## Exhaust Sound Level

The Clerk of the Course may exclude any machine which exceeds the maximum permitted sound level, or which in his opinion is deemed to be excessively noisy. Sound checks will be conducted by an official throughout the meeting.

## Unauthorised Riding

The riding of machines of any sort in the paddock and areas surrounding the circuit is totally forbidden. Because the event is on private property it does not place it outside the Road Traffic Act in terms of insurance. It cannot be stressed too strongly, that liability for a substantial claim could rest with the owners of the vehicle and the driver (or parents in the case of a minor) in the event of an accident.

## Course Length 1.8 Km

## MOTORSPORT CAN BE DANGEROUS

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

## THEY ARE CONCERNED WITH YOUR SAFETY

**Welcome to Canada Heights** for another round of the South East Centre Championship, Sidcup MCC hope you will have a great day here. Today we have 3 groups of Juniors boasting 45 in each, the electronic timing system sorts out the ability of the riders equally in every group and this as always gives little battles throughout the field, not to mention what's going on at the front. We have 35 Experts today and there will be a lot of interest to see if the young guns can stop 42 year old semi-retired ex- British Championship contender Mark Eastwood from taking another win!!! Look out for Fraser Wakeford, a back on form David Williams, Danny Arnold & Shaun Springer all in with a shout at taking an elusive Canada Heights win.

As you move around the picturesque venue to find some excellent vantage points, please remember to take your litter with you it keeps the venue clean & tidy and our environmental friends happy and saves the committee hours of work.

A quick date for your diary: October 6th here at the Heights, The Maxxis British Sidecar Championship, if you have never seen the "chairs" come and see how the most unstable vehicle ever designed copes with being flung round the track at ridiculous speeds!!! It has a full Solo support programme as well.

## Competition

## Mind

### Sharing the Secrets of Success

- Do you feel as though you could go faster, get better results, and enjoy your competition more but don't quite know where the answers are?
- Do you suffer with limiting beliefs about your ability? Or find yourself holding back and don't quite know why; you may feel intimidated by other riders or had an accident that has slowed you down.
- Is there a part of your competition that causes you difficulties and try as you might you can't get it right? Maybe you know your best is yet to come but feel you can't wait any longer for it all to fall into place.

**These are just some of the difficulties that can be easily overcome. Last year I helped riders from many different disciplines, MX1, MX2, Club motocross, International Enduro, Club Enduro, Trials and Speedway at every level.**

*A typical example is of a club Motocross rider who came to me because he was having some bad results. He was worried and intimidated by other riders, had also suffered accidents and bad starts, and found himself getting angry and frustrated. We spent five hours working together producing an immediate effect on his results and this year he is competing within a higher group.*

Most people think that this is all strange music and Hypnosis, it isn't. This is about basic thinking patterns, it's about understanding how we create our problems and thus limit how we think. It's the undoing of old habits and learning the same behaviour and ways of thinking of the successful riders. My work is conversational, educational, qualified and experienced, results always follow.
