**THE 'KEN HALL' INTERNATIONAL MOTO CROSS**

Phew! After eight months work and worry, the day is here, and so are you!

On behalf of the Waterloo Motor Cycle Club, I would like to welcome you here today, hoping that our varied fare of Moto Cross, will be as exciting as ever.

This year, both solo and sidecar are full international; with Hansi Bachtold and Fritz Fuss, double world champions, trying to lift the coveted Ken Hall Sidecar Trophy, which a broken chain denied them last year.

On the solo side, we welcome back from Holland, the only foreigner to win the Ken Hall, 1986 G.P. contender, Gerrard Rond, K.T.M., also the only rider to ever win G.P.'s in 125, 250 and 500 classes, Kees Van Der Ven K.T.M.

From Sweden, for his first appearance here, the iron man of Moto Cross 1979 250 world champion and 1983 500 world champion, Hakan Calqvist.

American G.P. brothers Phil and Mike Larson will thrill all with their spectacular stadium style riding.

British Gran Prix contenders, Laurence Spence, Mervyn Anstie and Stuart Coyle, will all be backing up our own 1985 and by this date, we all hope, 1986 world champion Dave Thorpe, Honda.

Traditionally this meeting gives a chance to many young riders to pit their skills against the champions. One name to watch is the sensational 17 year old, Robert Herring.

To add spice to the event, Pitter Commercials Ltd., have put up an excellent trophy for the best one make team, who will it be? Has Dave Thorpe got enough back up, or will it be, K.T.M., Kawasaki, Maico or Yamaha?

Local up and coming stars are catered for in the support races, sponsored once again by Don Schmidt Motor Cycles, and Motts Motor Cycles of Basingstoke. Rock Oil is providing trophies for the schoolboys, in which tomorrow's champions are blossoming.

Having given you the best of two and three wheeled Moto Cross, we are proud to host the first round of the (4 wheeled) Quad Racers Championship.

Finally I would ask you, riders and spectators, to please, keep all dogs on leads, be responsible for your rubbish, keep behind fences and ropes and have an enjoyable day.

**ROY COLLINS**  
Racing Manager

We would like to thank the advertisers in this programme for their support and all the volunteers who have made this meeting possible.

## RESEARCH

## DEVELOPMENT

Dave Thorpe, World and British 500cc Motocross Champion.

**CR500R.** Our mighty CR500R punches out a stunning 61PS. It is the most advanced, highly equipped Motocrosser in the range. Already a winner, the improvements to engine and suspension for 1986 make it even better.

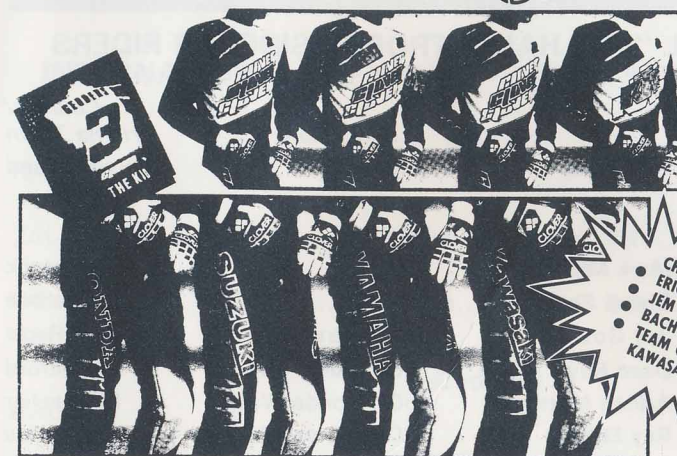

**CR250R.** Now our mighty CR250R features the revolutionary new Honda Power Port system. This has allowed us to redesign completely the engine's power characteristics and boost power output to an amazing 48.5PS. RC works type forks are featured for the first time on a production machine. The CR250R is the one to take you right to the top.

**CR125R.** The CR125R is 33.5PS of race-bred stamina and strength. This year's model has had engine weight pared and the 43mm front forks now have Honda's exclusive Travel Control Valve mechanism. So get on top of the competition with Honda's stunning CR125R.
