Welcome to Canada Heights and Round 6 of the SEMX Championship Series. Today we also have a guest series the NGR's. This is a series devised by Nigel Read for the slightly more mature riders who want to race and enjoy themselves but now have responsibilities which includes going to work the next day to be able to pay the mortgage!. They race altogether in one race on modern bikes but are split into 3 age groups for their series points Over 30 : Over 40 and Over 50. Find out more from their website [www.ngrmotocross.com](http://www.ngrmotocross.com).

We had one or two riders say they felt the last meeting we ran in June on the Maxxis course was a bit too tough for them so today we have eased the jumps back a bit and we hope you will now find the track nicer to ride.

The SEMX Championships are now just over half way through the series with #72 Danny Arnold leading the Experts on 205 points followed by #1 David Williams on 174, # 311 Jamie Tempest on 155 and #41 Ryan Matthews on 146.

In the Junior Championship #887 Kevin Green is on 123 points followed by #74 Ryan Osborn on 116, #691 Aiden Wigger on 106 and #331 James Coker on 102. But both Kevin and Aiden have now moved up into the Expert class so no longer will be scoring points in the Junior Championships.

In the visiting series the NGR's #923 Adam Gordon leads the Over 30's on 671 followed by #64 Aaron Hopkinson on 657. In the Over 40's #125 Paul Hubbard leads on 613 points whilst Lee Keyton has 541 and lastly in the Over 50's #147 Steve Gilbey leads on 284 points whilst #77 John Smith has 280.

We wish everyone a safe and successful day's racing and look forward to seeing you again at our last meeting of the year on October 5th when we will be running a round of both the Sidecar and Quad British Championships with 2 groups of solo allcomers as supports.

## ADDITIONAL NOTICES

**Motorcycle Sport can be dangerous and children should be supervised by a responsible adult at all times.**

The Organisers, the A.C.U. and the Landowners, do not hold themselves responsible for loss or damage howsoever caused to vehicles or goods left in the Car Parks.

Spectators who bring dogs should keep them on a lead at all times, wandering animals can be dangerous. Suitable land for events is in short supply. The Club reminds all spectators and competitors to have consideration for the local population by driving carefully and quietly in the narrow roads leading to the course. Please do not leave paper or litter behind, it all has to be cleared up by tired voluntary helpers after the meeting.

## Crossing the Course

Under no circumstances should spectators cross the course whilst racing is in progress. At such points where it is permissible to cross the course, a marshal will indicate when it is safe to do so.

## Abandonment or Cancellation

The organisers reserve the right, subject to the approval of the Stewards of the Meeting, to cancel, postpone or abandon the competition if circumstances should arise which, in their opinion, render such action necessary.

# Competition Mind

## Sharing the Secrets of Success

- Do you feel as though you could go faster, get better results, and enjoy your competition more but don't quite know where the answers are?
- Do you suffer with limiting beliefs about your ability? Or find yourself holding back and don't quite know why; you may feel intimidated by other riders or had an accident that has slowed you down.
- Is there a part of your competition that causes you difficulties and try as you might you can't get it right? Maybe you know your best is yet to come but feel you can't wait any longer for it all to fall into place.

**These are just some of the difficulties that can be easily overcome. Last year I helped riders from many different disciplines, MX1, MX2, Club motocross, International Enduro, Club Enduro, Trials and Speedway at every level.**

*A typical example is of a club Motocross rider who came to me because he was having some bad results. He was worried and intimidated by other riders, had also suffered accidents and bad starts, and found himself getting angry and frustrated. We spent five hours working together producing an immediate effect on his results and this year he is competing within a higher group.*

Most people think that this is all strange music and Hypnosis, it isn't. This is about basic thinking patterns, it's about understanding how we create our problems and thus limit how we think. It's the undoing of old habits and learning the same behaviour and ways of thinking of the successful riders. My work is conversational, educational, qualified and experienced, results always follow.

## What you can expect?

**Amateurs - an increase in performance, results and consistency of around 75%**

**Top level riders - an increase in performance, results and consistency by 15-20%**
