Message from the Chairman

Hello again - I hope the format for the Three Day Event pleases you. By courtesy of the Rhayader Club the third day will lead to the permanent motorcross circuit just outside Rhayader, where spectators will have an opportunity to see spectacular action, when riders will be graded into groups and will race against the clock as a final test.

Elwyn Price, our Clerk of the Course, has been out with his helpers checking the course and negotiating with land owners for several months but, this years event nearly didn't take place due to the committee needing to get written permission from all commoners with rights to a particular common - not just the graziers who graze it. We may have lost a ride over the Beacon Hill this year, but Andy Robertson

has included an extra seven miles in Radnor Forest so, riders - you won't lose out!

I am hopeful that we may have the prize presentation under control this year with a return to the Pavillion, a proper speaker system installed, extra bars and a professional commentator for the final event and presentation.

May I thank fellow committee members for yet another year of hard work - you have been as enthusiastic as ever, and may I thank you for putting up with my "whinges" during the period of my divorce. I'm not so sure though about those who encouraged me to ride a sidecar outfit in the event for a change!

Riders, Spectators and Officials - Please enjoy yourselves.

The Welsh is a bit special - Long may it continue!

Mike Davies

Welsh 3-Day 2000 Millennium

DANGER

- * 90% of the course has no vehicular right of way, therefore anyone not competing or marshalling has no right to be more than 15 feet off a highway. So **DO NOT** use the route as a right of way.
- * All Forestry Commission ground is private property and rights of way through them are few and far between, so you cannot use such areas as playgrounds and practice areas.
- * Because there are large areas of unfenced land in the area this does not mean that it is not private property, so, again use is restricted.
- * The danger of the above facts is that, by using the above to ride or drive indiscriminately over, you are breaking the law and upsetting many people.
As a result, land access for events is getting harder and any Trail Riders using rights of way are being tarred with the same brush. Unauthorised practice is the best form of cutting your own throat. Whether you live in the area or travel to these venues, it is illegal and you will be caught eventually, no mercy will be shown. Heed this paragraph, your children may wish to enjoy the Countryside and the great motorcycle events in it!

SPECTATOR DO'S AND DON'T'S

- DO**
- Park Sensibly
 - Obey marshalls
 - Keep well back from the track
 - Keep children and pets under control
 - Close any gates you open
- DON'T**
- Leave litter
 - Damage property
 - Stand in dangerous places
 - Smoke at petrol checks or in forestry areas
 - Block roads and entrances with vehicles
 - Ride or drive against competitors

CAN YOU HELP?

As you probably realise, an event as large as this requires as much help as we can get. If you are free over the days of the trial I am sure we can give you a job from watching a gate, back marking, collecting the route markers after the event or helping at a time check, any help would be appreciated.

Marshalls will allocate you a job on Wednesday, either during the afternoon at the Lakeside or 8pm onwards in the Metropole.

We look forward to seeing you!

ELWYN PRICE Tel: 01597 840 211

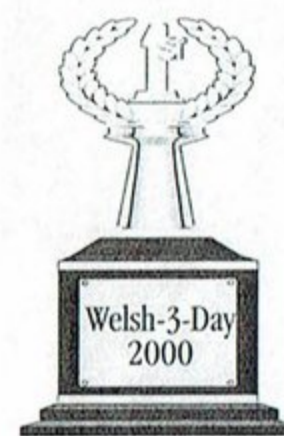

The Forestry Commission

Each year the Forestry Commission spend many man hours helping organisers to run successful events in their woods. Organisers are in debt to the Commission for this help and support given to them when pressure for other forest uses is so great. It is to be remembered that without the Forestry Commission very few Enduro's would run. Our great thanks to them.

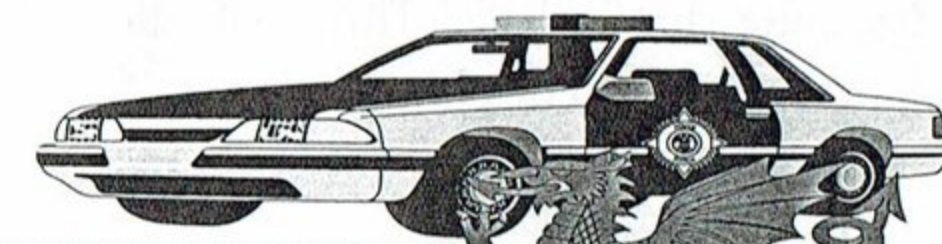

Prize Presentation

The major prizes will be presented in the Pavillion at approximately 8pm on Saturday 17th June 2000.

Police Advice

Experience has unfortunately shown that, when spectator's vehicles are left unattended, a lot of property is stolen. Make sure that you are not the unfortunate one whilst in this area by **locking up all your valuables in the boot of your car** and motorcyclists, **take your valuables with you!**

OFFICE MEMO

The Committee would like to offer its thanks to all landowners, the Police Authority, the Forestry Commission, Powys County Council and St John's Ambulance Service.

Thanks also to the many marshalls and volunteers who give their time to help at checks, opening and closing course stages etc, without whose help the event could not take place.

If there are any experienced Enduro riders, either retired or who have been unsuccessful with their entries, who would like to help as course opening and closing marshalls, please contact:
