Motor Cycle

THE COMPLETE MAGAZINE

THURSDAY 1s.

the best things on two wheels

DUNLOP tyres make the best of both wheels. DUNLOP'S endless research into construction, composition and tread design produces the safest, most comfortable tyres on two wheels, with safer cornering, surer steering, more responsive braking and miles longer wear. That's why they are fitted as standard equipment by the majority of British motor cycle manufacturers. And why you, too, should always ask for Dunlop.

DUNLOP

. . all built with Road-Hug Rubber for TOP SAFETY TOP MILEAGE

The superb all-purpose tyre with road-hug rubber for exceptional wet grip, safe cornering, braking and acceleration.

DUNLOP K70

The perfect front-wheel partner for K70, patterned for low rolling resistance and positive steering.

RIBBED

Deep cut pattern for grip plus long life. Suitable for all three wheels of combination outfits.

The Redditch and Stratford on Avon Clubs wish to record their sincere thanks to the owner of Larkstoke for his kind permission to run this Motor Cycle Scramble on his land and for his valuable help in the arrangements.

The Clubs also wish to thank you the Spectators for supporting this event by your attendance here today, and sincerely hope you will enjoy a good afternoon's racing from the excellent entry contained in this programme.

Two of last year's winners are here today No. 19 Alan Clough riding his 250 c.c. Greeves who will be trying hard to keep his title from going to his team mate Dave Bickers, or Bryan Goss, and of course in the Sidecar class Roy Price with his brother as passenger will be trying hard to keep their name on the Watsonian Trophy for 1965.

Would you therefore kindly play your small part in taking your litter etc. home with you and refrain from damaging the surrounding growing crops, also please do not leave metal bottle tops lying in the grass—the cattle much prefer to eat the grass.

Thank you.

LEAD THE FIELD WITH HEPOLITE

At this meeting the quality of Hepolite products is being proved to you — as it has been over and over again in events throughout the world. Put your confidence in Hepolite pistons, pins, rings and liners and get the very best performance your engine can give.
