Presidents message

Once again I welcome you to Langrish. Just over two months ago, the running of Ken Hall seemed impossible. We thank the Lambert family for taking a chance and giving us the 'go ahead'. Although the 'foot and mouth' has left us with many restrictions, here we are to enjoy an excellent weekend of racing. For some, unfortunately this means two days of hard work, with no other 'reward', than to see their endeavours cumulating in a large gathering of spectators and riders having a good time. Many helpers at events like ours do not have a chance to see much racing, and our thanks go to these. These include the Waterlooville Flight of the ATC for their car parking and the entrance gate staff. On a personal side, I am sorry we had to say 'No Dogs' this year; even I have fallen foul of this restriction, my wife having to stay at home with ours.

Without the assistance of members of other clubs and the stalwart work of the support riders erecting the course, meetings like this would fall by the wayside. Not only do I thank them, but also all the long suffering wives and girlfriends, who saw them disappearing three times a week. Yes, they did come and work!

Have a trouble free journey home and I hope to see you all in 2002.

Ray Thompson, WMCC President

TREVOR POPE RACING

KTM

in Hampshire

**ORDERS TAKEN
NOW FOR 2002
MODELS.
DONT BE
DISAPPOINTED**

SX50 a new range of mini bikes for 2002 powered this year by Beta engines, scaled down adult plastics, new forks and upgraded rear shock. SX65 this bike has made good head way in to the sea of green and with styling and performance mods for 2002 it will be the bike to beat in this very competitive class. SX125 Jamie Dobb's doing all the advertising we need for this bike. SX250/380 updated for 2002 with the 48mm usd white powers as used in whole SX range. SX400/520 lots of fine tuning on the bike that re-invented the four stroke. EXC models enduro models available in 125 to 380cc two stroke including the fantastic 200GS autolube and now with the introduction of the long awaited 250 four stroke EXC there are three capacities of four stroke all with electric start.

Two years ago TREVOR POPE RACING announced in this very program that they had taken on the KTM franchise. Some thought we had lost it, others nodded knowingly, some were down right enthusiastic. So whats happened in the last two years? Nothing much except for a few motocross and enduro world championships, a major presence in all aspects of off road motorcycling and despite foot and mouth nearly two hundred KTM's sold locally. Not bad for a brand that was considered no threat by the Japanese. Soon the 2002 models will be arriving, some updated, some totally new like the 50cc auto and the SX65 but for sure the biggest line up of top quality off road machines available from one manufacturer. Add to this the LC4 range of big trailies, supermoto and desert bikes and you can see there is something for every one.
