WATLING TYRES

WELCOME TO this June MX. For out last event we put extra effort in to the track grading and preparation. From the feedback we have received it seems that this went down well with the majority of competitors. The small team of volunteers hope to maintain or even build on this and any constructive feedback is welcomed. Even better additional help from anyone interested would be welcomed with open arms. The Club has always endeavoured to present our venue in the best way and I can't stress enough the work it takes to do so. Of course a lot depends on the weather at the time and the recent inclement spell has on occasion interrupted preparation for this meeting. However, at the time of writing this the forecast for the weekend is sunny and warm and I hope that all enjoy a great day's racing.

At this meeting we again welcome the EVO riders competing in a round of the Dave Thorpe Series as guests. I hope that they enjoy racing on our circuit and the rest of us see these older bikes being truly put through their paces with some close racing.

Colin Bushell
Clerk of the Course

ADDITIONAL NOTICES

Motorcycle Sport can be dangerous and children should be supervised by a responsible adult at all times.

The Organisers, the A.C.U. and the Landowners, do not hold themselves responsible for loss or damage howsoever caused to vehicles or goods left in the Car Parks.

Spectators who bring dogs should keep them on a lead at all times, wandering animals can be dangerous. Suitable land for events is in short supply. The Club reminds all spectators and competitors to have consideration for the local population by driving carefully and quietly in the narrow roads leading to the course. Please do not leave paper or litter behind, it all has to be cleared up by tired voluntary helpers after the meeting.

Crossing the Course

Under no circumstances should spectators cross the course whilst racing is in progress. At such points where it is permissible to cross the course, a marshal will indicate when it is safe to do so.

Abandonment or Cancellation

Unauthorised Riding

The riding of machines of any sort in the paddock and areas surrounding the circuit is totally forbidden. Because the event is on private property it does not place it outside the Road Traffic Act in terms of insurance. It cannot be stressed too strongly, that liability for a substantial claim could rest with the owners of the vehicle and the driver (or parents in the case of a minor) in the event of an accident.

Competition

Mind

Sharing the Secrets of Success

- Do you feel as though you could go faster, get better results, and enjoy your competition more but don't quite know where the answers are?
- Do you suffer with limiting beliefs about your ability? Or find yourself holding back and don't quite know why; you may feel intimidated by other riders or had an accident that has slowed you down.
- Is there a part of your competition that causes you difficulties and try as you might you can't get it right? Maybe you know your best is yet to come but feel you can't wait any longer for it all to fall into place.

These are just some of the difficulties that can be easily overcome. Last year I helped riders from many different disciplines, MX1, MX2, Club motocross, International Enduro, Club Enduro, Trials and Speedway at every level.

A typical example is of a club Motocross rider who came to me because he was having some bad results. He was worried and intimidated by other riders, had also suffered accidents and bad starts, and found himself getting angry and frustrated. We spent five hours working together producing an immediate effect on his results and this year he is competing within a higher group.

Most people think that this is all strange music and Hypnosis, it isn't. This is about basic thinking patterns, it's about understanding how we create our problems and thus limit how we think. It's the undoing of old habits and learning the same behaviour and ways of thinking of the successful riders. My work is conversational, educational, qualified and experienced, results always follow.

What you can expect?

Amateurs - an increase in performance, results and consistency of around 75%

Top level riders - an increase in performance, results and consistency by 15-20%
