AND  
CASTROL LTD.

### WELCOME

On behalf of the Islwyn Motor Cycle Club may I welcome all the competitors, their families, and all visitors to our second National Trial in the Welsh Hillsides.

This years event is jointly sponsored by Castrol Ltd., as part of their club support scheme and by Jeff Smith of Cambrian Motor Cycles. Jeff, although competing in an enduro, fully intends to make it to the trial to present some of the trophies. Our special thanks must also go to the landowners, the Miles family and to the Islwyn Borough Council for their enlightened attitude towards organised motor cycle sport which makes us the envy of many other motor cycle clubs throughout the country. His Honour the Mayor has once again donated the trophies for the best Welsh Riders and will officially start the trial.

Perhaps the most difficult job, that of Clerk of the Course, has once again been entrusted to Mike Carey who has kept basically the same sections for the 'C' class but has shortened and eased the course set for the younger 'D' class riders. The same venue at Penrhiwdarren Farm offers a wide variety of sections including the famous (or perhaps infamous) Welsh Rocky Stream and the course should test all the skills required of a future British Champion.

However, our main hope is that the riders and their families will enjoy the trial, for to us in Islwyn "Enjoyment is the name of the game".

The Welsh Beggar,  
Islwyn Motor Cycle Club.
