cornering to afford you the best view.
- In addition to the TT races, you will probably want to go out and enjoy the many attractions on offer all over the Island. Naturally you may fancy the odd beer or two, but if you are going to enjoy the local brew then please leave your bike where you are staying. Alternatively stick to a soft drink as:
Riding + Alcohol + Unfamiliar Roads = Injury and Misery
- Caution Sat Nav users should be aware that the Road Closures and the One Way System over the Mountain are not picked up by Sat Nav devices so always obey the signs.

Follow @iompolice for regular updates
visit our interactive channel @tweetbeatiom
or follow @iomrpu

Remember, where this sign is displayed it is prohibited to spectate in the area. This is for your own safety and the safety of the riders.

20	Ivan Lintin		1000 Kawasaki	Devitt RC Express Racing	Bardney

Congratulations to
Cici Reed, winner of the
2015 POKERSTARS
Spirit of the TT Award

Congratulations to
Harold Leece, winner of the
2015 POKERSTARS
Spirit of the TT Award

The **PokerStars** Spirit of the TT Award

recognises an outstanding achievement or selfless contribution to the event's success. PokerStars would like to congratulate eight year old fundraiser Cici Reed and ninety-one year old Harold Leece who were chosen as joint winners of the 2015 PokerStars Spirit of the TT Award. Harold and Cici are the award's oldest and youngest winners in its 6 year history.

Nominations for the 2016 PokerStars Spirit of the TT Award can be made via the TT facebook page or by emailing spirit@iomtt.com. Forms can also be downloaded from the PokerStars page in the Partners section of the iomtt.com website or by picking up a form at the Manx Radio TT studio at the TT Grandstand during TT fortnight.

Congratulations to *Cici Reed* and *Harold Leece*, joint winners of the

2016 TT Privateers Championship

The TT Privateers Championship enters its seventh year in 2016 and the competition is fiercer than ever with dozens of teams bidding to win the title that not only provides much needed media coverage and prestige, but a £1,500 cash bonus too. The second placed rider will be awarded a cheque for £500 and the third rider home will net £250.

The Championship is open to any team which does not have direct support from a manufacturer and each entry is judged by the race organisers on the ability and career-to-date of the rider, the bike that they are riding, and the operation, resources and structure of the team. Any rider who finished in the top 10 in any race at last year's TT is automatically ineligible, as is anyone who has previously won the championship. Points are awarded to the top 15 finishers in each solo race on a World Championship points scoring system (eg, 25 points for a win, 20 for second place, down to 1 point for 15th place) with the winning rider being the one who has totted up the most points by the end of race week.

Dan Cooper is the reigning TT Privateers Champion.

EBC BRAKES

www.ebcbrakes.com

Engineered to Perfection

Choose UK made Kevlar® Organic pads or new Vee pads for feel and control, or US made sintered copper alloy brakes that deliver massive braking power, improved wear life and reduced brake noise.

EBC sintered pads – powerful braking with stainless steel radiator plates to reduce heat and noise.

New long lasting semi-sintered Vee pads for heavier bikes and classics for sintered life and organic pad type feel.

Fully Floating Brake Discs

The patented EBC square drive button/rivet system ensures rotor blades can expand and cool and stay perfectly flat and straight during heavy braking - probably the only true floating disc system on the market today, giving you powerful, smooth brakes, without vibration.

British made discs using quality German mill rolled heat treated stainless rotor blades and lightweight alloy hub.

Available in Sport, Race and Vintage designs. New Vee discs (shown far LEFT) are available with optional hub colours as shown.

VMD Classic discs (shown left only) available with Black anodised hubs.

Check out all the hottest brake and clutch products at your EBC Dealer today from the world's number 1 brand - EBC Brakes.

Gear up with Oversize brake kits for street and off road, super lightweight and self cleaning to improve brake control and grab the holeshot with better drive from EBC Carbon Fibre Clutches.

With all brakes made in the UK or USA the quality is guaranteed.

KTM models can be supplied with Orange rotor hub and bracket

Film Showing: Forgotten Hero

Manx Museum, Douglas

30th May-13th June 11.00hrs daily

The captivating story of the Irish sportsman Stanley Woods, who was the world's first celebrity motorcycle racer to reach 10 TT wins. The film was recorded by his wife and friends and offers visitors of the museum a great insight into Stanley Woods' life.

Free - donations welcome.

www.manxnationalheritage.im

Stanley Woods 1939 TT Winning Velocette

Manx Museum, Douglas

For the duration of the TT.

The 350cc Velocette motorcycle, ridden to victory by Stanley Woods in the 1939 Junior TT, is now on display at Manx Museum in Douglas. The Irish motorcycle racer Woods was one of the biggest stars of the TT in the interwar years as he was the first rider to reach 10 TT wins. Woods' win at the politically charged 1939 TT was hugely significant, as it was the only one for British machinery that year and with his win he showed that British machinery could still triumph.

Free - donations welcome

TT bus services

Getting around this TT is easy with bus vannin

RACE SPECIALS: On race days we provide extra services to serve most of the TT Course both before and after the races.

Take the hassle out of travel...

Wherever you want to go, the extensive **bus vannin** network is a great hassle-free way to get about.

On Race Days take the TT3 to the Creg-ny-Baa or the TT6 around the TT course (not the Mountain Road) to get to your favourite vantage point or to go home after a great day of racing.

Hullad Oie Night Owl late night services daily from 1 June - 11 June 2016

Hullad Oie Night Owl late night bus services operate from Douglas and serve many towns and villages around the Island (additional premium fares apply). It's the sure and safe way of getting you home after a night of classic TT festivities. Additional buses operate during the TT period, details shown in the 2016 bus timetable.

Great value for money multi-journey Go travel cards

A wide range of money saving ticket options is available including multi-journey Go Explore cards for unlimited bus and rail travel for up to 7 days. There's sure to be a perfect travel card for you. Please check www.bus.im or call in at the **Welcome Centre** to find out what best suits your TT travel needs.

For further information or to download a timetable:
call 01624 662525 or visit www.bus.im
