## GENERAL INFORMATION

### START

The first competitors will start at 9.01am on Saturday and on Sunday. Riders will leave in pairs at one minute intervals.

### QUIET ZONES

Riders are requested to observe the following two quiet zones so as to cause the minimum of inconvenience to local residents.

Saturday - Gwernogle Village (between checks 2 & 3)

Sunday - Abergorlech Village (between start and check 1)

The locations will be shown on the maps of the route displayed in the caravan at the Start/Finish.

### RETIREMENTS AND BREAKDOWNS

If competitors break down and do not know where they are, stay with the bike until a travelling marshal, or other assistance arrives. If a competitor retires, but with the bike still rideable, he should continue to the next checkpoint and inform the marshals. However, if you manage to get to the finish please let one of the organisers know that you have arrived otherwise a rescue operation may be mounted. One competitor broke down during last years' Beacons Enduro and returned to Llandovery without telling the organisers. In fact it wasn't until 8pm that the organisers found out that he was safe.

### MACHINE EXAMINATION

Machine examination will be carried out on FRIDAY between 10am and 6.30pm at the Start/Finish area. It will include a strict noise test.

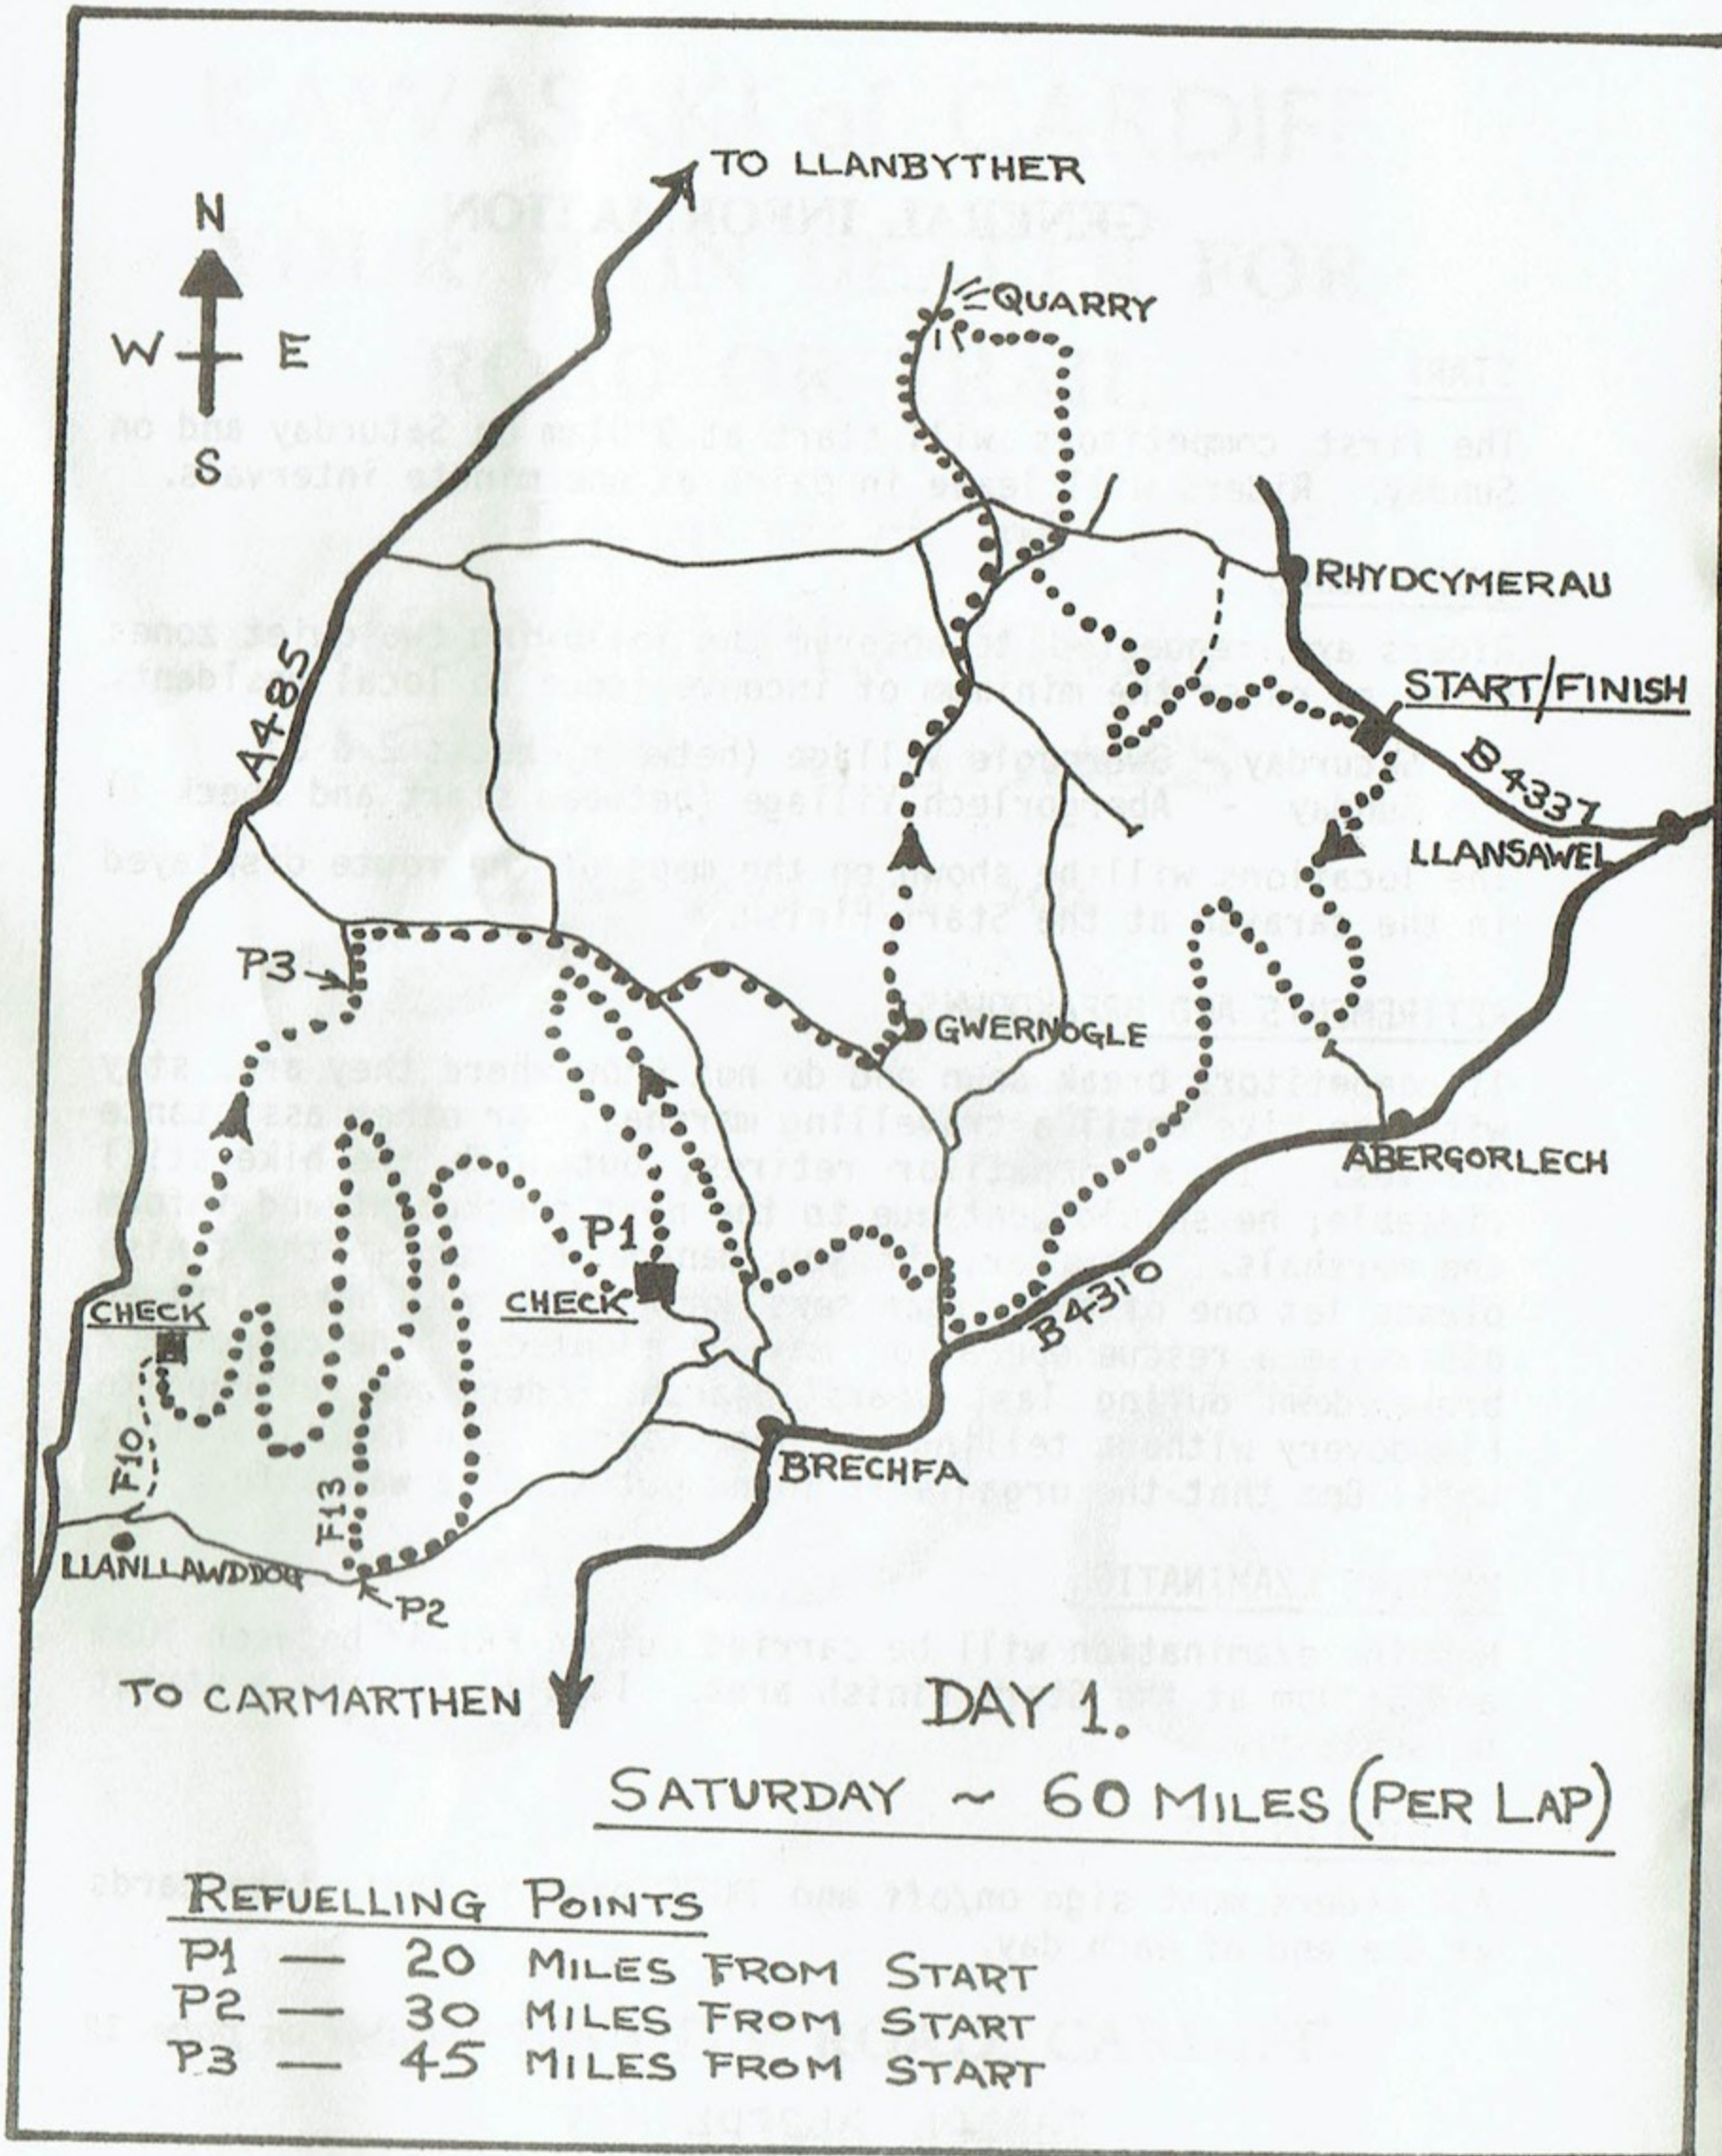

### SIGNING ON/OFF

All riders must sign on/off and MUST hand in their time cards at the end of each day.

## IMPORTANT

Support crews are requested to park without blocking roads or tracks which may be used as farm access. The location of refuelling points will be shown on maps displayed in the caravan at the start/finish area. There is to be no refuelling at any Time Checks other than those mentioned above.

## ADDITION TO SUPPLEMENTARY REGULATIONS

There will be a 300 point penalty for failure to have a complete lighting system fitted to the machine.

## ROUTE CHECKS

In order to reduce the number of marshals required to run this event it is proposed to operate a route check system using 'tokens' (one inch diameter discs engraved with each riders' number).

At the start of each lap every competitor will be given five tokens by the starter. Each route check will be marked by a blue flag placed 10 yards in advance of a yellow board on which a container (for the tokens) will be mounted. On arriving at each route check a competitor will be required to place ONE token (marked with his/her number) in the container. Any competitor not following these instructions will be excluded for not keeping to the route.

Please return any tokens not used due to retirement / breakdown etc. to the organisers, for use in future events.

The normal system of route checks may also be operated requiring the marshals' signature on the reverse of the Time Card.

## FIRST AID FACILITIES

First aid facilities and a doctor will be available at the start/finish during the day, so if you have an injury contact them first. The first aid service will be supplied by the Builth Wells division of the St. John's Ambulance Brigade.

## SPECTATORS - PLEASE NOTE

A tremendous amount of hard work and planning have gone into the organisation of this event by the Club officials, and in particular by the Clerk of the Course and the Secretary of the Meeting. Most of the event is run over land owned or managed by the Forestry Commission and any thoughtless acts by the spectators or support crews could jeopardise future events. You are requested therefore to follow the country code - by closing any gates that you may have opened, extinguishing all matches and cigarette ends, leaving no litter and driving with care on country lanes.

---

Derek Soden & Co. will be taking Photographs of all Competitors and these will be offered for sale at the finish. Extra copies can be obtained from Derek at:

21, Plas Treoda, Whitchurch, Cardiff.  
Tel. Cardiff 702546 and 65319.

#### REFRESHMENTS

Food and drinks will be available at the Start/Finish area.
